# Proposed UNP Project

- \$500+ private investment, bringing new residents and visitors to Norman;
- New-to-market living options, helping to attract and retain young professionals;
- Non-retail investment and job growth, helping to attract and retain young professionals;
- Immediate relief to the City's general fund with capacity to far exceed the short-term impact of ending the existing Increment District;
- Significant returns to affected taxing jurisdictions;
- Direct incremental revenues to Norman Public Schools, significantly enhancing the overall financial picture of the schools and providing very strong support for public education;
- Completion of original project goals and objectives;
- Increased revenues and securing of land for key Norman Forward projects, including the senior center; and
- No new taxes are being imposed; rather, the increase in revenues generated by the new investment is specified to pay authorized project costs.
