MISCELLANEOUS DISCUSSION

Highway 9. Mr. Evan Dunn, 1014 Missouri Street, said the speed limit signs on East Highway 9 change at each mile intersection which can be confusing to drivers and suggested that the language be changed to make this more easily understood.

Mr. Bobby Stevens, Post Office Box 6226, thanked Councilmember Kovach for requesting increased police patrol on Highway 9 on the east side. He said he had also seen more Cleveland County and Lake Patrol vehicles and their presence is appreciated. He said this two-lane road handles quite a bit of high volume traffic traveling at 60-65 miles per hour and having no right turn lane increases the danger. He thanked Mr. Shawn O'Leary, Director of Public Works, for providing information about the meeting held in 1999 at CrossPointe Church about the dangers of Highway 9. He suggested using some of the State funding for the improvements between 36th Avenue and N.E. and 72nd Avenue N.E. for additional stoplights at some of the intersections along Highway 9.

Councilmember Kovach said Council had been provided an update by Mr. O'Leary about the Highway 9 Project and what new areas are actually being funded and he hoped this would be shared with the public soon. He said Council had a very productive meeting with Norman's Legislative Delegation about some of the Highway 9 issues and he appreciated all Councilmembers who had attended.

\*

Water Issues. Ms. Jayne Crumpley, 423 Elm Avenue, expressed concerns about current water resources with respect to approval of plats containing multi-housing structures. She said Councilmember Jungman had suggested all new plats coming forward should also include a water use plan. She knew this would probably increase the costs for developers but it was something worth looking at.

Miscellaneous Discussion, continued:

Water Issues, continued.

Ms. Cindy Rogers, 633 Reed Avenue, said running out of water was actually a policy discussion for the Land Use Plan. She said if the City builds selectively, then the water will not run out as quickly. She suggested educating the public about rain barrels and conservation and raising water fees.

Mr. Chris Applegate, 622 North Jones Street, Apartment 2, said the City of Norman could revisit their water conservation plans and the stages. He said last year had been the hottest year on record for the United States.

Councilmember Lockett said the limited amount of water that the City gets in the future had been discussed quite a bit this evening. She said the City will be putting out information about how individuals can conserve water and there are also a number of publications on how to do this. She said it is important for each of us to know when to turn off the water and urged citizens to conserve water for the future.

Councilmember Kovach said the Oversight Committee will be meeting Wednesday, January 9, 2013, at 5:30 p.m. in the City Hall conference room to discuss water conservation.

\*

New Lighting on Main Street. Mr. Stephen Tyler Holman, 1030 South College Avenue, said the new lighting on Main Street was very nice but he noticed that the light poles are placed in the middle of the sidewalk in many areas. He expressed concerns about accessibility issues.

Mr. Chris Applegate, 622 North Jones Street, Apartment 2, said he had notified Mr. Shawn O'Leary, Director of Public Works, to address this issue to make sure the sidewalks were Americans with Disabilities Act (ADA) compliant and there were a few light poles that were not, but the problem is being addressed.

Mr. Steve Lewis, City Manager, said there have been some questions about when the new lighting on Main Street will be completed. He said the work is substantially complete and OG&E is in the process of activating the system.

\*

Strategic Water Supply Plan Meeting. Mr. Stephen Tyler Holman, 1030 South College Avenue, announced that the Strategic Water Supply Plan Committee would be meeting Thursday, January 10th at 12:00 p.m. at City Hall. He said it is a public meeting and encouraged citizens to attend.

\*

City Council Meeting Decorum. Mr. Stephen Ellis, 633 Reed Avenue, said some of the discussion from the audience was bordering on violating the decorum rules. He requested Council hold people to a certain standard about what sorts of arguments should be heard. He said comments should be limited to public policy.

Councilmember Williams said he likes public debates and enjoyed spending time at the City Council meetings. He thanked everyone for coming to the meeting because it had been a productive meeting. He enjoyed agreeing to disagree with people and said that is all part of working together. He said he felt the need to stand up for a few people in his ward who are builders and developers because those men care about the welfare of this City and the community and donate quite a bit to non-profits and homeless shelters every year.

Councilmember Spaulding said he also enjoys being on Council. He said although he speaks up when Councilmember Jungman says something he does not agree with, it is important to note that he agrees with many things that Councilmember Jungman says. He said he also appreciates all his colleagues because he knows everyone puts in a lot of work and effort. He knows it seems like organized chaos but things really do get accomplished. He assured citizens that Council is doing the best they can for the City. He said he appreciated citizens' support and God Bless Norman.

Councilmember Jungman echoed the comments of Councilmember Williams and Spaulding. He thanked citizens for being there because it would not be the same without their attendance.

Councilmember Castleberry said sometimes it looks like Councilmembers do not get along but he really enjoys the banter. He said he enjoys the mutual respect they have for each other.

Miscellaneous Discussion, continued:

City Council Meeting Decorum, continued.

Councilmember Kovach said there may have been a big disagreement but they all learned from one another. He said the compromise decided on was a much better product.

\*

Item 20, Contract with HDR Engineering. Ms Ann Gallagher, 1522 East Boyd Street, said she was glad Item 20 was taken off of the consent docket.

Mr. Chris Applegate, 622 North Jones Street, Apartment 2, asked if Council will have to vote again on a revised contract.

Mr. Jeff Bryant, City Attorney, said Staff will negotiate with the contractor for an amendment which will come back to Council.

\*

Lighting Ordinance. Mr. Chris Applegate, 622 North Jones Street, Apartment 2, said because the lighting ordinance had been implemented, the new convenience stores had lighting that had resulted in no glare which helped drivers see better at night. He said the lighting ordinance should be expanded to the residential sections of town.

\*

High Density Process. Councilmember Jungman said it may seem to some that the high-density process is going slowly but it is important to be clear on what has been accomplished. He said there was no policy to begin with in April, 2012 and the process began in response to several development proposals. He said throughout the summer five dialogues with the community were completed with a report prepared that outlined the results. He said three drafts of the ordinance have been reviewed and revised. He said there has been much progress considering all of this was done in 60-minute meetings. He commended Ms. Susan Connors, Director of Planning and Community Development, and her staff. He said he looked forward to the next discussion at the January 28th Community Planning and Transportation meeting.

\*

Curbside Recycling. Mr. Steve Lewis, City Manager, said proposals for curbside recycling will be received on Thursday, January 10th and he will provide the information to Council as soon as possible.

\*

Downtown Parking Lot. Mr. Steve Lewis, City Manager, said there have been shipping and delivery problems on the equipment creating some delay on the Downtown Parking System to be installed in the parking lot. He said it is hoped that the parking lot will be operational by January 21st.

\*

Expansion of the Dog Park. Mr. Steve Lewis, City Manager, thanked the Parks and Recreation Department for taking on a new project in terms of the expansion of the dog park at Griffin Park that contains approximately 3/4 acres. He said City crews are installing fence to expand the size of the park and this project should be completed soon.

\*

Martin Luther King Day. Mayor Rosenthal said Monday, January 21st, is Martin Luther King Day and we will be celebrating our fifth annual Mayor's Interfaith Breakfast hosted with the Human Rights Commission which honors the life and work of Dr. Martin Luther King. She said this event has grown over the years and this year it will be held at McFarlin Methodist Church with the doors opening at 7:30 a.m. and the program beginning at 8:00 a.m. She said this is an opportunity for different faith traditions to come together to share values shared by the community. She said this year's speaker will be from Progressive Independence and she acknowledged that Councilmember Williams is one of the ministers offering a prayer during the event. She said it is open to the public and asked those wish to attend to call City Hall and RSVP to allow for a head count.
