MISCELLANEOUS DISCUSSION

Council Chambers Audio/Visual Project. Mr. Roger Gallagher, 1522 East Boyd, said City meetings aired on Channel 20 are hard to hear and the audience could not follow the conversation. He said the City spent a lot of money on a new audio/visual system and the visual is very striking and impressive, but the audio needs work. He said a public meeting on the Strategic Water Supply Plan (SWSP) was held in the Council Chambers and he heard many complaints after the meeting that public comments could not be heard because there were no microphones. He asked if this was an oversight because the City does have a wireless microphone and has used it in the past.

Ms. Brenda Hall, City Clerk, said not having the cordless microphone available was an oversight. She said the new cordless microphones have not been programmed yet so they could not be used for the public meeting. She said it was her understanding that the public questions would be repeated at the podium so the television audience would hear each question. She said the audio/visual company is still working on the system and have adjusted the microphones in the Study Session room to increase that level of audio. She said the City is working on tweaking the system as the process goes on and clarity is different when testing internally compared to listening live on Channel 20. She said she appreciates the public's patience as the City works through the process of gaining a quality system.

*

Policy on Dead Animals: Mr. Bobby Stevens, Post Office Box 6226, said he was upset this past week due to a dead animal on the side of the road on East Highway 9. He has discussed this with Council before and the problem is not going away. He said the Police Chief explained the City's policy on dead animals, but the policy is flawed. He said Animal Control should pick up dead animals the same day it is called to their attention whether it is after hours or not. He would like to discuss the policy publicly and wants it placed on an agenda.

Councilmember Miller thanked Mr. Stevens for his attention on City matters and said she would make sure the policy concerning dead animals is placed on an Oversight Committee agenda for discussion.

*

Emergency Route on Highway 9. Mr. Bobby Stevens, Post Office Box 6226, thanked Councilmember Holman for driving Highway 9 to review the route for emergency vehicles. He said this is a public safety issue and would like three Councilmembers to use the Rule of Three to put this discussion on an agenda to discuss it publicly. He felt that public comments are being shut down at Council meetings.

Councilmember Holman would like to see some type of resolution to this issue. He said Highway 9 is being widened and there are issues of the highway being closed due to an accident. He said streets in the rural area do not connect and people not familiar with Norman can easily get lost.

*

City Budget. Mr. Bobby Stevens, Post Office Box 6226, thanked Councilmember Castleberry for his concerns regarding the City budget.

Councilmember Holman said Council voted on the FYE 2015 Budget tonight and only a handful of citizens attended. He said Council would like to see more people attend City meetings and asked those citizens that attended to encourage friends and neighbors to attend meetings.

Councilmember Griffith hopes the public appreciates the angst Councilmembers go through in deciding how the City will spend its money. He said it is very challenging and stressful.

Councilmember Castleberry said adopting the budget is the one meeting of the year that he cares the most about. He said this is the second year in a row that the Council has passed a budget where expenditures exceed revenues with five votes. He said the budget needs to be passed with nine votes and hopes that next year the Council can work together and all Council be on board for that meeting.

Councilmember Williams thanked Staff for the work on the preparation of the budget.

Miscellaneous Discussion, continued:

City Budget, continued. Councilmember Heiple said citizens do not always understand Council decisions on the budget because it is complicated and said if citizens have questions on the budget to please call their Councilmember or Finance Department.

*

City Agenda. Councilmember Holman said the City of Edmond has miscellaneous discussion during their meetings and after that they have an item called, "New Business." He said things not on the agenda can be discussed during this time. He did not know if this type of item could address the issues Mr. Bobby Stevens has brought up in tonight's meeting, but would like to look into that.

*

Street Department. Councilmember Griffith said he called the Street Department to report a large piece of equipment blocking a lane of traffic on Wildwood Lane and learned due to favorable bids, Wildwood Lane and Northeast 9th Street are being resurfaced and thanked the Street Department Staff for their efforts in scheduling the repairs.

*

Rule of Three. Councilmember Castleberry said Item 6, an ordinance on First Reading, was placed on the agenda by the Rule of Three. He said the ordinance will require the City to balance its budget on an annual basis if the balance is below the 3% operating reserve. He encouraged citizens to contact their Councilmember to let them know whether they support a balanced budget as well as attend the meeting and give their input. He said the item will be discussed at the next Finance Committee meeting and Council will vote on the item in two weeks. He said the City has a lean budget and Staff does an excellent job with working within the budget.

*

Public Meetings. Mayor Rosenthal said on June 17, 2014, at 6:00 p.m., there will be a Charter Review Commission public meeting in the Council Chambers to hear the recommendations of the Commission.

A public meeting regarding a Stormwater Utility fee will be held on June 19, 2014, at 6:00 p.m. in the Council Chambers.

CITY MANAGER'S REPORT

Capital Improvement Projects. The Little Axe Community Center Concession and Restroom Building Renovation Project is a \$150,000 project, which is underway. This project will include a larger concession area with commercial appliances, larger bathrooms, and small office area.

The Imhoff Road Reconstruction Project, a project of the University of Oklahoma, will widen Imhoff Road to four lanes and includes a ten foot sidewalk on the north side, a five foot sidewalk on the south side, and center median.

Construction continues on Legacy Park in the University North Park Tax Increment Finance (UNPTIF) District. Portions of the amphitheater stage footing and preparations for the pond are underway.

On June 11, 2014, from 6:00 p.m. to 8:00 p.m. at the Moore Public Library, the Oklahoma Department of Transportation (ODOT) will be hosting a series of meetings encouraging people to participate in the ODOT Long Range Transportation Plan.
