Norman, OK 73069

To Whom It May Concern:

Please accept this letter as a formal request by Norman Public Schools (NPS) and Norman North High School (NNHS) to remove the bridge located on the east side of the school's parking lot. The bridge was originally installed in the 1970's as a city/school collaboration project for easy access to what was then Longfellow Middle School.

Currently, the bridge provides no access to NNHS due to a fence that extends (north to south) along the entire east side of the school's property. This lack of access has created a safety and supervision issue for the school due to individuals attempting to scale the fence daily; not to mention the nuisance created for nearby residents by students gathering around the bridge. The district does provide bus transportation to NNHS, as needed, for families in that housing community so.

If any other information or action is needed by NPS please do not hesitate to contact me.

Respectfully,

Nick Migliorino, Ph.D.  
Assistant Superintendent of Administrative Services and CTO

Cc:  
Dr. Joe Siano, NPS Superintendent  
Dr. Peter Liesenfeld, Principal NNHS
