Re: Authorized Rockwell Automation/Allen Bradley Distributor

Rexel is the Authorized Distributor for Rockwell Automation and Allen Bradley products for APR 155 and APR 092. These Areas of Primary Responsibility (APR) make up nearly all of Oklahoma and includes all of southwestern Oklahoma. As the Authorized Distributor for these APRs, we are the only Authorized Distributor for Rockwell Automation and Allen Bradley parts in your area and we are assigned with selling, servicing and supporting the customers in these areas.

If your company or agency is interested in entering into a purchasing contract with Rexel to formalize our relationship, please have the appropriate person contact me at my email address or phone number above.

Regards,

Don Novak

Industrial Sales Manager
