### Text of Legislative File RPT-1516-18

Body

**BACKGROUND:** Norman's Charter requires that the Reapportionment Commission meet annually to review population estimates, and make a recommendation to the City Council whether to begin the process of adjusting Norman's ward boundaries.

**DISCUSSION:** At their required meeting on July 13, 2015, the Reapportionment Commission did not have a quorum present. Another meeting was scheduled on September 1, 2015, and again there was no quorum present. At a meeting on September 17, 2015, there was a quorum and the Reapportionment Commission convened and elected officers. After reviewing population estimates prepared by staff, the Commission recommended that no changes be made to the Ward boundaries because the population figures are appropriate as they currently stand. A copy of the minutes of the meeting is attached.

**RECOMMENDATION:** By unanimous vote, the Reapportionment Commission recommends that no reapportionment of the City's Ward system take place this year.
