10-31-19	Claims Management Resources (CMR) for OG&E	Claim for damages allegedly caused by a City crew to an aerial cable located at 901 East Brooks on September 19, 2019.	undetermined

BUSINESS AND COMMUNITY AFFAIRS COMMITTEE

A City Council Business and Community Affairs Committee meeting was held on October 3, 2019 to discuss the Norman Flag Project.

COMMUNITY PLANNING AND TRANSPORTATION COMMITTEE

A City Council Community Planning and Transportation Committee meeting was held on October 24, 2019, to discuss the public transit fares for September and parking regulations.

FINANCE COMMITTEE

A City Council Finance Committee meeting was held on October 17, 2019, to discuss the City fee structure and revenue manual, possible amendment to the Code of Ordinances related to City Council's approval of purchases, revenue/expenditure reports, and report on open positions.

Monthly Progress Report October 2019 Page 4

OVERSIGHT COMMITTEE

A City Council Oversight Committee meeting was held on October 10, 2019, to discuss Boards, Commissions and Committees and continued discussion on E-Scooters.

STUDY SESSION

A City Council Study Session was held on October 15, 2019, to discuss the City of Norman Development Review Improvements and the development agreement for the University North Park TIF District pursuant to the amended and restated Norman University North Park Project Plan dated as of June 30, 2019.

SPECIAL SESSION

A City Council Special Session was held on October 1, 2019, to discuss pending litigation associated with Golden Tribe, L.L.C., vs. City of Norman, Fleske Holding Company, L.L.C., vs. City of Norman, and Rodgers vs. City of Norman.

A City Council Special Session was held on October 29, 2019, to continue discussion regarding the Norman Regional Health System Inspire Health Program.

MONTHLY REPORT - OCTOBER 2019

NORMAN FORWARD

DATE: November 1, 2019

PROJECT: NORMAN FORWARD

PROJECT NO: 16-003

REPORT PERIOD: October 1 through October 31, 2019

WORK THIS MONTH

- 1. Tuesday, October 1, 2019 | 8:30 a.m. | Indoor Multi-Sport Budget Discussion
- 2. Tuesday, October 1, 2019 | 9:00 a.m. | Central Library Custodial Walk
- 3. Tuesday, October 1, 2019 | 10:00 a.m. | Central Library Furnishings Update
 - a. Weekly discussion of FFE delivery and installation schedules, receiving strategies, and critical issues
- 4. Tuesday, October 1, 2019 | 11:00 a.m. | Central Library OAC
 - a. Weekly discussion of project schedules, budgets, and critical issues
- 5. Thursday, October 3, 2019 | 9:00 a.m. | Central Library Grand Opening Meeting
- 6. Monday, October 7, 2019 | 10:30 a.m. | Weekly Program Manager Meeting
 - a. Weekly discussion of project schedules, budgets, and critical issues
- 7. Monday, October 7, 2019 | 1:00 p.m. | Central Library Meeting with Tom Haller
 - a. Update City on status of Central Library Project
- 8. Monday, October 7, 2019 | 1:30 p.m. | Central Library Electrical Box Conflict Meeting
- 9. Tuesday, October 8, 2019 | 11:00 a.m. | Central Library OAC
 - a. Weekly discussion of project schedules, budgets, and critical issues
- 10. Wednesday, October 9, 2019 | 11:00 a.m. | Griffin Park OAC
 - a. Bi-weekly discussion of project schedules, budgets, and critical issues
- 11. Wednesday, October 9, 2019 | 1:00 p.m. | Griffin Park Phase III(b) Plan Review
- 12. Wednesday, October 9, 2019 | 4:00 p.m. | Senior Center Ad-Hoc Meeting
 - a. Meeting to discuss budget
- 13. Thursday, October 10, 2019 | 9:00 a.m. | Central Library Grand Opening Meeting
- 14. Monday, October 14, 2019 | 10:30 a.m. | Weekly Program Manager Meeting
 - a. Weekly discussion of project schedules, budgets, and critical issues
- 15. Monday, October 14, 2019 | 1:00 p.m. | Bus and Maintenance Facility Workshop a. Meeting with GSB to discuss concepts
- 16. Monday, October 14, 2019 | 2:00 p.m. | Central Library Fiber Box Conflict Meeting
- 17. Tuesday, October 15, 2019 | 10:00 a.m. | Central Library Furnishings Update

ADG. PC 920 W Main Oklahoma City. OK 73106 405.232.5700 • www.adgokc.com

- a. Weekly discussion of FFE delivery and installation schedules, receiving strategies, and critical issues
- 18. Tuesday, October 15, 2019 | 11:00 a.m. | Central Library OAC
 - a. Weekly discussion of project schedules, budgets, and critical issues
- 19. Tuesday, October 15, 2019 | 2:00 p.m. | Indoor Multi-Sport Meeting with FSB
 - a. Meeting to explore design concepts within budget
- 20. Wednesday, October 16, 2019 | 9:00 a.m. | Westwood Tennis Slab Crack Conflict Meeting
- 21. Thursday, October 17, 2019 | 9:00 a.m. | Central Library Grand Opening Meeting
- 22. Thursday, October 17, 2019 | 9:00 a.m. | Central Library Ad-Hoc Group Tour
- 23. Monday, October 21, 2019 Friday, October 25, 2019 | 8:00 a.m. | Central Library Final Punch Walk with MSR
 - a. Review status of "open" items on Punch List with MSR
- 24. Monday, October 21, 2019 | 10:30 a.m. | Weekly Program Manager Meeting
 - a. Weekly discussion of project schedules, budgets, and critical issues
- 25. Tuesday, October 22, 2019 | 11:00 a.m. | Central Library OAC
 - a. Weekly discussion of project schedules, budgets, and critical issues
- 26. Tuesday, October 22, 2019 | 6:30 p.m. | City Council Meeting
 - a. Amendment No. One to Contract K-1819-133: By and between the City of Norman, Oklahoma, and Crossland Construction Company, Inc., increasing the contract amount by \$5,134,292 to set a guaranteed maximum price in the amount of \$5,151,867 to provide for the construction of The Ruby Grant Development Project and budget appropriation from the Norman Forward fund balance.
- 27. Wednesday, October 23, 2019 | 11:00 a.m. | Griffin Park OAC
 - a. Bi-weekly discussion of project schedules, budgets, and critical issues
- 28. Wednesday, October 23, 2019 | 1:30 p.m. | Central Library Meeting with Tom Haller
 - a. Review status of Substantial Completion with all parties
- 29. Thursday, October 24, 2019 | 9:00 a.m. | Central Library Grand Opening Meeting
- 30. Thursday, October 24, 2019 | 10:30 a.m. | Central Library Plumbing and HVAC Owner Training
- 31. Friday, October 25, 2019 | 10:00 a.m. | East Library Conference Call
 - a. Call to discuss landscape signage with MSR
- 32. Tuesday, October 29, 2019 | 11:00 a.m. | Central Library OAC
 - a. Weekly discussion of project schedules, budgets, and critical issues
- 33. Tuesday, October 29, 2019 | 3:00 p.m. | Indoor Aquatics Ad Hoc Meeting
 - a. Meeting to discuss budget
- 34. Tuesday, October 29, 2019 | 6:00 p.m. | Indoor Aquatics Public Meeting
 - a. Meeting to gather public input
- 35. Wednesday, October 30, 2019 | 9:00 a.m. | Central Library Fire Alarm Owner Training
- 36. Wednesday, October 30, 2019 | 2:00 p.m. | Westwood Aquatic Meeting
 - a. Review Westwood Aquatic Winterization Plan with City and Mallett Plumbing

ADG. PC 920 W Main Oklahoma City, OK 73106 405.232.5700 • www.adgokc.com

- 37. Wednesday, October 30, 2019 | 6:00 p.m. | Senior Center Public Workshop
 - a. Meeting to review survey results and show early design concepts
- 38. Wednesday, October 30, 2019 | 1:30 p.m. | Conference Call with Tom Haller, MSR
 - a. Review and finalize Substantial Completion Date for Central Library
- 39. Thursday, October 31, 2019 | 9:00 a.m. | Central Library Grand Opening Meeting
- 40. Thursday, October 31, 2019 | 10:00 a.m. | Custodial Follow-Up Meeting
- 41. Thursday, October 31, 2019 | 2:00 p.m. | Central Library Convergent Access Control and Security Owner Training
- 42. Central Library FFE Delivery and Installation Coordination and Oversight:
 - a. Thursday, October 3, 2019 Friday, October 11, 2019 | John A. Marshall Phase II Installation
 - b. Monday, October 7, 2019 Tuesday, October 8, 2019 | MSR Second Punch Walk
 - c. Monday, October 14, 2019 | Copelins' Furniture Repair Tech Visit
 - 1. To address paint chips on podiums
 - Monday, October 14, 2019 Wednesday, October 16, 2019 | Scott Rice Phase II Installation
 - e. Tuesday, October 15, 2019 Wednesday, October 16, 2019 | L&M Office Furniture Repair Tech Visit
 - 1. To address issues with JSI products
 - f. Monday, October 21, 2019 Friday, October 25, 2019 | Cultural Surroundings Phase II Installation
 - g. Wednesday, October 23, 2019 Friday, October 25, 2019 | MSR Furniture Punch Walk
 - h. Thursday, October 24, 2019 Friday, October 25, 2019 | TMC Installation
 - i. Friday, October 25, 2019 Wednesday, October 30, 2019 | Walker Companies Signage Installation
 - j. Monday, October 28, 2019 | Pinnacle Design Group Installation
 - Monday, October 28, 2019 Wednesday, October 30, 2019 | McKinney Office Supply Phase I Installation
 - 1. October 2019 Construction Observation Site Visits

- Continued Discussion of Project Budgets

PROJECT STATUS

- East Library
 - a. Schedule: Opening Celebration on July 20, 2018
 - b. Budget: Within budget
 - c. In operation
- Central Library
 - a. Schedule: Construction contract awarded April 25, 2017
 - b. Budget: Within budget
 - c. Issues: No known issues
 - d. Substantial Completion October 22, 2019
- Westwood Family Aquatic Center
 - a. Schedule: Opening Celebration on May 26, 2018
 - b. Budget: Final Pay App approved on July 24, 2018
 - c. In operation
- Griffin Park Phase III(a)
 - a. Schedule: Under construction
 - b. Budget: Within budget
 - c. Issues: No known issues
- Griffin Park Phase III(b)
 - a. Schedule: Advertise November 15, 2019
 - b. Budget: Within budget
 - c. Issues: No known issues
- Reaves Park Phase I
 - a. Schedule: Design waiting Ad-Hoc approval
 - b. Budget: Budget alignment in progress
 - c. Issues: No known issues
- Westwood Indoor Tennis Facility
 - a. Schedule: Opening Celebration on May 24, 2019
 - b. Budget: Within budget
 - c. In operation
- Ruby Grant
 - a. Schedule: Notice to Proceed October 28, 2019

ADG. PC 920 W Main Oklahoma City. OK 73106 405.232.5700 • www.adgokc.com

- b. Budget: In budget
- c. Issues: No known issues
- Indoor Multi-Sport Facility
 - a. Schedule: Programing started
 - b. Budget: pending project start
 - c. Issues: site/operator/MOU determination
- Indoor Aquatic Center
 - a. Schedule: Programing started
 - b. Budget: pending project start
 - c. Issues: site/operator/MOU determination
- Senior Center
 - a. Schedule: Programing started
 - b. Budget: pending project start
 - c. Issues: funding source determination, operator/MOU determination, Council site resolution approved on May 14, 2019
- Norman Forward Program Management
 - a. Schedule: Proceeding per Implementation Plan
 - b. Budget: Proceeding per Implementation Plan
 - c. Implementation Plan: Revised/Updated September 30, 2019
 - d. Issues: No known issues
 - Continued discussion regarding operator for indoor multi-sport facility
 - Continued discussion regarding operator for indoor aquatic center
 - Continued discussion regarding indoor aquatic center operating budget
 - Continued discussion regarding indoor aquatic center capital improvements responsibility
 - Continued discussion regarding senior center budget/funding source
 - Continued discussion regarding senior center operator/fees

FINANCE 3

CITY OF NORMAN

Department of Finance Monthly Report – October 2019

Statistics on outputs from the various divisions of the Department of Finance (DOF) are presented on the following pages. Major projects which were completed or initiated by the DOF in October are discussed below:

Treasury Division:

In the month of October, the Treasury division processed 29,714 total payments. The Treasury division processed 1,587 credit card utility payments, an increase of 5% from last month, and the Interactive Voice Response (payment by telephone) system processed 1,717 credit card utility payments, an increase of 6% from last month. Utility customers also have the option of paying on the City of Norman website. There were 7,688 credit card payments made on the internet in October, an increase of 12% from last month. The Municipal Court processed 801 credit card payments for court fines, an increase of 9% from last month.

The City charges a convenience fee of \$3 on credit card payments made online or by phone to help offset the costs of providing credit card service. We collected \$22,227 in convenience fees in the month of October with a fiscal year-to-date total of \$103,342.

Utility Services Division:

The Meter Reading Division read 40,580 meters. Out of 77 meter reading routes, 43 (56%) were read within the targeted 30-day reading cycle. 57 routes (74%) were read by the 31st day and all routes were read by the 33rd day. No routes were estimated in October.

General Fund Revenues & Expenditures:

When comparing General Fund revenue sources versus budgeted levels, revenues are below target for the month of October by -10%. Revenues from the City's largest single source of revenue, sales tax, are below target by -8% for the year to date and 1% above last fiscal year. Following is a summary table regarding General Fund revenues and expenditures to-date.

	FYE 20	FYE 20	FYE 19	FYE 18
	Budget To Date	Actual To Date	Actual To Date	Actual To Date
Sales Tax				
Revenue	\$14,941,617	\$13,705,767	\$13,567,426	\$12,969,676

HUMAN RESOURCES Monthly Report October, 2019

ADMINISTRATION/LABOR RELATIONS

- **A.** Grievances (active AFSCME and Non-Union)
 - FYE20-03 Salley (Animal Control) Discipline
 - FYE19-10 Adams (Engineering) termination Arbitration has been scheduled

B. Collective Bargaining

• Held one (1) FY20 negotiation sessions with AFSCME and reached a tentative settlement agreement. AFSCME members will vote to ratify the contract.

C. Administrative Support

- Processed Monthly Department Report
- Compiled and distributed October 2019 Employee Newsletter
- Processed invoices and reconciled expense accounts
- Attended Munis Training
- Coordinated various United Way fundraisers
- Began preparations for Employee Recognition Ceremony (January 2020)
- Attended/Summarized one (1) negotiation session
 - 1 AFSCME

INFORMATION TECHNOLOGY

CITY OF NORMAN

Information Technology Department Monthly Report – October 2019.

Working projects for the IT Department are as follows:

Project	Description/improvement anticipated	Status
ERP Replacement Project	Process improvements for finance, purchasing, AR/AP, Courts, HR, Payroll, Personnel, and Permits Management through newer technology, software, and business review processes.	In Progress –Project team has completed implementation work on Incode for Municipal Court. Munis for Finance is currently in the implementation phase, Advanced Utilities for utility billing began in March 2019.
Main Site data center upgrades	Necessary upgrades to current infrastructure are needed to enhance capabilities and continue with power saving and cooling efforts by reducing the amount of physical servers through virtualization.	In Planning: FYE18 funding of new core switching has been approved. IT Network staff finalizing purchases and began implementation and testing in March FYE19.
Website Rebuild/Redesign	Our current design is 9 years old. A new design will help boost our image, traffic, rankings, and leads. We also need a friendlier mobile device design and look to accomplish this with HTML5.	In Implementation: The City has selected Interpersonal Frequency to lead the redesign https://ifsight.com/. The new site is set to launch in April 2020.
Fiber Optic Installation for redundant loop	Remove fiber from the path of central library and James Garner projects while creating two points of entry and a loop for business continuity during a break or disaster scenario.	In Construction: Phase I complete. Phase II completed in March 2019. Configuration and redirection of the data loop(s) are in progress.

Install fiber optic cable on Rock Creek Road from Porter Avenue to 12th Avenue NE with switch at a new signal at Sequoyah Trail.	Increase the coverage of traffic signals and the IT Fiber infrastructure	Complete.
Wireless phone bills audit for cost savings.	Cost savings for telecommunications, waste elimination.	Ongoing
Water tower and mono-pole contract negotiations.	Increased Revenue and compliance for water tower/cellular mono-pole leases. Repair requirements.	Ongoing
IT main computer room return air system improvements.	This will eliminate a "hot row" of air that currently taxes our main data center servers. If not addressed this "hot row" could cause server degradation and/or failure.	Contract approved by City Council Feb 2019 – work to began July 2019. The datacenter air should be complete by September 2019.
Video Detection Upgrade (Phase 2)	Will add cameras to a number of existing intersections some of which will require IP addresses for viewing in Centracs	In Progress
Main Street Roadway Lighting and Signal Interconnect (Main at Santa Fe, Peters, Crawford, and Porter)	Increase the coverage of traffic signals and the IT Fiber infrastructure which will require IP addresses for viewing in Centracs	In Progress

Installation of fiber optic cable along Main Street to Fire Admin picking up signals at Main/Hal Muldrow, Main/Mercedes, Flood/Gray, Flood/University, Flood/Santa Fe, Flood/Peters, and Flood/Porter.	Increase the coverage of traffic signals and the IT Fiber infrastructure which will require IP address for viewing in Centracs	Complete
Installation of fiber optic cable along 36th Avenue NW from Robinson Street to Main Street with switches at Brookhollow Road, Quail Drive, River Oaks Drive, and a new signal at Havenbrook Street.	Increase the coverage of traffic signals and the IT Fiber infrastructurewill require IP addresses	In Progress
Installation of fiber optic cable along 12th Avenue SE from Highway 9 to Cedar Lane Road with a switch at a new signal at Campus Crest Drive.	Increase the coverage of traffic signals and the IT Fiber infrastructurewill require IP addresses	Expected completion in Q1 or Q2 2019
Installation of fiber optic cable along 12th Avenue NE from Robinson Street to Alameda Street with switches at Main Street, Norman Public Schools Bus Barn, and Morren Drive.	Increase the coverage of traffic signals and the IT Fiber infrastructurewill require IP addresses	In Progress
Installation of fiber optic cable along 12th Avenue NE from Rock Creek Road to Robinson Street with switches at Rock Creek Road and a modified traffic signal at High Meadows Drive	Increase the coverage of traffic signals and the IT Fiber infrastructurewill require IP addresses	
Installation of fiber optic cable along Classen Boulevard from Highway 9 to Cedar Lane Road with switches at new signals at Ann Branden Boulevard, Renaissance Drive, and Southlake Boulevard.	Increase the coverage of traffic signals and the IT Fiber infrastructurewill require IP addresses	

Support Tickets:

The IT department tracks work requests with a software package called Spiceworks. **IT Table 1** below represents the number of support tickets closed by the IT Support Staff and those remaining open at the end of October 2019.

Mass Communications:

The following statistics represent email space and resource savings. In the attached table, you will see that 33 emails from the groups shown were sent from city servers using city resources – of those 18,104 were delivered to outside mailboxes for the month of October 2019. The city servers generated mass communications to Norman citizens of 18,107 messages from only 33 sent (see **IT Table 2**).

Email Security Appliance:

The City of Norman's IT Department has an email filter that has enhanced reporting and filtering capabilities that protect the City's systems from malicious attacks from the outside. Email is one of the preferred methods of the delivery of malicious software and viruses. The IT department monitored 967,462 attempted incoming and 78,607 outgoing messages for the month of October 2019. Incoming messages totaling 795,930 were considered Spam or hazardous e-mails by our email-filtering appliance, and were quarantined or filtered (see **IT Table 3**). This number represents nearly 80% of our inbound mail, which continues to be the norm for malicious email/spam. The IT Department has made the decision to block inbound traffic from known malicious countries and we continue to monitor the situation on a monthly basis. Inbound email messages of this nature means increased vulnerabilities and attack vectors into the city. Without the email filter, our email server would have received more mail, which increases waste and decreases valuable storage space. Additionally, the filter kept city employees from bombardment of spam, phishing, and other types of potentially harmful emails.

Web Site:

The City of Norman's web site is hosted, updated, and maintained by the IT Department. In the month of October 2019, the City of Norman's web site had 78,841 individual web sessions access the web site for 182,866 total page views. Of those sessions, 42,267 were identified as New Users to view content on the City web site (see **IT Table 4**). In July of 2019, the IT Department kicked off a project with Interpersonal Frequency to overhaul the City website. When complete (set for April 2020), the site will have reduced and more relevant information as well as the ability to function from mobile devices and tablets.

ERP Project Implementation Progress:

The chart below shows the current progress of the ERP Implementation Project. The project began in January of 2018 and is expected to run through the second quarter of 2021. The City Council has approved approximately \$6 Million to replace the outdated software systems that run our daily business operations. Once complete the city will have enhanced automated services and web services for our citizen base as well as the employees who use and track their daily work with these business systems. The IT Department has completed implementation of Parks and Rec software (Vermont Systems) and Municipal Court software (Incode), and is currently working to implement Finance software (Munis) and Utility Billing software (CIS Infinity). Daily work continues on the Finance software package, which is due to be implemented by November of 2019, and Utility Billing by April of 2020. IT has begun implementation of the new work/inventory tracking order system (EAM). Server installation and configuration for Planning and Community Services (CityView) application is set to start in August of 2019, due for completion in November of 2020.

MONTHLY REPORT - LEGAL DEPARTMENT October 2019 Report

(Submitted November 8, 2019)

MONTHLY HIGHLIGHTS:

<u>Dustin B. and Courtney J. Graham v. Carrington Place Property Owners Association, Inc. and City of Norman, CJ-2016-705 LW; Case No. 116968 (K)</u>

The action seeks declaratory relief regarding the version of the Oklahoma Sex Offender Registration Act that applies to Dustin B. Graham. On September 25, 2018, the Court of Civil Appeals reversed the district court's ruling and Defendant Carrington Place Property Owners' Association's petition for certiorari was denied. On October 30, 2019, the district court imposed Plaintiff Courtney J. Graham her costs and attorney fees on Defendant Carrington Place Property Owners' Association. When a journal entry is entered, Defendant Carrington Place Property Owners' Association will have 30 days to file an appeal.

Holloway v. Harris et al, Case No. SD-117606; CJ-2013-566 (K, B)

This case arises out of charged filed against the plaintiff for perjury. On October 22, 2019, the Court of Civil Appeals affirmed the district court's award of summary judgment in favor of all defendants.

Windrock Apartments v. City of Norman, CJ-2018-1030 (K, B)

This case arises out of a water line break at the Windrock Apartment complex. On October 22, 2019, the plaintiff dismissed this action without prejudice.

PARKS AND RECREATION

9

Park Planning Activities October 2019

NORMAN FORWARD New Neighborhood Parks:

Construction continues on the walking trail, playground, basketball court and site amenities at the new Songbird Park. Weather permitting, the synthetic turf safety surfacing will be completed in November along with the walking trail in the park. A new gazebo, picnic tables, grills, trash cans, benches, drinking fountain, and a park sign will also be added; and soccer goals have been delivered, to be set in place once the walking trail construction is done in that

area and all ruts and grading are completed.

Also, we have received and filed a deed for the remainder of the voluntary park land for the new Southlake Park (east of Highway 77 and north of Cedar Lane Road); and we are negotiating the purchase of the remainder of the park land reserved by the developer years ago. A park survey of residents in Southlake and St. James Additions is being finalized to get feedback for that design, which will be bid for construction over the winter and be built in 2020.

NORMAN FORWARD Neighborhood Park Renovations:

Proposals were received in October for the replacement of the playground equipment at Rotary Park. Staff will review the different designs, select a vendor and prepare an agenda item for Council next month to do that work this winter. NORMAN FORWARD funding will be combined with the accumulated donations from the Rotary Clubs over the years to complete all of the different parts of the project for this popular central Norman park—including replacement of the park restroom building and adding shade to the bleachers and dugouts of the practice ballfield. Other smaller projects will be done this fiscal year at Earl Sneed, High Meadows, and Monroe Parks to improve the landscape, playground surfacing and park amenities at those locations

Griffin Park Improvements:

A contractor installed a new septic system at the Norman Community Dog Park, which will allow us to keep the drainage system from the water supply in the park cleaned out more effectively than the old gravel drain pit in the west side park area. All areas of the dog park were re-opened once the new septic pit was installed.

Sooner Theatre:

We are getting final bid numbers to replace/upgrade several pieces of technology at the theatre this fall. The digital projector used by the theatre for its shows and events and by many of those who rent the facility is over 15 years old; and many of the replacement parts are no longer manufactured or available for purchase. Also, the theatre microphone system will soon be unable to operate in the MHz range it currently uses, due to federal changes in the band-width made available to cell phone operations and how it overlaps and cuts into theatre and PA System ranges. These items will be purchased to replace the city's current inventory as part of the multi-year Room Tax project to upgrade the physical and operational features of the building. After the Christmas Show ("Elf—The Musical"), a contractor will be at the site to rebuild the rigging above the stage, which will improve operation of the different line-sets which hold the scenery, electric lighting instruments and the various drapes and special features for any given show.

Forestry and Park Planning:

The Park Planning Division is working with the City's new Forester to coordinate work on several projects all over town involving trees both in the parks and along the public rights-of-way. Now that a professional forester is on-board, the City can provide more official responses to questions that arise in regards to the City Ordinances covering street trees and also have an additional layer of staff to help make our park and public beautification projects as successful as possible. All questions regarding trees may now be directed to Tim Vermillion, who started work on October 22, 2019

OCTOBER 2019 RECREATION DIVISION MONTHLY REPORT

Senior Center: The Senior Center held their 2nd Annual Craft Show on October 5th from 9:00 a.m. – 3:00 p.m. There were 22 vendors and approximately 75 to 100 customers. We also sold \$3.00 tickets for a bean and cornbread lunch. Hocus Pocus was our first movie matinee on October 9th and 12 participants enjoyed the movie and popcorn. Fifteen participants took a day trip to the Chickasaw Cultural Center and also enjoyed lunch at their café.

Little Axe Community Center: The outreach food distribution for the month of October was 180 adults and 38 children for a total of 218. There were two rentals at the Center in October. The Head Start program is full with 17 children and has a waiting list. Attendance for October was 81%. For the second year in a row, Little Axe Community Center in cooperation with the Mobile Smiles of Oklahoma Program and ORU O.E.C. Round Up Program, participated in a three-day free dental clinic on October, 7th, 8th, and 9th, assisting 35 patients with various dental needs.

12th Avenue Recreation Center: The "Moonlight Masquerade Family Dance" was held on October 18th at the 12th Avenue Recreation Center with 115 participants in attendance. The dance consisted of a DJ, refreshments, Haunted House and a Pumpkin Patch. The dance finished with a Halloween Candy scramble on the dance floor. The after school program continued this month with an average daily attendance of 30 children. Open gym to the public was offered from 12:00-2:30pm Monday through Friday and in the evenings from 6-8pm on Mondays. Pickle Ball continued their league play this month and Dog Obedience training continued their program this month

Irving Recreation Center: Irving Recreation Center had four facility rentals this month which were reoccurring rentals from the Silver Spurs Square Dance Group. The Junior Jammer Basketball season for the Fall kicked off this month. Irving hosted games, 12 evenings out of the month and one Saturday morning. Irving Recreation Center staff participated in the "Paint the Town Pink" event which recognizes Breast Cancer Awareness Month. Irving-After School Program students also participated by coloring Breast Cancer Awareness ribbons. This month the Irving-After School Program finished up the 6-week Digital App Making program with the organization Athletes Global. At the top of the year, students will participate in a 6-week Entrepreneurship program also offered by Athletes Global. In conjunction with the JD McCarty Center and Heartland Camaros Car Club, Irving helped host the annual Trunk-or-Treat event held at the JD McCarty Center. Bad weather kept the event from being outside; however, the event was moved inside and the turnout was still great with about 350-400 in attendance. Other City departments such as Police, Fire, Park Maintenance & Stormwater also participated.

Whittier Recreation Center: The Okie Stompers clogging class continued to meet twice a week on Tuesday and Thursday evenings from 6:00-8:00 p.m. and every Tuesday evening from 6:00-7:00 and 7:00-8:00 p.m. Whittier began to host a STEM class on behalf of Bricks4Kids where students utilize Lego bricks for educational play. This class was offered to students Kindergarten-5th grade and took place on Wednesdays from 6:00-7:00 P.M. This class session will last 6 weeks. The 2019 Outdoor Movie Series at Lions Park presented by Republic Bank and Trust showed its last film this month. Hocus Pocus was shown on Friday, Oct 4th. Activities included but were not limited to: arts and crafts by the Firehouse Art Center, family friendly yard games, STEM activities from Bricks 4 Kidz, spin the wheel for free prizes from Raising Canes and so much more! Activities began at 6PM and the movie started at sundown. The fall 2019 Junior Jammer basketball program continued this month and 43 games were scheduled at the Center. Each team will play a minimum of 6 regular season games and participate in a single-elimination tournament. Games are played weekly at both the Whittier and Irving Recreational Centers. The post-season tournament will begin November 15th and will end by November 26th. The Whittier after school program continued to meet this month, Monday-Friday and is offered to students who attend the following schools: Jackson Elementary, Cleveland Elementary, Monroe Elementary, Truman Primary and Truman Elementary School. The program runs daily when school is in session from 3:00-6:00 p.m.

		Year to

Irrigation maintenance and repair were very active this month. Hand watering of greens was needed several times throughout the month. Several trees were wrapped with machine wire to protect them from a beaver. The state trapper has been notified. Routine October maintenance practices include: Daily greens mowing, cup changing (putting green hole relocation), and sand trap raking. Weekly we mow tees, fairways and aprons. Roughs and buffer zones around water features, as well as peripheral areas are mowed as needed. By months end these frequencies change as weather cools. A dead tree was removed and leaf management becomes a daily occurrence. Yardage markers were cleaned and painted. The tree farm has been cleared out and is ready for renovation.

October is an active month for agronomic practices. Greens were fertilized twice. An application of fungicide and insecticide was applied to the greens, as well as two applications of wetting agents. Cool season tees at # 12 and # 16 were reseeded. Many fescue plots were reseeded. A pre-emergent herbicide was applied to all greens, tees, aprons and collars. Fertilization of the greens will continue into November. Post emerge herbicide is applied where needed. Winterizing has been initiated. Red Tee markers have been replaced to start the process of retooling for next year. An early hard freeze was forecasted late in the month. Ball washers were brought in for repainting. The water fountain was removed from the bathroom exterior. Fox damage and disease scars are being spot top-dressed as needed. Needle tine, hand held aerifying tools were created to help with isolated dry spots. Drainage basins were trimmed in advance of storms late in the month.

PLANNING AND COMMUNITY DEVELOPMENT

ADMINISTRATION, CURRENT PLANNING, GIS 10A

PLANNING DEPARTMENT ACTIVITY October 2019

ADMINISTRATIVE DIVISION

<u>PlanNorman</u>

PlanNorman is pending the scheduling of a City Council Study Session at which responses to citizen comments and concerns will be addressed.

GREENBELT COMMISSION

At the October 21, 2019 meeting, the Commission reviewed two enhancement statements – Red Leaf Construction Preliminary Plat and Bobby Tims a Norman Rural Certificate of Survey.

The Commission forwarded the Red Leaf Construction Preliminary Plat application with no comments.

The Commission removed the Bobby Tims application, a Norman Rural Certificate of Survey from the Consent Docket for further discussion. The Commission forwarded the application with no additional discussion.

A presentation from staff reviewed meeting procedures, purpose and duties.

HISTORIC DISTRICT COMMISSION

The Historic District Commission regular meeting scheduled for October 7, 2019 was cancelled due to a lack of agenda items.

COA Administrative Bypass granted by staff:

503 Tulsa – Staff approved a 4' front yard fence for this contributing structure in the Southridge Historic District.

Historic District Commission Decision Appeal

904 Miller Avenue – The property owner's request to retain 28 vinyl windows was denied at the September 3, 2019 Historic District Commission meeting. The applicant filed an appeal to the City Council on September 13, 2019 which was to be heard at the October 8, 2019 City Council meeting. However, the applicant requested a postponement due to illness to the October 22, 2019 City Council meeting. At that meeting, the son of the property owner again requested a postponement due to illness. The City Council granted the request and set the hearing date for November 26, 2019.

Certified Local Government (CLG) Program Report (FY 2019-2020):

Staff prepared and released a Request for Proposals for a consultant to provide professional services to update the Historic District Guidelines with a submittal due date of October 10. One proposal was received from Mainstreet Architects, Inc., out of San Antonio, Texas. Staff is now working with that consultant to procure a contract for the update of the Historic District Guidelines.

During October, one application for Pre-Development was received for the meeting scheduled for October 24, 2019.

During October, submittals for the November 14, 2019 Planning Commission included: one Center City PUD, one preliminary plat, and one Norman Rural Certificate of Survey.

The Planning Commission met on October 10, with seven members present. They postponed one project which included a NORMAN 2025 Plan amendment, rezoning, and closure of a platted front building line, and two special uses for medical marijuana growing to the November 14 meeting. They recommended approval of: one preliminary plat; closure of a platted front building line; a project which included a NORMAN 2025 Plan amendment and rezoning; one project which included a NORMAN 2025 Plan amendment, rezoning and preliminary plat; and two special uses for medical marijuana processors. They recommended denial of one Center City PUD. The next regular meeting is scheduled for November 14, 2019.

Planning Review

During the month of October, Current Planning received 23 commercial building permit applications for review. Of those applications submitted, Current Planning staff reviewed and approved 10, 2 were reviewed and placed on HOLD and 11 have not been reviewed.

BOARD OF ADJUSTMENT

The Board of Adjustment met October 23rd and reviewed and approved a Variance to the height of a commercial communication tower to allow for an extension, a Variance to the rear yard setback to allow an addition to a house, and a Variance to the fencing requirements for an oil well and tank battery. One Variance request for a side yard setback was postponed by the applicant. The next regular meeting is scheduled for December 4, 2019.

GEOGRAPHICAL INFORMATION SYSTEM (GIS) DIVISION

Staff continued to review the planimetrics mapping for Contract K-1819-90 for Base Map Update Services with The Sanborn Map Company, LLC. Planimetrics and photos are currently under review. For Norman, this project will update the City's base map to reflect new construction and any other changes on the ground that can be detected using airborne sensors. The deliverable products are updated color digital aerial photography, updated planimetric mapping and updated topography. Planimetric mapping layers to be collected include the following: streets, pavement, unpaved parking, paved driveways, unpaved driveways, hydrology, building footprints and height, fences, sidewalks. This is standard maintenance of the GIS database. This information is used for many purposes throughout the city including: permitting, storm water planning, utility management, and public safety. Almost every development project, both public and private, starts with a map. The availability of recent, accurate, and complete mapping facilitates the effective management of the City's resources.

Staff worked with the Urban Forester to begin designing a collector application to assist him in surveying the city's trees. Staff worked on the redesign of the address database to comply with NG911 requirements and the needs of the ERP. GIS Staff worked with the surveyor to develop a system to track the small cell tower permits. GIS continued rolling out updated ArcGIS projects to users and provided support for both Cityworks and New World. Staff also continued to add layers to the Open Data Site.

In addition to the daily activities of updating the GIS database layers, which include zoning, parcels, and utilities, GIS staff filled 101 requests for service that resulted in the production of 119 mapping products and reports. The GIS division provided services for 9 of the City's departments during the month.

MOBILE FIELD INSPECTION SYSTEM

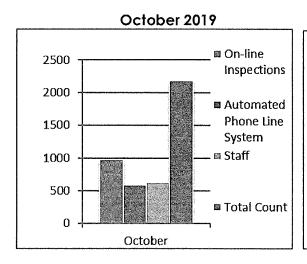

During October, 1,687 inspection results were entered using the Mobile Field Inspection (MFI) System. Inspection results were available on-line and through the Automated Phone Line System almost immediately as the inspections were conducted throughout the workday beginning as early as 8:15AM. Inspection Records were printed on-site as needed.

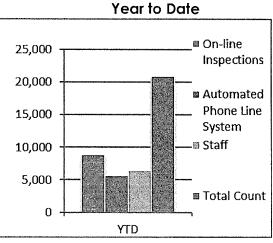

October	October	October	October	October
1-4	7-11	14-18	21-25	28-31
345	363	364	369	246

ON-LINE INSPECTION SERVICES

Inspection Requests

During October 2, 184 inspections were requested. 975 inspection requests were made on-line, and 582 inspections requests were made using the Automated Phone Line System. Staff made 627 inspection requests, which include phone and in-person requests, as well as administrative items.

HOME ENERGY RATING SYSTEM (HERS)/ENERGY RATING INDEX (ERI) PILOT PROGRAM

During October twenty-two (22) applications for new single-family permits were applied to the 2018 Home Energy Rating System (HERS/Energy Rating Index (ERI) Fee Adjustment Incentive Program. To-date, one hundred seventy (170) applications have been applied to the program.

HERS/ERI reports were received for five (5) homes that received CO during October. Scores were reported at 45, 55, 55, 57 and 59 for a combined average of 54. HERS scores of 55 or less allowed full adjustment of permit fees pursuant to Section 5-104 of the City of Norman Code. Scores of 56 and higher required a percentage of the original permit fees to be paid in advance of the issuance of Certificate of Occupancy (CO), per Resolution R-1718-117.

Resolution R-1718-117 regarding the HERS/ERI program was extended to September 30, 2019 with Resolution R-1819-61, and later extended to December 31, 2019 with Resolution R-1819-120. The resolution allows building permit fees charged pursuant to Section 5-104 of the City of Norman Code to be adjusted and satisfied as an incentive for residential homes achieving certain energy rating system (HERS)/Energy Rating Index (ERI) score.

COMMERCIAL PLAN REVIEW

During the month of October, 23 commercial building permit applications were submitted for review. Of those applications submitted, Commercial Plan Review staff reviewed and approved 10, 2 were placed on HOLD and 11 have had no review completed.

CONSTRUCTION ACTIVITY

<u>Total value of all construction</u> activity permitted in OCTOBER of 2019 totaled \$20,993,677, more than the \$9,697,784 for the same month last year. A total of 141 permits were issued in OCTOBER of 2019, more than the 107 permits issued in OCTOBER of 2018. The higher number of permits in OCTOBER 2019 is due to a higher volume of all residential construction. The difference in dollar value is due to the higher number of residential and commercial permits issued in 2019.

<u>Total residential permitting</u> activity in OCTOBER 2019 was valued at \$16,075,177 compared to \$6,233,401 in OCTOBER 2018. New single-family detached residential construction in OCTOBER 2019 represented 55 new homes valued at \$14,661,649 compared with 24 new homes valued at \$5,105,945 in OCTOBER 2018. Two (2) new manufactured home permits were issued in 2019. Four (4) new manufactured home permits were issued in 2018. There were no single-family attached permits in either year. There were no single-family non-dwelling unit permits in either year. There were no new duplex units permitted in either year. There were no garage apartments permitted in either year.

Residential addition/alteration permits in OCTOBER 2019 numbered 66 valued at \$1,413,528 compared to 60 permits valued at \$1,127,456 in OCTOBER 2018. The higher number of permits in OCTOBER 2019 is primarily due to residential pools, paving and storm shelter permits. The difference in dollar value is insignificant.

<u>Total non-residential permitting activity</u> in OCTOBER of 2019 totaled 20 with a value of \$4,918,500 compared to 23 permits valued at \$3,464,383 for OCTOBER 2018. The higher number of permits in OCTOBER 2018 is primarily due to the increased number of new construction full permit projects. The difference in dollar value is due to the addition/alteration projects issued in 2019.

Non-residential addition/alteration permits in OCTOBER of 2019 totaled 10 with a value of \$3,118,000 compared to 10 permits valued at \$1,038,500 for OCTOBER 2018. The difference in dollar value is due to a NPS project at 809 N. Findlay Ave.

CDBG and HOME Investment Partnerships Programs

Staff began the planning process for the development of the 2020-2024 Consolidated Plan. Citizen Participation will begin with Neighborhood Meetings in November and a Public Hearing in December. Consultation meetings held in October included OKAdapt and Aging Services. Staff is participating in the Community Needs Assessment process that is being undertaken by United Way and the University of Oklahoma.

CDBG Disaster Relief Grant

All CDBG DR projects are substantially complete with minor punch list items being addressed. Final acceptance of all contracts occurred on June 11, 2019. Closeout and final reimbursement procedures are underway with the Oklahoma Department of Commerce.

Homeless Activities

On October 20, the housing placement report for the Ready for Zero initiative was made to Community Solutions for the month of August. There were five housing placements made (0 Veteran; 2 Chronic; 0 Family).

Due to the increased visibility of persons who are experiencing homelessness by the establishment of multiple campsites on city property, the Continuum of Care, the Norman Police Department, and the Homeless Services Coordinator are developing guidelines and strategies to address this increasing problem. Norman City Council appointed a three member Council Committee on October 22, 2019 to work with the Continuum of Care to develop strategies in addressing this increasing issue. The first meeting will be held on November 4, 2019.

Housing Programs

October 2019

CDBG – The summary below includes the status of each of the rehabilitation programs that are offered.

- One rehabilitation project is currently under contract and one project in development stage, with one rehabilitation project being completed since July 1, 2019.
- One emergency repair project is currently under contract; five emergency repair projects were completed since July 1, 2019.
- Two accessibility modification projects have been completed since July 1, 2019.
 One project is under contract. Sixteen accessibility modification projects are in the development stage.

Social and Voluntary Services Commission

The FYE20 Requests for Application was released July 1, 2019 with a return date on July 19, 2019. Thirty applications were received. The SVSC Commission met on July 29, 2019 to begin review of the applications. On August 12, 2019 the SVSC Commission met and awarded funding to twenty-eight non-profit agencies totaling \$175,000.

PUBLIC WORKS 12

DEPARTMENT OF PUBLIC WORKS MONTHLY PROGRESS REPORT CITY OF NORMAN, OKLAHOMA October 2019

ENGINEERING DIVISION

DEVELOPMENT

The Development Manager processed two (2) preliminary plat item for Planning Commission; one (1) final plat and one (1) release of deferral for City Council. The Development Engineer reviewed 21 sets of construction plans and 7 punch lists. There were 146 permits reviewed and/or issued. Fees were collected in the amount of \$4,140.86.

CAPITAL PROJECTS:

24th Avenue East Widening Project- Lindsey Street to Robinson Street:

The Oklahoma Department of Transportation (ODOT) conducted a bid opening on June 20, 2019, for both phases of the 24th Avenue East Project, located from Lindsey Street to Robinson Street. The low bidder was Silver Star Construction Company of Moore, Oklahoma in the amount of \$9,437,000 for the combined projects. ODOT awarded these projects at the July 1, 2019, Transportation Commission Meeting. Silver Star started construction on Monday, September 23, 2019. This project has a 270-calendar day construction schedule, which will likely result in a late summer 2020 completion. ODOT is administering the construction of this project because federal transportation funds are being used.

The project involves the following items:

- Widen two miles of roadway from two lanes to four lanes
- Intersection improvements at 24th Ave. East/Meadowood Boulevard and 24th Avenue East /Robinson Street
- Interconnect traffic signals on 24th Avenue East from Lindsey St. to Robinson St.
- Continuous sidewalks and accessibility
- Stormwater improvements
- On-street bike lanes

The contractor's activities this month were as follows:

- Installed temporary asphalt pavement widening south of Alameda and west of 24th Avenue SE at select locations as part of the phase 1 traffic control.
- Continued excavating along the east side of 24th Avenue East and hauling excess material to locations along the project that need fill material.

Main Street Bridge over Brookhaven Creek

The project was awarded on June 4, 2018 by ODOT. The successful bidder was Silver Star Construction. The cost of the project is \$4,905,000. The project includes replacing a Structurally Deficient (SD) bridge structure with a triple cell 16' x 8' Reinforced Concrete Box (RCB) and 2100' of channel improvements downstream of the bridge. Work began on the project on August 13, 2018. Weather permitting, construction is expected to take 340 days. On Monday April 15, eastbound and westbound traffic on West Main Street was switched to the south half of the roadway, so the contractor can begin reconstructing the north half of the roadway. The West Main Street roadway was completed on June 10, 2019. Full-width paved lanes will remain open at all times to eastbound and westbound traffic until project completion. For the safety of the traveling public, work zone safety devices will remain on the roadway until the end of the project. On August 27, eastbound and westbound lanes on Main Street were placed in the final and permanent configurations using work zone safety devices.

The contractor's activities this month were as follows:

- Continued to construct the access road along the west side of the channel.
- · Continued vegetation and debris removal along the creek south of West Main Street Bridge
- Continued slope grading along both sides of Brookhaven Creek.
- Completed approximately ninety-percent (90%) of the high-strength turf reinforcement mat installation
- Completed the installation of all drainage structures along Brookhaven Creek.

Roadway Bond Projects:

During the month of October, concrete pavement reconstruction of Walnut Road between Imhoff Road and Live Oak was completed Contractor is currently working to address final punch list items. Concrete reconstruction work continued on McCall Drive between Pickard Road and Chautauqua Avenue as part pf the Bond 2020 Urban Reconstruction Project. The contractor has completed concrete paving work on the west half of the roadway. Drainage structure replacement work and asphalt overlay were completed on 108th Avenue NE between Stella Road and Franklin Road as part of the Bond 2018 Rural Asphalt project.

Sidewalk Program:

The Acres Street Sidewalk Project is intended to provide sidewalk along the north side of Acres Street in the gap between Flood Avenue and the new Central Library located on James Garner Avenue. The project will also construct missing sidewalk, ramps, rebuild existing non-compliant ramps and repair deficient sidewalk along the north side of Acres Street between the railroad tracks and Porter Avenue. This Sidewalk Project bid was awarded on July 9th, 2019 by City Council to Central Contracting Services in the amount of \$131,185.00. Project work began in early August and expected to be completed on or about October 1, 2019. The sidewalk ramps at the intersection of North Flood Avenue and Acres Street were updated as part of this contract.

FYE 2020 Sidewalk Program:

FYE 2020 Sidewalk Program went to bid on July 25th, 2019 with EMC Services, LLC submitting the winning bid of \$312,298.50 for five projects to be completed throughout the fiscal year 2020. The contract was approved by City Council on August 27th, 2019. A notice-to-proceed has been provided to this contractor. City Staff is coordinating with EMC Services regarding starting the next project along South Crawford Avenue starting at East Main Street heading southward to East Apache Street. Expected start date will be middle November 2019.

FYE 2020 Horizontal Saw Cutting Project went to bid on August 8th, 2019 with Precision Concrete Cutting of Oklahoma submitting the winning bid at \$39,900.00 for completing work along Lindsey Street from Classen Blvd. to 24th Avenue SE and along 12th Avenue SE from Alameda Street to East Imhoff Road. Members of Precision Concrete Cutting performed a survey of this area locating and marking sidewalk joints which need to be shaved down for ADA compliance. The total area of work to be completed is 1,050 inch-feet of sidewalk to be corrected. This project was completed early October, 2019. Payment of the contract is currently underway. Closeout paperwork is being drafted for City Council approval at the November 26th 2019 session for total final payment of the contract.

Public Transit

Public Transportation Sales Tax Initiative

Council approved ordinance O-1920-16 on September 10, 2019 which set the ballot language for a proposed sales tax of 1/8% for public transportation. Implementation is contingent on voter approval on November 12, 2019. If approved, it would be effective April 1, 2020 (after the County jail tax expires) and would be deposited into the Public Transportation and Parking Fund to be used to fund public transit related expenses. The proposed sales tax terminates only upon successful adoption and implementation of a dedicated funding source sufficient to fund public bus operations in Norman by the RTA of Central Oklahoma. More information regarding the November 12 ballot initiative can be found on the City of Norman's website at http://bit.ly/TransitSalesTax.

This past month, staff has accompanied the Mayor and Councilmembers at the following meetings to assist in educating the public regarding the sales tax proposal: Norman Lions Club (October 1), Norman Rotary Club (October 3), Ward 6 Meeting (October 7), Ward 5 Meeting (October 12), Norman Convention and Visitor's Bureau Board of Directors (October 16), Builders Association of South Central Oklahoma (October 16), Ward 3 Meeting (October 17), Precinct 93 (October 20), Joint Ward 2 and 7 Meeting (October 20), Cleveland County Democratic Women (October 21), Ward 1 Meeting (October 24), Online Open House (October 30), and Norman Public Schools Transportation (October 31).

STREETS DIVISION

CAPITAL PROJECTS:

POST OAK ROAD - 60TH AVENUE SE TO 72ND AVENUE SE

Streets crews worked an overlay project at 60th Avenue SE to 72nd Avenue SE and 3,258.78 tons of asphalt for the repair.

ASPHALT OPERATIONS:

2215 OAK RIDGE CIRCLE DEEP PATCH

Streets crews worked a deep patch at 2215 Oak Ridge Circle and required 43.92 tons of asphalt for the repair.

CONCRETE OPERATIONS:

BEVERLY HILLS STREET & PECAN AVENUE

Streets crews replaced damaged island at Beverly Hills Street & Pecan Avenue. This repair required 14 cubic yards of concrete and resulted in over 74 square yards of repaired driving surface.

210 CHATAUQUA AVENUE

Streets crews replaced curb and gutter at 210 Chautauqua Avenue. This repair required 4 cubic yards of concrete and resulted in over 21 square yards of repaired driving surface.

ROADSIDE OPERATIONS:

MOWING OF ROADSIDE RIGHTS-OF-WAY

Streets Roadside Mowing crew continued their summer mowing schedule. During October, 2019, 115.50 miles of rural rights-of way and 2,199,731 sq. ft. of urban rights-of-way were mowed.

STORMWATER

WORK ORDER RESPONSE

Stormwater Division received 4 work order requests and closed 4.

INFRASTRUCTURE

The Infrastructure Maintenance crew completed a channel liner panel replacement project in Imhoff Creek. The project consisted of removing and replacing three broken panels in the liner of Imhoff Creek just north of Lindsey Street. They poured 8 yards of concrete, removed 25 tons of debris, and laid 50 sqft of sod. The crew also started repairs on the Imhoff Creek channel liner south of Westbrooke Terrace. They were able to place 150 tons of rip rap and 210 tons of soil to finish the end cap of the channel liner.

DRAINAGE MAINTENANCE

The Channel Maintenance crew removed over 36.5 tons of debris from drainage channels and drainage flumes throughout Norman in October. The Channel Maintenance crew also poured 8 yards of concrete and placed 24 yards of concrete that finished the end treatments for a 72" pipe placed underneath 36th NE.

The Channel Maintenance crew also continued their mowing schedule in October and mowed 2,224,531 ft² of urban drainage way.

URBAN STREET SWEEPING OPERATIONS

A total of 599 lane miles were swept resulting in the removal of approximately 415 tons of debris from various curb lined streets.

STORMWATER OKIE LOCATES

During the month of October, 2899 Call 811 Okie Spots were received. Of those requests, 45 were stormwater pipe locates, 94 were physically checked, and 960 were referred to other departments.

CONSTRUCTION SITE STORMWATER MANAGEMENT

Performed 98 inspections of 86 active sites Issued 0 citation and 0 NOVs to active sites

Issued 0 Earth Change Permits to new projects

MS4 OPERATIONS

Received and responded to 27 citizen calls/ YTD Total is 113.

On October 1, 2019, Carrie Evenson was invited to give a presentation titled "Managing Nutrients and Bacteria in Stormwater Runoff" at the Oklahoma Water and Pollution Control Annual Conference held at Rose State College.

On October 4, 2019, Faith Haynes and Michele Loudenback hosted a Griffin Park cleanup for Hitachi's Green Team. They removed almost 50 pounds of material from the watershed.

On October 5, 2019, Hans Osgood, Amy Shepard, Dr. Evenson and Ms. Loudenback demonstrated the Enviroscape and a street sweeper at the Pioneer Library Touch-a-Truck event held at the Cleveland County Fairgrounds. Oklahoma Water Survey shared the space to discuss a rain barrel workshop scheduled for October 29th at the Norman East Library.

On October 6, 2019, the Lake Thunderbird Watershed Blitz continued with the Griffin Community Park/Sutton Wilderness cleanup. Nine volunteers helped remove around 40 pounds of mostly lightweight materials (Styrofoam, plastic wrapping) from the watershed.

On October 9, 2019, Dr. Evenson and Ms. Loudenback met with Assistant Fire Chief Joel Chesser to review the RFP for a spill response contractor.

On October 15-17, Dr. Evenson attend the EPA Environmental Financial Advisory Board Stormwater Taskforce meeting in Kansas City to discuss funding for stormwater infrastructure projects.

On October 16, 2019, Ms. Loudenback attended the Environmental Control Advisory Board meeting where the various Stormwater Division public education activities for October (Blitz, workshop, rain barrel workshop, etc.) were discussed.

On October 21, 2019, Dr. Evenson was a guest lecturer in Dr. Pai Liu's Landscape Architecture class where she lectured on stormwater management and green infrastructure.

On October 22, 2019, Dr. Evenson and Ms. Loudenback attended the 2019 Julian J. Rothbaum distinguished Lecture titled "Climate Politics in the West: Is Red the New Green?" presented by Stanford political science professor Bruce Cain.

On October 23-24, 2019, Dr. Evenson attended the OFMA Board Retreat and hosted the Stormwater Quality Technical Workshop planning committee meeting.

On October 24, 2019, Dr. Evenson, Scott Sturtz and Jane Hudson, presented staff recommendation to include parking standard revisions within the larger comprehensive review and update of ordinances, the EDC, and other standards and to issue an RFQ to that end.

On October 27, 2019, the Stormwater Division, in conjunction with the Lake Thunderbird Watershed Partnership, hosted the 4th Annual Lake Thunderbird Watershed Workshop and Clean-up Event at the Thunderbird Sailing Club Boathouse inside the State Park. Forty-five attendees learned about the lake, the watershed, soil health, and what they can do to help water quality in their communities. After the presentations, volunteers removed over 600 pounds of trash and other pollutants from the watershed. It was a very successful event!

On October 29, 2019, Dr. Evenson and Ms. Loudenback attended the second stakeholder meeting at DEQ for the reauthorization of OKR04.

On October 29, 2019, Dr. Evenson and Ms. Loudenback attended the JD McCarty Trunk-or-Treat event and handed out approximately 300 color-changing cups filled with stormwater education literature and candy.

Monthly Progress Report Public Works (October 2019)

FLEET DIVISION

The Fleet Management Division Activity Report shows a comprehensive summary of the activity during the month, broken down into 3 subgroups: Fuel Report, Maintenance Report, and Productivity Report.

Fuel Report

<u>Purchases:</u> The Inventory fuel and Outside fuel purchases are added together for each category of fuel - Unleaded gasoline, Diesel fuel, and CNG.

Amount Sold: The amount of Inventory fuel and Outside fuel disbursed to city divisions are shown.

<u>Price Per Gallon</u>: For Inventory Purchases, each time a purchase is made the invoice information, such as quantity and total price is receipted into the Faster system. The Faster program then tallies the information and decides on a price-per-gallon for that purchase. The monthly high and the monthly low price-per-gallon for unleaded gasoline and diesel fuel are shown.

Maintenance Report

Repair Parts Sold: This shows the amount of money spent on repair parts for vehicles during the month.

Tires Sold: This shows the amount of money spent on tires for city vehicles during the month.

Total Parts Sold: This is the sum of Repair Parts and Tires Sold added together.

Sublet Repairs: This is the amount spent on outside repairs during the month.

Road Calls: This is the amount of times Fleet was called out to retrieve/repair a vehicle.

<u>Preventative Maintenance Services:</u> This is the amount of times a vehicle failed to make the appointed preventative maintenance service and had to be rescheduled.

Total Work Orders: This is the amount of work orders for the entire month.

Year to Date Work Order Total: This is the amount of work orders for the entire year.

Productivity Report

<u>Direct Labor Hours:</u> Each mechanic's total direct labor hours are shown. Then the direct labor hours are tallied together. After that the total available hours are shown to assess productivity.

<u>Productivity Goal:</u> When mechanics are productive at 70%, meaning that 70% of their day was spent actually working on vehicles, the City of Norman is in equilibrium. We are able to use the money generated from their direct labor to pay wages, benefits and the utilities.

Actual Productivity: This is the average percent of all the mechanics' total productivity during the available working hours for the month.

Monthly Report October 2019

LINE MAINTENANCE:

Waterline Capital Projects

- Burgundy Court 100% Complete
- Morren Drive 100% Complete
- Rhoades Drive 100% Complete
- East Robinson to Griffin Park 98% Complete
- Wellsite Drive 7%

East Robinson to Griffin Park: Staff will replace 900 feet of deteriorated 6" Ductile iron pipe with 8" PVC from Robinson Street to end at concession stand at Griffin Park. Staff replaced two fire hydrants, passed bacteriological samples changed over meter service, poured 2 yards of concrete, restored surface, project 98% complete.

Wellsite Drive: Staff will replace 700 feet of 8" Ductile Iron with 8" C-900 PVC from Tecumseh Road to end of cul-de-sac. Materials ordered and delivered, project 7% complete.

Water Line Breaks - 15 in October

Sewer Line Capital Projects:

Fiscal Year 19 Summit Lakes Lift Station Rehabilitation Project; Project complete.

Sewer Line Data

- Total obstruction service requests 27
 - Private Plumbing: 27
 - City Infrastructure: 0
 - Sanitary Sewer Overflows: 0

Lift Station D Flows:

- Days 31
- Average daily flow: 1.23 MGD
- Total flow: 38.13 MG

UTILITIES ENGINEERING:

Request For Proposal for On-Call Services issued jointly by the Department of utilities and Public Works. Thirty-five engineering proposals were received and Council approved on-call contracts with ten (10) consultants on 10/22/19

Line Maintenance Building (WA/WW0329)/WRF Storage Building (WW0318): Project will construct new building for Line Maintenance Division consisting of 49 staff; the existing 11,000 SF building is currently located on North Base property adjacent to the Fleet offices and vehicle servicing areas. This project assumes construction of a new 20,000 SF facility NW of the water treatment plant to house administrative offices, the employee breakroom, fire hydrant/meter repair area as well as areas for numerous water and sewer line repair parts, pump repair parts and a work area for pump repairs and testing. RFP issued 06/12/18 for this work with proposals due 07/15/18. On 08/07/18, Barrett L. Williamson Architects selected to provide design and construction services for the projects. Draft scope of work submitted 11/08/18; proposed contract K-1819-142 was forwarded to Architect 04/19/19; Architect suggested changes in revised to standard language in contract which was forwarded to legal staff 06/14/19; Staff is still working to finalize contract language and amount; expect to bring a contract forward to NUA in October 2019.

WASTEWATER PROJECTS:

<u>Lift Station Modifications FY17 (WW0305):</u> Three existing lift stations (LS) need modifications more extensive than is possible under our annual LS Rehabilitation projects. The Ashton Grove, Franklin Road, and Royal Oaks LS work will consist of new pumps, pump guide rails and brackets, and discharge fittings and piping. The Royal Oaks LS also required replacement of the existing wet well with a 10-foot wet well.

Engineer: CP&Y through Lemke Surveying

- Five bids received 02/01/18 with low bidder being Crossland Heavy Contractors of Columbus, KS;
- NUA award to Crossland and contract in amount of \$639,553 approved 02/27/18;
- City Manager approved CO#1 increasing contract amount by \$24,307.46 to \$663,860.46 on 12/14/18;
- All work was complete 12/10/18;
- NUA approved CO#2 decreasing contract by \$11,006.90 to \$652,853.56 and accepted project on 02/12/19.
- Request to close remaining PO's submitted to Finance 07/10/19; project closeout to be completed in October 2019.
- This is the last report on this project.

Sewer Maintenance Project FYE14 (WW0202): Annual project will replace deteriorated sewer lines with High Density Polyethylene (HDPE) pipe and rehabilitate manholes in two construction phases. Phase 1 will replace 25,100 feet of sewer and rehab or replace 148 manholes and is bounded by Robinson Street to the north, Sherry Avenue to the west, Denison Street to the south and Berry Road to the east. Phase 2 is bounded by lowa Street to the north, Sherry Avenue to the west, Main Street to the south, and Berry Road to the east.

Engineer: Staff with assistance from Lemke Surveying and Cardinal Engineering

- Phase 1 completed 01/19/17;
- Five bids received 08/09/18 for Phase 2 work with low bidder being PM Construction and Rehab, LLC of Pasadena, TX;
- NUA award to PM Construction and contract in amount of \$1,348,501 approved 08/28/18;
- Notice to Proceed issued effective 09/17/18 with completion by 06/12/19;
- 9 payments have been processed for total of \$1,199,788 or 90% of the contract amount;
- All pipe-bursting, open trench installation and manhole rehab work is complete:
- Concrete sidewalk and street repairs are complete.
- Project acceptance and final change order approved by NUA 08/27/19.
- Staff has worked with homeowners in the area to resolve issues with restoring yards to pre-construction condition.
- Close out project in December 2019

Sewer Maintenance Project FYE17 (WW0307): This annual project will rehabilitate about 23,800 feet of sewer and 105 manholes, in the area bounded by Cave Creek Street and Pinecrest Street to the north, partially Sequoyah Trail and partially Woodcrest Creek Drive to the west, Rock Creek Road to the south, and 12th Avenue NE to the east. Engineer: Staff with assistance from Lemke Surveying and Cardinal Engineering. Line Maintenance staff completed television work in March 2017. NUA approved professional services expenditure with Lemke for surveying and drafting assistance on 7/26/16; Line Maintenance completed additional survey of existing manholes along 12th Avenue NE/Main to determine need for repair/replacement in FYE17 project; Staff expects to advertise project in November.

Sewer Maintenance Project FYE18 (WW0316): Annual project will replace about 27,800 feet (5 miles) of residential sanitary sewer lines and rehabilitate or replace about 108 manholes in the area bounded by Westbrook Terrace to the North, Highway 9 to the Southwest and Berry Road to the East. Preliminary project layout and scope definition are complete.

Engineer: Staff with assistance from Lemke Surveying and Cardinal Engineering

- Line Maintenance staff completed television work 10/19/18 and forwarded to NUA engineering staff;
- NUA approved professional services expenditure with Lemke for surveying and drafting assistance on 02/12/19;
- Lemke completed initial survey work and delivered draft plans to NUA 07/03/19.
- Plans are being reviewed by Line Maintenance and NUA staff.

<u>Sewer Maintenance Project FYE19 (WW0321)</u>: Annual project may replace about 22,000 feet (over 4 miles) of residential sanitary sewer lines and rehabilitate or replace about 108 manholes in the area bounded by Peter Pan St. to the North, 24th Ave SW to the west, Westbrook Terrace to the south, and Berry Road to the East. Preliminary project layout and scope definition are in progress. Line Maintenance has begun internal video survey of project area. No design work to date, awaiting new on-call contract approval to award contract to Lemke for surveying and drafting assistance.

Engineer: Staff with assistance from local surveyor

Effluent Reuse at Compost Facility (WW0058): A non-potable water system allowing reuse of treated effluent at the WRF is in place. Disinfected wastewater effluent may also be used, if permitted by the ODEQ, for irrigation purposes offsite such as at the Compost Facility south of the WWTP. Wastewater reuse can reduce water demand and delay the need for expensive water supply projects. This project will install piping to the compost facility and examine the need to upsize the non-potable water pumps. Contract K-1213-54 for preparation of Engineering Report (ER) with Alan Plummer and Associates (APAI) approved 09/06/12. After numerous meetings with DEQ; ER for Compost Facility Reuse submitted to DEQ 09/04/13; ER approved on 09/23/14. APAI contract amendment for final design and construction administration approved by NUA 01/27/15; design work proceeding with 90% plans received 02/16/16. Since completion of WRF Phase 2, staff is considering using UV disinfected effluent in lieu of chlorinated effluent for compost irrigation. Staff and APAI requested variance from DEQ reuse rules to accomplish this change on 02/15/18. Staff and APAI met with DEQ 03/29/18 to discuss the proposed variance; DEQ advised NUA on 07/18/18 that the variance was conditionally approved. APAI and staff negotiated scope and price of Compost Reuse Pump Station project; the NUA approved Contract 1819-82 with APAI 12/11/18 to design the project using UV reuse water at the compost facility. Staff met with APAI on 02/08/19 to discuss project with Compost Facility staff and discuss potential project solutions. 100% plans submitted to DEQ 06/19/19 and the DEQ approved the plans 07/15/19. Pre-Bid Conference held 09/12/19 with five contractors attending; bids will be opened 09/19/19. Four bids were received 09/19/19 ranging between \$438,670 and \$635,892 and were much higher than estimated; staff has met with low bidder in attempt to reduce costs and is awaiting additional information

WRF Reuse Pilot Study (WW0317): Project will consider treatment alternatives to produce highly treated effluent at the WRF suitable for discharge into Lake Thunderbird. Pilot project may be co-funded through a Bureau of Reclamation grant. FYE19 funding is for preliminary engineering with pilot phase to be funded in future years. Letter regarding pilot study protocol submitted to DEQ June, 2019. Application was submitted in September and we are awaiting response from BOR whether we will receive matching funds for project.

SE Norman Lift Station Payback (WW0306): Staff has recently updated the wastewater model to project flows generated from full build-out of the Destin Landing Development in SE Norman. A series of interceptors as well as one large lift station with flow equalization can eliminate one existing and three proposed lift stations in southeast Norman. This project will estimate project costs, assign wastewater generation estimates to undeveloped properties to be serviced, and prorate payback costs per parcel based on wastewater generation projections. Developers might initially fund the lift station and/or the NUA with a portion of the funding paid back as additional areas develop. RFP issued 06/12/18 for this work with proposals due 07/15/18. On 08/07/18, staff selected Search, Inc. to prepare the sewer service area study and evaluate its potential as a payback project. Staff expects to bring a contract forward to NUA in January, 2020.

Lift Station D Force Main Replacement (WW0091): Another portion of the Lift Station D 16" ductile iron force main along 12th Ave N.E. is severely deteriorated and in need of replacement. Approximately 3,500 feet of this force main to just south of Rock Creek Road was replaced with 20-inch PVC in 2009. The area needing replacement because of continued breaks is on the west side of 12th from the end of the previous project to the point where it begins to gravity flow near the 12th Avenue Recreation Center. The project is expected to require 2,300 feet of new 20-inch piping, three air release vaults, and a new receiving manhole. The project is currently on hold pending

easement due to the change of ownership for the Sutton Wilderness and potential lease/purchase by City of Norman.

Engineer: PEC, Inc.. (Chris Grizer)

<u>Summit Valley Interceptor (WW0278):</u> The Summit Valley interceptor will extend 12 and 15-inch sewer line northerly from the Summit Valley development to the existing Eastridge LS and allow the Eastridge LS constructed in the 1980's to be removed from service. The existing Summit Valley LS has capacity to serve the area served by the Eastridge LS. Bid Opening – June 27, 2019, Construction Contract Award – August 13, 2019, Start of Construction – September 5, 2019. At the end of October, the Contractor has completed approximately 35% of the project.

Engineer: SMC Consulting, Inc. (Chris Anderson)

Class A Sludge / Co-Composting (WW0312): This Project includes evaluation of biosolids co-composting via the windrow method to achieve Class A Biosolids for the Norman Utilities Authority (Owner) in Norman, Oklahoma. An evaluation of sites near the Water Reclamation Facility (WRF) will be evaluated as well. This scope of services also includes modification and update to Norman Water Reclamation Facility's existing Sludge Management Plan. Technologies were screened and Windrow Composting was determined by the Engineer to the best alternative due to capital cost and operational familiarity considerations. The engineering contract was approved November 2018, Staff and Garver made multiple visits to similar facilities from April to June, Draft of the TM1 was submitted in July, and TM1 completed September 6, 2019

Engineer: Garver, Inc. (Steve Rice)

Septage Receiving Facility (WW0319): The Water Reclamation Facility (WRF) is often contacted regarding the possibility of taking trucked wastewater from hauling companies. Delivery of trucked wastes is not typically approved due to the undocumented quality of the trucked waste. Oklahoma City is currently the only municipal location in the metropolitan area for haulers to dispose of septage. The WRF could potentially generate revenue from companies hauling septage (septic tank clean-outs) and other acceptable wastes. Additionally, City of Norman residents utilizing a private sewage system could benefit through their private haulers having a closer disposal solution. To allow for the new facility, the current WRF treatment processes must be protected which may require temporary storage of the trucked wastes delivered to the WRF while water quality testing is performed to verify its acceptability. Preparation of an engineering study and design is budgeted for FYE19 while construction is budgeted the following year. Engineering contract approved in April 2019, Staff and Olsson toured OKC septage facility in May. The TM1 was received in July and TM2 is expected in October. Estimated completion of report in November. Engineer: Olsson, Inc. (Kevin Rood)

WATER PROJECTS:

Waterline Relocation: Robinson Under I-35 (WA0195): RFP 1314-28 distributed to consultants on 09/06/13; 14 proposals received 10/09/13; Alan Plummer and Associates (APAI) selected and NUA approved preliminary design contract on 01/28/14. Draft Engineering Report (ER) received 04/18/14 and Final ER received 09/25/14. NUA approved APAI Amendment 1 for final design 10/14/14; plans received 06/05/15 were submitted to ODOT 06/12/15; ODOT approved permit for proposed I-35 crossings. Final plans submitted to DEQ 01/12/16 and were approved 01/29/16. APAI submitted easement acquisition documents and all easements/ROW were executed and filed. Project advertised 04/21/16 and pre-bid conference held 05/15/16; 3 bids were received 05/19/16 with McKee Utility Contractors submitting low bid. Award, contract and bonds were approved by NUA 06/14/16 and work began 06/15/16.

Phase I project under I-35 included 3,440 linear feet (LF) of 30-inch water line (with 1,030 LF installed in 48-inch steel casing) and 3,400 LF 12-inch waterlines. McKee completed 30-inch waterline on 12/22/16 to qualify for early completion incentive. All work was completed ahead of schedule on 03/2317. Final change order #1 reconciled asbid to as-built quantities and incorporated early completion bonus for net increase of \$26,371.86 (or 0.79%) for a final contract amount of \$3,364,057. CO#6 and acceptance of the Phase I Robinson Waterline project was approved by NUA 06/27/17.

NUA approved Amendment No. 2 to APAI contract on 11/10/15 authorizing design of Phase II waterline between Crossroads Blvd. and the Brookhaven Water Tower. 80% plans received and are being reviewed by NUA staff as well as the Street and Traffic divisions of the Public Works (PW) Department. Staff is working with the PW Department to obtain conceptual approval of the proposed traffic control plan to be made a part of the construction documents. Flood Plain permit #598 approved 04/02/18 for open trench construction of Brookhaven Creek. 80% Plans returned to APAI 05/08/18; working toward advertisement in September 2018 with construction beginning in January 2019. Revised plans received 10/26/18 and were returned to APAI on 11/8/18 for revision. Revised plans received and submitted to DEQ 11/28/18 for review. Project advertised 12/27/18 and pre-bid meeting was held 01/8/19 with 11 contractors attending. Bids were opened 02/14/19 and six bids were received with Central Contracting Services being the low bidder at \$2,845,591. NUA approved award to Central Contracting Services and approved contract and bonds on 03/26/19. Notice to proceed issued with contract time starting on 04/15/19 and continuing for 270 through 12/11/19. Preconstruction Conference held 07/18/19; Contractor initiated work installing steel casing and 30-inch piping under Brookhaven Creek 09/03/19. Payment of \$1,139,539 or 40% of the \$2,845,591 contract amount has been paid;

Construction has been slowed by numerous underground obstructions and requirement to work in only one lane of Robinson east of 36th; only 400 feet of pipe installed in last month or about 20 feet per working day.

Phase 1 Construction is complete and awaiting chlorination and bacteriological testing; closure of the southern approach to the intersection of Robinson and 36th NW is imminent.

Waterline Relocation: I-35 Widening (WA0196): Unbudgeted project necessitated by ongoing widening of I-35. Total budget of about \$500,000 estimated for replacing three waterlines associated with the I-35 project (24-inch at Briggs Street, 12-inch at Brooks Street and 12-inch at 24th Avenue SW and Highway 9). Team of SAIC/Poe and Associates will prepare design plans as an amendment to the Lindsey Street widening project. ODOT expected to reimburse waterline relocation costs at end of project. NUA approved design contract with SAIC and ODOT relocation agreements on 10/22/13. Design is underway. ODOT has required I-35 crossing at Briggs Street to be deepened to 28 feet below grade; construction costs will increase approximately \$450,000. Project advertised 04/29/14 and three bids were opened 05/22/14; Matthews Trenching was the low bidder at \$997,875. NUA approved contract on 06/10/14; work began 06/11/14 and must be complete by 09/01/14. Bore and encasement and waterline installation complete at 24th SW and at Brooks Street and at Briggs Street. NUA approved Final change order #1 and project acceptance on 12/23/14. NUA submitted 1st reimbursement request to ODOT and \$840,780 has been reimbursed by ODOT; staff will soon submit another request to ODOT. Final engineering invoice from Benham received and final payment has been made; staff will soon request ODOT reimbursement.

<u>Waterline Replacement: Interstate Drive (WA0245):</u> Project will replace approximately 7,500 feet of failing ductile iron water lines with PVC pipe to reduce service disruptions to customers and damage to driveways and streets. The project is located along North Interstate Drive from Sooner Fashion Mall north to Northwest Boulevard and along Copperfield Drive from Northwest Blvd. to Interstate Drive with an extension west into Springbrook Addition. New piping will include about 3,600 feet of 12-inch and 2,700 feet of 8-inch PVC pipe.

Engineer: Cardinal Engineering

- Proposals for engineering design of the project received 7/10/18;
- Cardinal Engineering selected and the NUA approved Contract K-1819-72 totaling \$90,400 on 2/26/19;
- Kickoff meeting held 03/11/19;
- 50% plans received 04/22/19 and returned 05/06/19;
- Additional surveying work approved 05/14/19;
- Staff is coordinating this work with ongoing WL construction by Sooner Fashion Mall
- Amendment #1 to Cardinal design contract to be aproved by NUA 08/27/19;
- Expect to bid project in late fall 2019.

<u>Waterline Transmission: Timberdell and Chautauqua to Jenkins and Constitution – Segment D (WA0239):</u> Project will install approximately 4,800 feet of 24-inch PVC C900 along the south side of Timberdell Road and then along the east side of Jenkins Ave within Reaves Park to the south side of Constitution Avenue. The existing 12-inch ductile iron pipe within Reaves Park will be abandoned and services will be transferred over to the new main. This

project was recommended by the 2003 Water Master Plan (Segment D) and the future connection down to Highway 9 will be done by a future construction project.

Additionally, the recommended portfolio for the 2060 Strategic Water Supply Plan recommended a future non-potable irrigation system from the Water Reclamation Facility to irrigate Reaves Park to reduce the demand on the water system. This project will now be designed and bid with an alternate to install the recommended 16-inch non-potable water line parallel to the proposed 24-inch potable water line. The easement was acquired from OU in March; the engineering design was completed in June and submitted to DEQ. The DEQ permit was received in August and an invitation to bid was issued September 19, 2019, Bid opening was October 10, 2019 and Contract is expected to be awarded November.

Engineer: Poe & Associates, Inc. (Richard Grotte)

<u>Waterline Transmission: Robinson Avenue Water Line Replacement (Phase III) – 24th Avenue NW to Flood Ave (WA0242):</u> Project will reinstall approximately 6,800 feet of 30-inch PVC C900 along Robinson Avenue from just east of the 24th Avenue NW to Flood Avenue. The new 30-inch line will replace the existing 16-inch line. This project will also replace approximately 2,100 feet of 12-inch water line from Canterbury Street to Flood Avenue. The Preliminary alignment was reviewed in April 2019 and the estimated completion of field design was in August, estimated completed design in November, invitation to bid January 2020.

Engineer: Alan Plummer and Associates, Inc. (Chris Ferguson)

<u>Waterline Replacement: Flood Avenue - Robinson to Venture (WA0328):</u> Project will replace approximately 12,700 feet of 16-inch water line from Robinson Street to Tecumseh Road, and about 2,900 feet of 12-inch from Tecumseh to Venture Drive with 16-inch C900 PVC pipe. The existing ductile iron pipe is not compatible with the corrosive clay soils. It is failing, causing service disruptions to customers and damage to driveways, streets, and yards. In combination with this project, the potential for using existing wells along Flood for blending back into the water system using the existing pipe after rehabilitation will be evaluated. Design is funded in FYE19, with construction funded in FYE20. Engineering contract approved March 26, 2019. Project kickoff meeting was held in April. Completion of field investigation in June with an estimated submittal to DEQ in DEcember, Final design in February 2020 and invitation to bid in March 2020.

Engineer: CP&Y, Inc. (John Leavitt)

Gray Street Waterline Replacement (WA0202/WA0224); C. H. Guernsey and Company was selected for the design of the Gray Street Waterline Replacement. Plans are under review. CO#2 to Berry WL project will be considered on 10/25/16 adding 1,200 feet of 16-inch waterline along Main Street between Flood and Acres to the project; this was originally part of the Gray Street project. NUA approved Amendment #1 to Guernsey contract adding additional waterline replacements along Gray and Tonhawa under project WA0224. Work is being delayed due to desire to not have Gray Street under construction at same time as Main Street Enhancement by PW. Kickoff meeting held; Lemke Surveying completed survey work for project in late October; design process is underway. Supplemental survey data collected by drone flying over project area; accuracy and detail received is outstanding. Staff is working with the Street Department to install new waterline under 3 intersections associated with the Lahoma Street reconstruction project which crosses the Gray/Tonhawa WL Replacement project. NUA and Guernsey staffs walked majority of project 05/02/18 to finalize proposed location and construction methodology. Open trench construction with pavement repairs was generally chosen in lieu of directional drilling at increased depth with pavement repairs at entry points and service line locations. 50% plan review completed in May 2019; submittal of Railroad permit application in June: Floodplain permit submittal and hearing July/August. Completion of design in September, submittal to DEQ for permit in September, completion of railroad permit in September and invitation to bid October 24, 2019. Bid opening November 14, 2019, Contract award December 12, 2019

Engineer: Guernsey (Larry Roach)

<u>Water Treatment Plant Expansion (WA0291/WB0292):</u> Phase II design will include the installation of ozone treatment, UV treatment, an upgrade of the high service pumps serving the pressure plane, on-site chlorine generation, new ammonia feed system, and additional SCADA improvements. Design contract with Carollo approved by NUA 05/22/12. Ozone pilot study began in October 2012 and was complete March 2013. Pilot plant results and preliminary engineering plans presented to NUA 07/08//14 with total project costs estimated at \$33,540,000. NUA approved final engineering contract on 02/10/15. Design plans completed and DEQ approved all variances

associated with the project. The NUA loan in the amount of \$31 million was approved by OWRB January 17, 2017. NUA approved acceptance of loan January 24, 2017 and loan closing was January 31st with a rate of 2.81% locked in for 15 years. Bids were opened 3/23/17. Low bidder was Foley Company of Kansas City, Missouri followed by Archer Western and Garney. NUA approved Foley Company's contract and bonds in the amount of \$29,990,165 5/9/17. Staff held the pre-construction meeting 5/31/17 and construction is underway. Contractor began by relocating lines that interfered with new chemical building. Contractor completed 104 required piers for chemical building, installed all ductwork, poured slab and building is roofed and equipment being installed. Contractor excavated ozone contact basin, installed piping, poured slab and completed roof. Contractor excavated UV building. poured slab and inside is nearing completion. Large piping was completed that passed through UV building. First partial plant shutdown was held 11/13/17 and the project has required 5 others to date. All shutdowns have been without issue. The high pressure plane pumps have been installed and were placed back in operation 4/23/19. Maintenance building is 99% complete and is being used to store equipment. Administration building is 90% complete. Contractor has completed \$26,171,510 of the \$30,515,462 total contract. Staff is running new Sodium Hypochlorite (chlorine) system for two weeks and if successful with no disruptions, gas chlorine cylinders will be shipped back to manufacturer. The new Liquid Ammonium Sulfate (LAS) is currently be fed as well as Fluorosilicic acid (fluoride). Project completion date is anticipated to be January 2020.

Engineer: Carollo Engineers (Amber Wooten)

FYE15 Water Wells and Supply Lines: Staff issued RFP 08/18/15 for water rights permitting, well field design, test and production well design, well house design and distribution system improvements. 14 proposals were received 09/14/15; staff selected several consultants and followed with contract negotiations. On 02/09/16 the NUA approved APAI contract K-1516-85 to update of our city wide water model; NUA approved contract with Cowan to perform water right permitting through the OWRB on 02/26/16 and approved contract with Carollo to perform well field design, and test/production well design on 06/14/16. On 2/14/17 NUA approved contract with Garver to study pros and cons for utilizing horizontal well technologies for one of our wells. Each project is broken out below.

Water Rights Permitting Cowan (WA0212): Cowan submitted a technical memorandum 7/1/16 for staff's review and edits. Staff met with Cowan Group December 7, 2016 and decided to pursue Option #3 of the technical memorandum which states to obtain additional water rights for the upcoming 10-12 wells. Cowan was in a holding pattern until Carollo finalized well sites. Cowan received well locations from Carollo March 12, 2018 and have been revising approach for seeking water rights to fully utilize former prior water rights. Cowan has also been asked to plan a water right coverage to fully supply the horizontal well. Cowan discussed at the well kick-off meeting January 23, 2019 that prior water rights would be transferred for all new wells drilled and they will provide sufficient water rights so that additional rights are not needed at this time. Cowan has begun the water rights process and working with OWRB to complete application before October 1, 2019. After application, they will publish legal notice in paper and mail notifications. Public meeting will be later in process January or February, 2020. Engineer: Cowan Group (Tim Ward)

Well Field Blending at WTP (WA0214) and Wellfield Design:

Blending - This project considers a portion of our well field as non-potable and assumes non-potable waterlines from about 7 southern wells can be blended with treated water at our WTP to meet a new Chromium MCL (and/or other metals of concern) by constructing about 5 miles of waterline. Projects will be constructed in phases to continue utilization of our existing well field as much as practical. Carollo reviewed a blending scheme and directed staff to gather additional information related to past gross alpha results. The first batch of samples suggested merit to the idea that Uranium data might contribute more to the readings and thus inflate our past reported values. Additional samples were taken May 2017 and results again confirmed Uranium data was incorrect and inflating the reported values. Staff and Carollo met with DEQ to share new compliance data findings on April 6, 2017 and again on July 6, 2017 to request permission to reactivate wells. DEQ agreed but directed Norman to use an Oklahoma DEQ certified lab to perform first quarter compliance sampling beginning September 2017. Samples were collected in September by staff and the results came back once again that the water met all rules regarding gross alpha. DEQ agreed the samples were safe regarding Adjusted Gross Alpha and DEQ inspected and gave permission for the wells to be returned to service in January 2018. The well field count is now up to 32 active wells from being at 31 previously. The design for a blending scheme will be delayed until deemed necessary.

Wellfield - Carollo and staff held a coordination meeting with ACOG the morning of July 18th and also held a kickoff meeting the afternoon of July 18, 2016. ACOG prepared a map showing potential thick sands that will be targeted for future wells. Carollo used this information along with GIS data and composed a more robust map to better define future well locations to pursue. Additionally, it was decided to stay with ½ mile spacing so that maximum yields can be achieved. Carollo received modeling information from APAI which allowed them to proceed with optimizing the best well sites based on proposed groundwater treatment plant sites. Carollo prepared a Draft Technical Memorandum (TM) and staff provided comments and 45 potential well sites were selected. Carollo performed an optimization model and 20 of the 45 well sites stand out as sites to begin with. Carollo and staff prepared an addendum to their contract and it was approved by NUA 2/13/18. The next step is to approach land owners to negotiate test well sites. A Frequently Asked Questions sheet has been drafted and will be utilized with potential well site land owners. Test wells are expected to begin in September 2018. Staff is working with Carollo and their sub-consultant to obtain necessary access agreements for potential well sites. Approximately 8 landowners are interested and staff is moving forward with securing documents for 5 of them. Well Construction bids were opened and read aloud October 18, 2018. Layne Christiensen was low bidder and a contract in the amount of \$4,714,421,72 was approved November 27, 2018 at NUA meeting. Held kick off meeting January 23, 2019 and again met February 27, 2019. Layne has drilled all test holes and plan to begin final well drilling January 2020. All 11 well site easements and deeds were approved by NUA on October 22, 2019. Engineer: Carollo Engineers (Rebecca Poole)

Project Tasks/Dates:

- Well Drilling Began February 2019
- Estimated Completion May 2020

Horizontal Well Feasibility Study – Garver met with staff and proposed an option that could be advantageous for future Norman wells. Normal wells are drilled vertically down through various sand layers. Screens are placed at each sand layer to allow the water in the sand layer to enter the well and be removed by pumping. Horizontal wells are directed down to the sand layer and then steered horizontally within the sand layer. This will significantly increase the ability for water to enter the well since it is dependent on the amount of screen surface area against the sand layer. A few consultants have approached staff to further investigate this concept that is unproven in this aquifer but has a potential to yield much more water per well. Staff finalized a contract with Garver and NUA approved it February 14, 2017. Staff supplied past well data to Garver and a draft technical memorandum was submitted to staff for review. Garver partnered with Pumps of Oklahoma and researched how much more water can be expected utilizing horizontal water wells. They also reviewed the operation and maintenance that the City can expect with a completed horizontal well. The oil and gas industry has utilized these types of wells and have found great success in increased yields. The water industry has only applied this concept for river (alluvial) wells but not for sand layers deeper into aquifer formations such as the Garber-Wellington. Staff coordinated a meeting between Garver and selected peer review team interested in vetting the concept of deep horizontal wells for domestic water. The group met Friday 12/1/17 and had no major concerns with the concept. Staff and Garver presented findings to NUA 12/5/17 and again there was support for the concept to date. Staff and Garver met again with 2 hydrogeologists on 1/12/18 to finalize comments received to date. Staff prepared an amendment to Garver's contract to begin Phase If of the Design which will include test wells as part of the investigation. The NUA approved amendment 2/13/18 which allows Garver to proceed with Technical Memorandum (TM) #2. The findings from this TM will determine if the NUA will move forward with drilling the wells or not. The next step to drill a test well awaits permission granted by a potential landowner. Staff is working with Carollo and their sub-consultant to obtain necessary access agreements. Two of these landowners are not interested and one has not responded to mailed letters and/or been contacted. Staff proposed a site near one of the chosen sites and the landowner accepted offer. The horizontal test well began drilling in September and staff awaits results of water quality from the various sand zones. Another test was drilled in October at a different land site and it showed favorable results in both sand thickness and water quality. Staff and consultant held meeting Friday November 9, 2018 and both agreed that a proposal and cost should be brought forth for NUA consideration to proceed with the next phase of drilling a horizontal well as a pilot project. Staff met with consultant and discussed options of normal construction bid build, Construction Management at Risk (CMAR), Public Private Partnership (PPP). Staff met again with consultant to select a path forward and it was decided to bring a PPP plan for NUA further discussion. The plan was received June 2019 and staff is reviewing and will provide comments to Contractor July 16, 2019. A meeting was held August 1 and water quality portions of a potential contract were discussed. Staff met several times and after fully vetting the risk/reward regarding water quality, it was decided to postpone any additional work on horizontal well. Staff will instead shift focus to vertical wells to complete the project to obtain 2 MGD additional water supply. A final letter was mailed to CWS and Garver thanking them for their work thus far and confirming we will not pursue a horizontal well at this time.

lon Exchange and Stannous Chloride Reduction Removal of Chromium Pilot Project – March 2016 the Bureau of Reclamation's Science & Technology Program approached the NUA and asked to trial two other types of known treatment for Chromium VI removal. The first lead lag unit was installed into Well #48 10/28/16. NUA staff assisted in the installation and type of treatment piloted was ion exchange using a resin that is specific for adsorbing Chromium from the water. The lead lag system at Well #48 worked well and did finally exhaust the media. Once the chromium adsorbs to the resin media, the columns can be sent back to a lab for regeneration and the resin media can be re-used. The next trial was scheduled for ion exchange to run the columns in parallel as shown below. Unfortunately, FEDEX shipment damaged a few of the tubes and this unit awaits the replacement tubes. The resin media from the lead lag was shipped to U.C. Davis for regeneration. They investigated cost effective ways of regenerating media using brine.

RCF - The second type of treatment at Well #44 was Reduction Coagulation Filtration utilizing Stannous Chloride. The pilot unit was commissioned November 30, 2016. There is much known literature utilizing Ferrous Sulfate and or Ferrous Chloride but stannous chloride is a newly discovered less expensive form of treatment that has the water treatment industry excited.

BOR and WTP crews installed the RCF system at Well #44 and the system works by reducing the Cr VI (dissolved form) into Cr III (solid form particulate). Once it forms the particulates, they are filtered and removed from the water. The stannous chloride is a liquid which is pumped into the well stream which goes through a reaction column. After the reaction column, cartridge filters are utilized to remove the chromium particulates. Sample ports are utilized throughout the sequence to analyze the amount of chromium in the water and the goal is to reduce the chromium to levels below 10 ppb. As shown from a snap shot of Cr VI data on 12/15/16,

SP1=94 ppb, SP2=7 ppb, SP3=1 ppb, SP4=6 ppb, SP5=1 ppb. The project has experienced some difficulties with the cartridge filters allowing small amounts to pass through. BOR thinks Norman could pursue larger mixed media filters similar to what is used at the WTP. They applied and were approved to extend their study of the filters in particular. BOR staff returned October 12, 2017 and constructed a pilot to perform additional testing on our well water and set up a deeper bed media filter system. In addition, they set up 3 pipe materials to test for any possible precipitation to pipe walls. BOR has extended the project and now expect results by late Fall of 2019.

Master Meter Project – Bids to install 10 master meters were opened 7/24/14. An agenda item was taken to Council but suspended until written documentation was obtained from USPS, MNTC, JD McCarty, and Veterans Center. On 6/19/17, staff received approval from USPS to install one meter and vault to accommodate a water line project they had underway. This project was completed 7/27/17. The permission letter they provided allows staff to complete the two other sites for USPS. Staff has made contact with MNTC and is scheduling a meeting in April 2018 to obtain similar written documentation to allow for the 3 new meter vaults to be installed on their property. Staff contacted the State of Oklahoma to obtain similar letter for JD McCarty and Veterans Center which have 2 new meter vaults each to be installed. Staff met with State of Oklahoma Real Estate officials and they requested additional information but seem amenable to our project. Additional documents were sent for their review. They emailed they are currently reviewing documents as of 6/6/18. Staff is designing a project along Robinson that will front the J.D. McCarty Center and the Veteran's Center. Staff is planning to meet with State officials as part of that effort. Staff has been unable to establish a meeting with MNTC.

Engineer: In House

WTP Backwash Tower Resurfacing Project – This project has been delayed as to not interfere with the current ongoing WTP Phase II project. Staff met with a consultant that will be preparing the specifications for recoating. NUA approved design contract with Dunham Engineering on September 25, 2018. Preliminary design was complete by June 2019 and construction will not be scheduled until October 2019 after the work of WTP Phase II is complete. Project opened bids September 12, 2019. CTEX from Texas was apparent low bidder at \$220,000. NUA approved the contract October 22, 2019. Staff is delaying a few weeks before issuing NTP due to contractor not ready at water treatment plant project. Engineer: Dunham Engineering (Joe Seiter)

Water Metering / Billing Audit Project - This project began in March 2018. Staff is working along with a meter consultant to randomly check approximately 130 domestic meters for accuracy. Meters were sent April 10, 2018 to a third party testing facility that will be used to verify accuracy of measurements. The consultant will compile findings within a report for staff review. Report was received October 2018 and after reviewing results, the ROI was not favorable at this time. Staff is continuing research for a better method to improving our meter replacement program.

Robinson Water Line: WTP to 24th Ave NE – Freese and Nichols, Inc. was selected as the consultant for the 42-inch water line project from the water treatment plant to 24th Avenue NE. This project was identified by the water model and is also being expedited to dovetail into the Public Works 24th Street road widening project. NUA approved the contract for Freese and Nichols, Inc. at their September 11, 2018 meeting to begin design of this 42-inch water line project. Staff received 50% plans December 10, 2018 and returned comments January 7, 2019. Consultant made revisions and met again with staff on January 23, 2019. Project opened bids April 25, 2019 and McKee Utility Contractors, Inc. was low bidder at \$1.46 million. Construction clearing began July 2019 and project is 95% complete. Crews will disinfect lines next week and project will be complete by December 2019.

Engineer: Freese and Nichols, Inc. (Clay Hernden)

Robinson Water Line: 24th Ave NE to 12th Ave NE - Jacobs Engineering was selected as the consultant for the 30inch water line project from 24th Ave NE to 12th Ave NE. The consultant prepared scope and fee in January for staff to consider and contract negotiations are underway. A scope and fee have tentatively been agreed to and a contract will be taken to NUA in November.

Engineer: Jacobs Engineering (Erika Cooper)

Water Line Replacement, Parsons Addition (WA0246): A contract (K-1819-87) with Cabbiness Engineering, LLC was approved by NUA 12/11/18. Survey has been completed and a technical design memo was completed and reviewed by staff. With the existence of several large trees that will be impacted, staff held a neighborhood meeting 4/10/19. Approximately 21 people attended representing OU, sororities and fraternities, homeowners and landlords. The direction taken from the meeting was to start this summer and work through fall until completion. Staff offered summer work only and perform over two summers but it was unanimous 21 votes to start and continue until finished. It was also decided to install water line in the street and not under sidewalks. Staff followed up with meetings between consultant and potential contractors and it was decided that the project must be split into 2 summer phases to be successful. Phase I will begin July 1, 2019 and complete December 2019. Phase II is scheduled to begin May 15, 2020 and complete August 15, 2020. Bids were opened June 13, 2019 and SW Water Works was low bidder at \$828,112. NUA approved contract June 25, 2019 and construction began July 8, 2019. Crews completed last concrete pours November 5, 2019. A final walk through is scheduled for Friday November 8, 2019. Staff will bring final as-bid to as-built quantities and change order for NUA consideration in December.

Engineer: Cabbiness Engineering, LLC (Sean Price)

Line Maintenance Building/WRF Storage Building: Project will construct new building for Line Maintenance Division consisting of 49 staff; the existing 11,000 SF building is currently located on North Base property adjacent to the Fleet offices and vehicle servicing areas. This project assumes construction of a new 20,000 SF facility NW of the water treatment plant to house administrative offices, the employee breakroom, fire hydrant/meter repair area as well as areas for numerous water and sewer line repair parts, pump repair parts and a work area for pump repairs and testing. RFP issued 06/12/18 for this work with proposals due 07/15/18.

On 08/07/18, staff selected Barrett L. Williamson Architects, to design and provide limited construction assistance for the two building projects.

Draft scope of work provided to staff 11/08/18; comment provided and proposed contract K-1819-142 was forwarded to Architect 04/19/19.

Architect suggested changes in revised to standard language in contract which was forwarded to legal staff 06/14/19 Staff is still working to finalize contract language and contract amount and expects to bring a contract forward to NUA in August 2019.

<u>Line Maintenance Building/WRF Storage Building:</u> Project will construct new building for Line Maintenance Division consisting of 49 staff; the existing 11,000 SF building is currently located on North Base property adjacent to the Fleet offices and vehicle servicing areas. This project assumes construction of a new 20,000 SF facility NW of the water treatment plant to house administrative offices, the employee breakroom, fire hydrant/meter repair area as well as areas for numerous water and sewer line repair parts, pump repair parts and a work area for pump repairs and testing.

- RFP issued 06/12/18 for this work with proposals due 07/15/18.
- On 08/07/18, staff selected Barrett L. Williamson Architects. to design and provide limited construction assistance for the two building projects.
- Draft scope of work provided to staff 11/08/18; comment provided and proposed contract K-1819-142 was forwarded to Architect 04/19/19.
- Architect suggested changes in revised to standard language in contract which was forwarded to legal staff 06/14/19
- Staff is still working to finalize contract language and contract amount and expects to bring a contract forward to NUA in August 2019.

SANITATION CAPITAL PROJECTS:

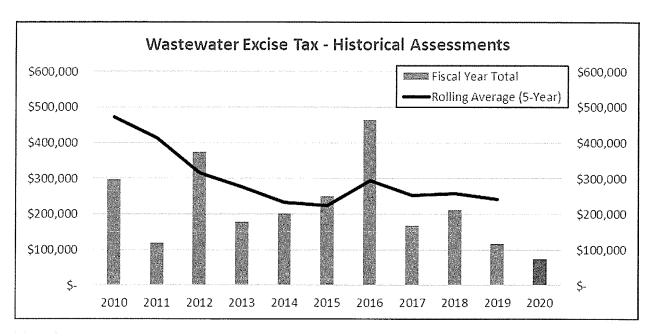

Truck Wash Facility (SA0015)/ Container Maintenance Facility (SA0009): Project will provide an automated truck wash facility at the sanitation storage yard north of the WRF and will provide a new enlarged maintenance, and regulatory compliant welding and painting facility for solid waste collection containers. The Truck Wash Facility will be available to all City vehicles, but designed primarily for large equipment. For the container maintenance facility, the newly proposed location is on the site of the Transfer Station. Upon learning of the potential bus wash facility to be constructed at the North Base Campus, Utilities and Public Works have begun discussions regarding coordination of the facilities and the potential to combine efforts into facility capable of meeting needs for both departments and the City.

A Household Hazardous Waste Facility will also be included within this project. This Facility is necessary to allow for City residents a timely disposal option for household wastes that cannot be disposed using their normal polycart service. Currently, an annual collection day is held for City residents to dispose of their items but this has proven to be challenging in recent years. Draft scope received in March 2019 and the contract was review completed and approved in July. Staff and Studio Architects visited other HHW facilities in May. Draft engineering report expected in November.

Architect: Studio Architects, LLC (George Winters)

RECOUPMENT/PAYBACK PROJECTS:

WRF Investment Fee/Wastewater Excise Tax: Staff calculated the Wastewater Excise Tax on 10 commercial entities last month. Assessments of \$12,279.20 were made on 6 entities whose projects will increase wastewater flows (4 applications not assessed). Through October, 37 commercial properties were reviewed and a total of \$86,411.68 has been assessed. Below are graphs showing the amount assessed and the number reviewed.

<u>NW Sewer Study</u>: 36th Interceptor & Force Main Payback projects established in 1998/1999: Because of abandonment of Carrington LS, two resolutions reducing number of parcels requiring payback approved 01/10/12. Releases for many properties now served by North interceptor system projects were filed of record in 2012. NUA approved appropriation of payback funds on 12/05/17. Collected payback fees of \$697 for Jolley Addition on 03/23/18. Staff is working to issue payback checks to developers in November 2019.

<u>Sewer Service Area 5 Payback</u>: Payback project established by R-0304-13 for NUA share of sewer improvements along Highway 9 from the Summit Valley Lift Station to the USPS.

North Porter Waterline Payback: Payback project established 04/12/05 for 12-inch waterline constructed by Calvary Free Will Baptist Church along Porter Avenue from Tecumseh Road north. Total payback to date is \$0.00 of potential \$61,177.

36th Avenue NW Waterline Payback: Payback project established 08/24/99 for 24-inch waterline along 36th Avenue NW from Tecumseh Road to SE 34th in Moore. Total payback to date is \$65,123.

24th Avenue NW Waterline Payback: Payback project established 04/22/08 for 24-inch waterline along 24th Avenue NW from convention center to Tecumseh Road. UNP Professional Center Lot 5 paid \$8,848.53 on 10/13/17 and Shops at Tecumseh Crossing paid \$9,485.15 on 10/06/17; total payback to date is \$87,074 of original project cost of \$346,134.

<u>Post Oak Lift Station Payback:</u> Payback project approved 04/14/09 for sewer and lift station improvements to serve the Links development and other properties in SE Norman. Construction complete and final payback costs approved 01/25/11. Parcel 5 payback of \$15,717.09 paid 12/15/15; total of \$15,717.09 paid to date and will be returned to Links at end of fiscal year. Payback funds returned to Links in January 2018. Links check reissued in July 2019 as previous check was never cashed.

Interstate Drive Waterline Payback: NUA approved new payback project on 04/22/14 for waterline improvements in University North Park in conjunction with the extension of Interstate Drive. Construction was complete in late 2015. Staff has finalized project costs, payback amounts and the associated agenda item. This agenda item will likely be considered concurrently with the proposed Ruby Grant Payback project described below.

Ruby Grant Waterline Payback: NUA will soon consider a new waterline payback project for waterline improvements along Franklin Road in conjunction with the Ruby Grant Park Improvements. Norman Forward through the Parks Department will fund 50% and the NUA will fund the remaining costs to be paid back over 20 years as property to the north develops. Design plans are complete and project will bid 07/25/19..Staff has completed agenda item to declare the project a payback project but must wait for lowest bid price to be determined.

ENVIRONMENTAL CONTROL ADVISORY BOARD (ECAB)

- 1. Provided staff liaison support including attending meetings, preparation of minutes, and issue research.
- 2. ECAB members developed environmental tips and practices to be distributed to the media.
- 3. Members are working on public education material and projects for water issues and recycling.
- 4. Subcommittee is researching implementation of the US Mayors' Climate Protection Agreement,

CLEVELAND COUNTY LOCAL EMERGENCY PLANNING COMMITTEE (LEPC)

1. Provided routine staff support including attending meetings and preparation of minutes.

MISCELLANEOUS ACTIVITIES

- 1. Staff maintain and loan out recycling containers for special events. Containers are routinely used at the OKC Memorial Marathon, Earth Day, May Fair, Summer Breeze concerts, Midsummer Nights Fair, Groovefest, and 2nd Friday Art Walks.
- Working on Phase II of the Fats, Oils and Grease Program (FOG) to include OU businesses, fraternities, sororities, and long-term care facilities.
- 3. As of October, 2019, approximately 61,700 gallons of grease/solids had been prevented from entering the sanitary sewer in FYE 20 as a result of the FOG program.
- 4. Staff isworking with other departments to increase energy efficiency i.e. turning off computers, duplex printing, anti-idling, methane recovery, and retrofitting pumps with variable speed drives.
- 5. DEQ and staff are working with the Product Stewardship Institute on a statewide effort to initiate take-back programs similar to Oregon's take-back program for paint.
- 6. Implementing a Dental Amalgam Program to comply with new federal regulations.
- 7. Working on annual renewals for participants in the FOG Program.
- 8. Staff is assisting with plans for a permanent HHW facility
- 9. Staff applied for and received a grant from DEQ for equipment for the new HHW facility
- 10. Preparing for the annual HHW event
