RE: Proposed "Morning Dove Acres"
A "Norman Rural Certificate of Survey Plat"
in the NW/4, Sec. 22, T-8-N, R-1-W
Norman, Cleveland County, Oklahoma

To all interested parties,

I hereby request; on behalf of the developer, that the City of Norman allow a variance in the width of the private road paving. The standard minimum width is 20 feet for private road but because the road only serves two (2) tracts, it's generally accepted that the width can be less. I request that the paving be 12' wide because of this reason. If you require additional information please contact me.

Respectfully,
D. Mike Dossey, PLS No. 1431
