Councilmember Clark said Item 32 is Resolution R-1718-124 – to consider forwarding a draft University North Park (UNP) Project Plan to the Statutory Review Committee for review, comment, and recommendation. The UNP Project Plan is a structural document authorized by the Local Development Act (a State Statute) that authorizes the use of tax collections generated by private investment into the development itself to assist in the cost of public infrastructure or other authorized project costs. The UNP Development is owned by a subsidiary of the University of Oklahoma Foundation. The OU Foundation is a separate legal entity than the University of Oklahoma. The University of Oklahoma is a political subdivision of the State of Oklahoma; however, the University of Oklahoma is the beneficiary of OU Foundation investment activities. She said she is employed as the Director of the JC Penney Leadership Center at the University of Oklahoma Michael Price College of Business. She does not work for OU Foundation or any of the OU Foundation subsidiaries. she said her job responsibilities are not associated in any way with the UNP Development.

The City of Norman Ethics Ordinance directs Councilmembers to recuse on items in which they have an actual conflict of interest or a pecuniary interest, or to disclose a possible conflict of interest on a particular item to avoid the perception of a conflict of interest.

Councilmember Clark consulted with both the OU Legal Counsel's office and the City Attorney's Office on this matter, and she does not have a pecuniary interest, nor will she suffer or enjoy a benefit, detriment, or employment consequence that may vary with the outcome of Council's decision on this item. However, it is possible that a conflict of interest could be perceived due to her employment with the University of Oklahoma in her capacity as Director of the JC Penney Leadership Center at the Michael Price College of Business. At this time she wants to affirmatively state that she intends to cast her vote on this item, but will not incur a benefit, detriment, or employment consequence from the University of Oklahoma Michael Price College of Business as Director of the JC Penney Leadership Center regardless of her vote on this item.

Mayor Miller said she owns rental property in the notification area required for Items 34 and 35.

“The City of Norman Ethics Ordinance directs Councilmembers to recuse on items in which they have an actual conflict of interest or a pecuniary interest, or to disclose a possible conflict of interest on a particular item to avoid the perception of a conflict of interest.

“She has consulted with the City Attorney’s Office on this matter, and while she does not have a pecuniary interest that may vary with the outcome of Council’s decision on this item, it is possible that a conflict of interest could be perceived due to the location of her rental property within the notice area. At this time she affirmatively stated that she intends to cast her vote on this item, but will not incur a benefit, detriment, or other pecuniary interest regardless of her vote on this item regarding the request for a change in Land Use and Zoning for this property.”
