## **Overall Mission of Agency**

Adult day services are the most affordable option for long term healthcare today, and Full Circle is the only provider of adult day services in Cleveland County. Our mission is to be the premier provider of comprehensive, individually focused, quality-based services in order to support and enrich the lives of seniors, their families, and the community. We are guided by a vision that calls for us to provide person centered care in a nurturing atmosphere, so that members of the community can continue to age in place.

Full Circle provides safe, professional, friendly daytime care in a non-residential, community setting from 7:30am-5:30pm, Monday through Friday. We are also open one Saturday a month. We offer therapeutic activities for senior adults, enabling family caregivers to work, attend to personal matters, or take a break without concern. Our services include nutritious, well-balanced meals and refreshments, structured activities, exercise, health monitoring, companionship, counseling, and medication supervision. The center also serves as an information and support center for primary caregivers (ie. resource library, monthly support group, annual caregiver education course).

According to our most recent records, Full Circle served 76 families for the 2012 fiscal year. We are currently providing services to approximately 31 families, and enrollment is open to accept new members. We are actively marketing and performing outreach to rural communities in an effort to increase public awareness. Thirty-nine percent (39%) of our members are considered low income and are receiving financial assistance to attend. Individuals attend between 2 and 5 days per week, depending on their specific family needs. Members range in age from 49 to 94 years of age, with majority of these (87%) being Norman residents.

We currently employ 1 Licensed Practical Nurse, 3 Certified Nurses Assistants, 1 Kitchen Manager, 1 Activity Director, 1 Assistant Director/Marketing Coordinator and 1 Executive Director. As enrollment increases, staffing needs increase, as we are required by the state to maintain a low staff to member ratio.

## Project Proposal

Proposal: Two desktop computers with monitors: \$2500

OSBI background checks for prospective employees and volunteers: \$1000

**Computers:** Full Circle endeavors to provide premier care, services and activities to our participants. This effort involves the use of many technological capabilities.

Our nursing staff uses computer technology to track participant's daily medical evaluations, new participant intake, Care Team calendar of events, and electronic mail correspondence with doctors' offices and colleagues.

The Activity Director utilizes the computer to research new activities to keep the participants' mind and body engaged. She creates a monthly calendar, which is required by the state, but also helps the participants' caregivers to initiate conversation with their loved ones thus enriching their family life. She researches the latest trends in making exercise fun and stimulating the mind with arts, crafts, history and music. As the Volunteer Coordinator she also tracks and recruits volunteers via the computer.

The Executive Director and Assistant Director both utilize computers for billing, bookkeeping, attendance tracking, donor tracking, research, electronic mail correspondence, networking, teambuilding, creating our monthly newsletter, updating our website and day to day operations. We have an agreement with our bookkeeper which allows us to perform data entry into our Quickbooks software account. This enables the bookkeeper to reduce the number of trips to our office to two per month as well as the amount of time spent on premises. This is a significant cost savings to our organization.

The Executive Director and Assistant Director are each in need of new computers. Both computers are several years old and frequently freeze up or overheat causing a significant increase in the time it takes to accomplish tasks. The Assistant Director's computer threatens to crash almost weekly and we hold our breath hoping today is not the day.

**OSBI Background Checks:** All Long Term Care Providers, including Adult Day Providers, are required to participate in national background checks. The current cost is \$19 per background check. With the implementation in the near future of a fingerprint requirement as well, the cost may increase. We appreciate and value our volunteers and do not want their volunteer work to be a financial burden; however, many of our volunteers are students with limited funds or retirees on fixed incomes. Our volunteers give so much to the community and to the culture of our organization we would like to continue to pay for background checks. Unfortunately, the cost has become a challenge for us.

## **Financial Information**

Each month the Full Circle Board Treasurer reviews the internal financial statement and reports at the monthly board meeting, and the organization undergoes an independent audit each year.

Full Circle is licensed by the Department of Health and is inspected annually to determine compliance with the Adult day care regulations. We contract with the Department of Human Services in which the Office of the Inspector General reviews our audit each year.

Policy and Procedures are reviewed and updated regularly by staff and the board of directors. Internal control procedures are in place and are currently being reviewed by an independent certified accountant. At this time, all purchases are made by credit card or check and receipts and billing statements are compared and examined by the Executive Director, Assistant Director, President and Vice President of the Board. We are in the process of streamlining our accounts receivable and payable processes so that they are more automated and less susceptible to error.

Last year's budget, this year's projected budget, and IRS determination letter follow as attachments. Our 2012-2013 Audit is not complete at this time; however, I have included the 2012 audit.

Notes to Financial Statements  
June 30, 2012

Use of Estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results could differ from those estimates.

Cash and cash Equivalents

Cash and cash equivalents include cash in bank accounts, petty cash, and any short term investments with original maturities of three months or less.

Property and Equipment

Acquisitions of property and equipment greater than \$500 are carried at cost or, if donated, at the approximate fair value at the date of donation. Depreciation is computed using the straight-line method over the life of the equipment which varies from 5-10 years.

Revenue Recognition

Contributions received are recorded as unrestricted, temporarily restricted, or permanently restricted support, depending on the existence and/or nature of any donor restrictions.

All donor-restricted support is reported as an increase in temporarily restricted or permanently restricted net assets, depending on the nature of the restriction. When a restriction expires (that is, when a stipulated time restriction ends or purpose restriction is accomplished), temporarily restricted net assets are reclassified to unrestricted net assets and reported in the statement of activities as net assets released from restrictions. If restrictions on temporarily restricted net assets are met in the reporting period, they are reported as unrestricted support.

The Organization does not imply time restrictions on gifts of long-lived assets. In the absence of explicit donor stipulation as to how long an asset must be held, the Organization releases any purpose restrictions when the asset is placed in service for the use stipulated by the donor.

Grant revenues are recognized in revenue when earned based on performing conditional requirements as stated in the related grant agreement, if any.

Full Circle Adult Day Center, Inc.  
Notes to Financial Statements  
June 30, 2012

No permanently restricted assets were held during the year ending June 30, 2012 and accordingly, these financial statements do not reflect any activity related to this class of net assets.

Contributed Services and Materials

Full Circle Adult Day Center, Inc. receives services donated by a variety of unpaid volunteers assisting the Organization in its programs. No amounts have been reflected in the financial statements for those services since they do not meet the criteria for recognition under FASB ASC 958.

The Organization records the value of donated supplies, assets and services when there is an objective basis available to measure their value. During the fiscal year ending June 30, 2012, no material items were received.

Federal and State Contracts

The Organization receives funding through federal and state contracts. Acceptance of these contracts requires compliance with contracts conditions. Any costs disallowed by the contracts must be paid by non-governmental funds.

Income Tax Status

The Organization is a not-for-profit organization that is exempt from income taxes under Section 501(c)(3) of the Internal Revenue Code. The Organization has also been classified as an entity that is not a private organization within the meaning of Section 509(a)(1) and qualifies for deductible contributions. No provision for federal or state income taxes has been recorded. There was no interest or penalties to the Internal Revenue Service included in these financial statements. The Organization's tax returns are generally subject to examination by the Internal Revenue Service and the State of Oklahoma for a period of three years from the date they are to be filed.

Functional Allocation of Expenses

The Organization allocates its expenses on a functional basis among its program activities, fund-raising activities and support services. Expenses and support services that can be identified with a specific program are allocated directly to the program.

Full Circle Adult Day Center, Inc.  
Notes to Financial Statements  
June 30, 2012

Expenses that are common to different functions are allocated based on various relationships.

Concentration of Credit Risk

Full Circle Adult Day Center, Inc. maintains cash balances at various financial institutions. The Federal Deposit Insurance Corporation insures interest bearing accounts at each institution up to \$250,000 at June 30, 2012.

Noninterest bearing transactional accounts currently have unlimited FDIC insurance coverage. The Organization requires the banks with which it does business to provide collateral for amounts exceeding federal insurance coverage. All cash balances were insured or collateralized at June 30, 2012.

Advertising Expense – All advertising costs which approximated \$6,728 for the year ending June 30, 2012, are expensed as incurred or when the first time advertising takes place.

Norman, Oklahoma

We have audited the financial statements of Full Circle Adult Day Center, Inc. (a nonprofit organization) as of and for the year ended June 30, 2012, and have issued our report thereon dated May 13, 2013. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States.

#### Internal Control over Financial Reporting

In planning and performing our audit, we considered Full Circle Adult Day Center, Inc.'s internal control over financial reporting as a basis for designing our auditing procedures for the purpose of expressing our opinion on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the Full Circle Adult Day Center, Inc.'s internal control over financial reporting. Accordingly, we do not express an opinion on the effectiveness of the Organization's internal control over financial reporting.

*A deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct misstatements on a timely basis. A *material weakness* is a deficiency, or a combination of deficiencies, in internal control such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis.

Our consideration of internal control over financial reporting was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over financial reporting that might be deficiencies, significant deficiencies, or material weaknesses. We did not identify any deficiencies in internal control over financial reporting that we consider to be material weaknesses, as defined above.

#### Compliance and Other Matters

As part of obtaining reasonable assurance about whether Full Circle Adult Day Center, Inc.'s financial statements are free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

We noted certain matters that we reported to management of Full Circle Adult Day Center, Inc. in a separate letter dated May 13, 2013.

This report is intended solely for the information and use of management, Department of Human Services, and others within the entity and is not intended to be and should not be used by anyone other than these specified parties.
