RE: T-Mobile Site No. OK1239A/Tecumseh
Brookhaven Street Water Tower - Contract K-0607-57

Dear Sirs:

The Norman Utilities Authority (NUA) is by this letter providing written notice to T-Mobile of its intent to terminate the contract effective December 31, 2016 unless the monthly rental is increased with its renewal on January 1, 2017. At present, the monthly rental will increase by 3% from \$1,304.77 to \$1,343.92 beginning January 1, 2017. The NUA believes the amount of rental received under the existing contract is inadequate. The NUA believes a monthly rental of \$2,350 beginning January 1, 2017 and continuing to escalate annually at 3% is reasonable and reflective of current market conditions. An amendment to the Agreement will be needed to accomplish this change.

Pursuant to Article I of the above referenced Agreement, the second term of the Agreement will expire on December 31, 2016. The Agreement is automatically renewed for three (3) additional terms of five (5) years each, unless LESSEE provides LESSOR with written notice of its intention not to renew or to re-negotiate. The Agreement allows the LESSOR to terminate or renegotiate said Agreement with at least one hundred eighty days (180) days' written notice prior to expiration of the current five-year term.

Please advise if these terms are acceptable. If not, the NUA will seriously re-consider its options regarding contract termination. If you have questions, please contact me at 405-366-5377.

Sincerely,

NORMAN UTILITIES AUTHORITY

Mark Daniels
Utilities Engineer
