DESCRIPTION OF WORK: Approval to install concrete side walk in platted utility easement
LEGALS OF WORK LOCATION: 1810 Marymount
Lot 2, Block 5, Hallbrooke Addition Section 6, Cleveland County

Mr. Geddes;

Your request for approval from Oklahoma Gas & Electric Company (OG&E) to allow the installation of a concrete side walk in the 20' utility easement located inside the back lot line, has been reviewed. Our records indicate OG&E has an underground primary line as well as a secondary line which serves your meter in this utility easement. According to our Service Technician Tim Kugler, you gave him your assurance that none of our lines would have concrete installed over them. Care will need to be taken not to disturb any of our facilities. With this in mind, OG&E does not object to the proposed work, provided, the applicant abides by all of the city of Norman guidelines for the type of work to be done, and does the following:

- 1.) Notify "Call-Okie" at (405) 840-5032 at least 48 hours before digging to have all lines marked.
- 2.) If equipment is involved and is as high as the lowest OG&E overhead wire, approximately 18 feet, and it will be operating within 10 feet of our wire, you should call OG&E construction at 553-5143, to have wires covered.
- 3.) Call OG&E construction at 553-5143 two days before drilling and/or trenching closer than ten feet to an OG&E utility pole and/or wire, or five feet to an OG&E underground line.
- 4.) OG&E would not be held responsible for damaging a private line in a (public/platted) easement.
- 5.) OG&E would need to be reimbursed for any damage to its facilities.
- 6.) OG&E would need to be reimbursed ahead of time for the cost of relocating any facilities.

Should service to our customers be disrupted due to work being performed by you or your contractors, both parties will be responsible for any costs incurred by OG&E to restore service. Obtaining a Permit from the city of Norman, or beginning the above referenced work constitutes acceptance of the terms of this letter. If you have any questions, or if I can provide you with any other information, please contact me at (405) 553-8033.

Sincerely,
