Greenbelt Commission Final Comments - GBC 20-08

The Greenbelt Commission forwards the project with no additional comments.

- Sidewalks along 12th NW are critical for connecting Flood Street and Tecumseh, both of which will be planned for pedestrian trails/sidewalks (Norman Forward and the Greenbelt Priority Trail System, respectively).
- Greatly appreciate that there is a road connection to the housing division to the east so children can travel to Highland Village Park without having to go onto arterial roads.
