Re: Proposed "Diehm Acres"
A Norman Rural Certificate of Survey Plat
in the NE/4 of Sec.5, T8N, R1W, I.M.
Norman, Cleveland County, Oklahoma.

To all Interested parties,

I hereby request; on behalf of the developer, that the City of Norman allow a variance in the width of the private road. The standard width is 20', but because the road only serves two (2) Tracts, it's generally accepted that the width can be less. I request the width be 12' wide because of this reason. This has been reviewed and accepted by City Staff. If you have any questions or concerns, please contact me email centerlineok@gmail.com

Regards:
Ronald D. Smith, PLS
