(b) The franchise hereby granted shall be effective from and after the date of approval of this Ordinance by the registered voters of the City and acceptance by the Company, and shall remain in full force and effect for a term no longer than twenty-five years beginning on December 14, 2018 and ending no later than December 13, 2043; provided however, the City will have five (5) opt out options from this franchise after each successive five (5) year periods. In order to facilitate the opt out discussions, the Company shall provide to the City six (6) months before each five-year anniversary from December 14, 2018, a report that shall address, at a minimum: (1) the results of a verifiable customer satisfaction survey by class of customers for each of said five years; (2) a demonstrated measurable increase by total number and percentage in each class of customers in the use of renewable sources of energy and whether such supply of renewable energy sources is sufficient to meet customer requests in the City; (3) an increased investment in the infrastructure in the City with a separately identified investment that addresses the capacity, sustainability, timeline of completion for improvements to the downtown Norman power grid; and (4) a shorter response time to replace burned out bulbs. To provide a baseline for future assessment, the Company shall provide to the City no later than October 14, 2018, a report containing then current (and, if desired by the Company, historical) data for each of these four factors. Nothing in this Ordinance shall be construed to prevent the City from granting an electric franchise to any other person, firm or corporation; or, to opt out of this Franchise at any one of the five-year opt out points based on changes in the law that allows for a municipal based electric utility, the condemnation of utility infrastructure or the deregulation of the electric utility market in the City. The City Council will affirmatively vote on or before the passage of each successive five-year point as to whether to opt out of this franchise.

12. Unless otherwise prohibited by law from imposing the following the restrictions on the Company for its activities in the places covered by this franchise, the Company agrees to the following restrictions: (1) No chemicals shall be sprayed that are used for the primary purpose to kill trees, or other vegetation, unless said chemical(s) and the spraying process is approved by City council; (2) No trees shall be removed that have a diameter of more than fifteen (15) inches as measured at a point of four and one-half feet above ground without the prior written permission from the property owner; and (3) No vegetation, shrubs, and smaller trees shall be trimmed, removed, or mowed without prior written notice posted no less than one hundred twenty hours (5 days) in advance of said action at the primary entrance to the structure on the property or a location visible to the public from the main traveled roadway adjacent to the property. These restrictions are expressly waived by the City in the circumstances of an emergency, a natural disaster, or a threat to public safety.

The Mayor declared the motion carried and Ordinance O-1718-1, as amended, was further amended as stated above.

Thereupon, Councilmember Wilson moved that Ordinance O-1718-1, as amended, be further amended to add Section 13 to read as follows:

13. Unless otherwise prohibited by law, the Company shall pay to the City twenty-five percent (25%) of its gross revenues arising from the use of any of its poles, wires, conduits, transformers, substations, and other facilities and equipment for any purpose other than the producing, transmitting, distributing, and selling of electricity to the City, its inhabitants and to the public generally. The Company grants the City authority to inspect the reasonably necessary records to verify the accuracy of the payment amount, which shall be submitted to the City concurrently with the franchise payment discussed in Section 7. In the alternative, the Company and the City may mutually agree to apply these revenues to the reasonable cost to bury existing above ground electric lines. Further, unless otherwise prohibited by law, the City, or its assign, may install telecommunication cables and other related equipment on the Company's poles, subject to a reasonable pole attachment as may be required by law, and at no cost to the City for the use of said poles to the extent allowed by the law.

MISCELLANEOUS DISCUSSION

School Safe ID Kiosk. Ms. Lauren Lackey, 1130 Grover Lane, read a letter on behalf of Rachel Davis who had to leave the meeting to go to work. Ms. Davis thanked City Council for their time this evening and for giving the citizens of this community an opportunity to speak. Ms. Davis is a long time resident of Ward 7 and has lived in Norman for a total of 27 years. In October she became aware that a Level Two registered sex offender was living right next to her daughter's elementary school which is a clear violation of residency restrictions placed upon individuals required to submit identification information to the Oklahoma Sex Offender Registration Act. She said within a matter of weeks she found another Level Two sex offender with a registered address that was right next to another elementary school in Norman. She spent many hours and much of her own money trying to

understand why this matter of public safety in her personal opinion was being so blatantly disregarded. After communicating with the Norman Police Department, the Cleveland County Sheriff's Department, her City Councilmember, a State Representative, an Assistant City Attorney, principals in both elementary schools, the Citizen's Public Safety Oversight Committee, and several litigation attorneys, although it is clear this appears to be a serious issue, no one seems to be able to truly address it. She attended an enrollment confirmation for her daughter on August 1, 2017, and was shown a new School Safe ID Kiosk. She was informed these kiosks were being installed in all of the schools in Norman. She asked the principal if these kiosks had anything to do with the Real ID Act and was told these kiosks were linked to a federal database. She asked for more information. The answer she got was that they were not sure; the school wants to make sure people that should not be in the schools are not in the schools. She contacted Norman Public Schools Administration to confirm her suspicion that these kiosks were being installed as a direct result of her notifying the schools of the fact there were registered sex offenders very recently convicted of crimes relating to children both living within .2 miles or 1,056 feet away from each of these sites. She said she learned that the newly appointed Chief Operating Officer was unaware of either of the offenders' proximity to either of the elementary schools and that the purchase of the School Safe ID Kiosks was initiated before he began his job. She has been in touch with several litigation attorneys and none of them seem to believe there is any way to address this matter in a court of civil law. She said the City Attorney's office has informed her it is not a criminal matter. She is considering retaining a local civil litigator who is the only attorney who has not said they cannot take this case on. She said the litigator would use the funds supplied to his retainer to investigate this issue, because he can tell this is a criminal matter. She is willing to try to "get to the bottom of this" and unwilling to remain silent. She will spend her hard earned dollars to make sure everyone is aware of the situation. She asked everyone to stand with her and if so, how can they move forward.

2. Offender Details from the Oklahoma Sex and Violent Offender Registry dated October 21, 2017
3. Crime News from *the Norman Transcript* dated July 25, 2014

5. Oklahoma State Statute Title 57-590, OB.'S. Supplement 2012
6. Map Quest for location near Madison School

Councilmember Holman said he met with Ms. Davis and Representative Emily Virgin to discuss the issue and one of the most difficult things he has encountered as an elected official is feeling powerless to do something about a problem. He said this person who was convicted for possession of child pornography, can see the front doors of Madison Elementary School from his home as well as all of the children who walk out of the school. He agrees there has not been a solution presented that people can live with. He said it was unfortunate Ms. Davis could not stay long enough to read the letter herself. He hopes the Police Department, City Staff, any State Representatives, or anybody who might be listening could find a solution to this problem. He said he does not want to wait until something has happened to find the solution.

Solar Power and OG&E Agreement. Mr. Andrew Sartain, 810 Jona Kay Terrace, thanked Councilmembers for the detailed conversation and reaching out to the public on social media to allow public comments. He does not think anyone here is anti-OG&E and he is not against OG&E as a company, but he does not feel satisfied with the progress that has been made. He said as a citizen and a business owner he does not just want to use energy, he wants to be a producer of the energy. He said the Environmental Control Advisory Board is presently working on revising the 2005 Climate Agreement and read a paragraph about renewable energy. He said in 2016, Oklahoma was ranked 48 out of 50 states in solar production and solar access and the price of solar investment has decreased by 64% in the last five years. Oklahoma City was recently ranked #8 of the best cities in the country for solar power potential by Google Project Sunroof. He said Norman has two locally owned companies, Bergey Windpower and Delta Energy and Design that could be creating new jobs and strong solar and small scale wind all over Norman. He said Norman could be considered one of the highest value solar markets in the country. He said in March, 2017, the Oklahoma Corporation Commission voted down another utility request to raise rates on rooftop solar customers. He thinks it

Miscellaneous Discussion, continued:

is worth questioning which utilities are the ones pushing these policies that are not in favor of the production. He asked OG&E who the largest provider of energy for Oklahoma is and why Oklahoma is 48 out of 50 in solar production. He asked, beyond the solar fields and the wind farms, what is the plan to help homeowners and businesses start producing renewable energy. He said a cookie cutter agreement is very convenient and has worked well in the past, but 21st Century energy will not and cannot be considered a cookie cutter solution. He said each city has its own strengths for energy use and production that should be looked into. He hopes OG&E addresses these concerns.

Ms. Mary Francis, 850C Cardinal Creek Condos, said solar power is created by OG&E; however, OG&E went to the Oklahoma Corporation Commission (OCC) and asked those who want to generate the power on their rooftops not be allowed to do that. She said some people called it the Sun Tax, a fee for people who put solar on top of their roofs, which is a clear deterrent and possibly one of the reasons why Oklahoma is 48 out of 50. She said there were many people who went to an OCC hearing to comment on the fact OG&E wants to put scrubbers in a 40-year old coal fired power plant and OCC approved to spend \$500,000,000 on this plant. She said they are still allowed to do this and the electric increases are going to come from the ratepayer. She said OG&E is a for profit company and there are 42 publicly owned electric utilities in Oklahoma that are non-profit. She said information about publicly owned electric companies can be found at Municipal Electric Systems of Oklahoma, MESO.org.

Councilmember Holman thanked everyone who came to the meeting and also the representatives from OG&E for attending the meeting. He said this had been a very important, needed discussion.

Councilmember Wilson said she appreciated the discussion this evening and was happy that Council did not rubber stamp the agreement.

Lights on Highway 9. Mr. Bobby Stevens, Post Office Box 6266, said there are approximately 15 street lights that are not lit up on Highway 9 and Highway 77 and if they are not going to turn them on, then they should be taken down.

*

Tinhorn Issue. Mr. Bobby Stevens, Post Office Box 6266, said he was one of the last people to put in an asphalt driveway where he lives and the tinhorn was taken out by the City, but never reinstalled. He said City staff told him they would not put it back in. He said the tinhorn did not belong to the City or the Homeowner's Association and he wants to be reimbursed or given a new tinhorn.

*

Norman Police Department. Mr. Bobby Stevens, Post Office Box 6266, said he has been a wrecker driver for the last twenty years and received a ticket last week. He said he was guilty because he was speeding. He said he had a Crown Royal bag that held loose change and a package of Cigarillos and that is apparently probable cause for the Norman Police Department to search his vehicle with a drug dog. He said as a small business owner it had been very upsetting. He said he will pay the ticket and does not plan on coming back to Norman.

*

Contaminated Sidewalks. Mr. John Shaw, 318 East Hayes Street, expressed concern about the sidewalks on Asp and Buchanan and North of Boyd Street, which are dirty because drinks and food had been spilled on them. He wants the City to do something about this issue. He suggested a thorough power washing. He believes it is necessary and will make a lot of people happy.

2nd Friday Art Walk. Councilmember Hickman said September 8th will be the 2nd Friday Art Walk and there will be a rescue dog event at Stash. He said also people will have the opportunity to raise money by dunking him in the dunk tank.

*

Daughter Leaving for College. Councilmember Hickman said he will be taking his daughter to Columbia University in New York City and would appreciate any positive thoughts, comments and prayers to send her on her way. He said he wanted to give a shout out to his daughter Abby who he loves.

*

Baby Gift. Councilmember Bierman said she will be giving birth to her first child in December and she received the best baby gift this evening from Karen Chapmen who is very active with Friends of Bishop Creek and known for her iconic overalls. She said her baby now has his/her very own pair of Roundhouse Oklahoma made overalls and she thanked Karen for the gift.

*

Indigenous People's Day. Mayor Miller said one of the items on the agenda that was really important was that the City recognized their Native American population with a resolution declaring the 2nd Monday in October as Indigenous Peoples' Day. She said this was a really big thing and because of everything else going on this evening, the topic got lost. She said the City takes pride for being an inclusive community and she congratulated the fact that everybody thought it was a good thing.
