RE: Rezone of 223 McCullough

To Whom It May Concern:

I am opposed to the rezoning of the above tract due to parking problems, side and front set backs and non compliance of design and lack of enforcement for leasing to more than 3 tenants per residence with different surname. This increased density is causing problems to the neighborhood.

You as a city should enforce compliance for set backs, drainage issues, parking issue and not allow the building of increased density housing in neighborhoods that do not accommodate more than adequate parking, set backs, drainage and congestion for emergency purposes. All parking should be on property not our streets you can't even drive down the street due to parking.

I will not be in town on September 12 however I am extremely against the rezoning so developers can have free rain over building with no regard to the good of the neighborhood.

Sincerely

Addico Properties LLC
