RE: Consent to encroach easement at 2018 Morning Dew Trail Norman OK 73072

Mrs. Clark,

My name is Jade Noles and I am in the process of building a pool at my residence located at 2018 Morning Dew Trail in Norman. The desired location of our pool requires us to encroach on an easement in our backyard. We have worked directly with all the utility companies that have lines inside this easement and have successfully relocated all of those lines into a new easement that has been dedicated for their use. Included with this letter are letters from COX communications, OEC and ONG stating they have no objection to our pool encroaching on the old easement since their lines are no longer located inside that easement. Also included is a site plan showing our old easement and the location of the pool and where it encroaches. It also shows the location of the new easement where all those utilities have been relocated to. I am asking that you grant me a consent to encroach so we can move forward with obtaining permits to begin construction on our pool. If you have any questions you can contact me anytime. My contact information is listed below. Thanks and let me know if you have any questions.
