Norman Fire Department  
415 E Main  
Norman, Ok73071  
Mark Castell, Asst. Chief

Reference: Station #1- 48 Kw Generac Generator(natural gas)/50kw Diesel Unit

Faith Electric, Inc. proposes to furnish and install the following:

1. 48 Kw Generac Generator/400 Amp Transfer Switch. (Gas Unit)
2. Labor and material required to connect the generator to electrical system.
3. Gas Line Connections.
4. Poured Concrete Pad
5. Norman Permits.

The Cost for this installation is \$26,150.00  
Upgrade to 50 Kw Diesel cost is \$27,350.00

Maintenance cost is \$395.00 odd years, \$549.00 even years.(gas unit)  
Optional 10 year Generac Warranty \$1,350.00.(gas or diesel unit)  
Remote Monitoring System \$400.00 includes 1 year of monitoring.

The Standard Factory Warranty is a 5 year limited warranty.

This installation will operate the complete building. The gas unit installation will require the Fire Department to contract with ONG for additional gas meter that will supply only the Generator. Unit sized based on OGE peak demand of 34 Kw.

Thank you for giving Faith Electric, Inc. the opportunity to provide your generator needs. Feel free to call the office with any questions.

Sincerely,

Larry Admire  
President
