

RELOCATION AGREEMENT

THIS RELOCATION AGREEMENT (the "Agreement") is entered into this 20th day of February, 2014, by and between DCP Midstream, LP, a Delaware limited partnership ("DCP") and the City of Norman, an Oklahoma municipality ("City").

WHEREAS, DCP is the successor and current owner of all rights, title and interest in and to that certain Right of Way Agreement dated October 8, 2008, which was filed _____ and recorded in Book 4544 at Page 792 of the records of the County Clerk of Cleveland County, Oklahoma, (the "Easement"), which Easement covers that certain property described on Exhibit A attached hereto and made part hereof (the "Easement Property");

WHEREAS, DCP is operating a Steel four inch (4") natural gas pipeline (the "Pipeline") over and through a portion of the Easement which crosses 12th Street and Cedar Lane Road in Norman, Oklahoma (the "Street") owned by City where the City intends to complete certain renovations in the area where the Pipeline crosses the Street as depicted and described on Exhibit B attached hereto and made a part hereof; and

WHEREAS, City has requested DCP to relocate the Pipeline to a deeper depth within the Easement for which portions of such relocation will be within the Street and portions of such relocation will be within private property, and DCP has agreed to relocate the Pipeline, provided that City shall pay the costs DCP incurs in relocating the Pipeline as more particularly set out herein.

NOW THEREFORE, in consideration of the premises and of the terms, covenants and conditions hereinafter set forth, it is agreed by and between the parties hereto as follows:

1. Subject to the terms set out in this Agreement, DCP (or a subcontractor of DCP) agrees to relocate the Pipeline to a new site on the Easement Property as more specifically shown and described on Exhibit B (the "Pipeline Relocation Area"), the design and specifications for which shall be subject to DCP's discretion and approval. City agrees to pay all of the costs that DCP incurs in relocating the Pipeline. DCP's total estimated cost to accomplish such relocation is \$76,785.00 (the "Estimate") as shown on the attached Exhibit C, but the final cost may be more or less than the Estimate. City agrees to pay DCP the Estimated costs within 15 days of the City's execution of this Agreement. In the event the final cost, including, but not limited to, materials, labor, reasonable overhead, insurance, incidentals, and all other costs and expenses

relating to the costs of the relocation of the Pipeline, (collectively the "Final Cost") exceeds the Estimate, then City shall pay to DCP the Final Cost less the Estimate that was previously paid within ten (10) days from written demand therefor, provided such demand shall be accompanied with such invoices, purchase orders or other documentation to reasonably evidence such Final Cost. In the event the Final Cost is less than the Estimate that City previously paid, then DCP shall refund to City the positive difference between the Estimate and the Final Cost.

2. Subject to the terms set out in this Agreement, DCP agrees to move and relocate the Pipeline to the Pipeline Relocation Area. DCP further agrees to complete such relocation work in compliance with the applicable statutes, rules and regulations of all federal, state and local governmental entities having jurisdiction. DCP shall use reasonable efforts to keep City fully informed regarding the progress and status of the relocation work. DCP agrees to commence the relocation after receipt of the payment of the Estimate from City.

3. City hereby authorizes DCP and its contractors and representatives to enter upon the Street and surrounding area for the purpose of performing all work and construction activities necessary to relocate the Pipeline as contemplated by this Agreement.

4. This Agreement is not intended and shall not be construed to create the relationship of agent, servant, employee, partnership, joint venture or association as between DCP and City nor between any officer, employee, contractor or representative of DCP or City. No joint employment is intended or created by this Agreement for any purpose. DCP and City agree to so inform their respective employees, agents, contractors and subcontractors, who are involved in the implementation of or construction under this Agreement.

5. If any party defaults in the performance of any provision contained herein, the non-defaulting party shall have all remedies available at law or in equity, including, without limitation, the remedy of specific performance, to the extent available. No remedy shall exclude any other remedy. All remedies shall be cumulative.

6. All notices and communications required or permitted to be given hereunder shall be in writing and mailed by certified or registered mail, postage prepaid, or by Federal Express, Airborne Express, or similar reputable overnight delivery service, address as follows:

If to DCP: DCP Midstream, LP
 3201 Quail Springs Parkway
 Suite 100

Oklahoma City, Oklahoma 73134
Attn: Sr. ROW Specialist

If to City:

City of Norman, Oklahoma

Attn: _____

Notice shall be deemed to have been given upon receipt or refusal.

7. Each party represents to the other that this Agreement and all documents to be executed in connection herewith, have been duly authorized, and each party has the corporate power necessary for the execution and delivery of each of such documents and the performance of their respective terms and the individuals executing this Agreement and all other documents to be delivered herewith on behalf of the applicable party hereto have been duly appointed and authorized to do so.

8. This Agreement shall be construed under the laws of the State of Oklahoma.

9. This Agreement constitutes the entire agreement between the parties hereto.

10. This Agreement may be executed in counterparts, each of which for all purposes shall be deemed an original, and all of which shall constitute collectively one agreement.

11. Contemporaneously with the execution hereof, for no further permit fees or consideration, the City shall grant and does hereby grant to DCP all permits and approvals necessary for the construction, location, operation and maintenance of the Pipeline within the Street, as relocated pursuant to this Agreement.

12. This Agreement shall be binding upon and shall inure to the benefit of the parties hereto and their respective successors and assigns.

[Signature page follows.]

IN WITNESS WHEREOF, DCP and CITY have entered into this Agreement as of the 20 day of February, 2014.

**PARTIAL RELEASE, AMENDMENT, AND RATIFICATION
OF EASEMENT AGREEMENT**

311

THIS PARTIAL RELEASE, AMENDMENT AND RATIFICATION OF EASEMENT AGREEMENT (the "**Agreement**") is entered into as of October 8, 2008, by and among **DCP MIDSTREAM, LP**, a Delaware limited partnership (successor in interest to ("**DCP**") and Cedar Lane, LLC (whether one or more, "**GRANTEE**").

RECITALS

- A. GRANTEE is the owner of certain real property located in Cleveland County, Oklahoma, which property is more particularly described on the survey (the "Survey") attached hereto as Exhibit A (the "Land").
- B. The Land is subject to Right of Way Grants attached as Schedule C which grants a right of way and easement for pipelines in Section 16, Township 8 North, Range 2 West, Cleveland County, Oklahoma (the "Easement").
- C. GRANTEE currently owns the Land, and DCP currently owns the Easement.
- D. GRANTEE has requested that DCP amend the Easement to provide for a restriction of the Easement, and DCP is willing to amend the Easement as provided herein.

FOR GOOD AND VALUABLE CONSIDERATION, the parties hereby agree as follows:

1. Without restricting or releasing any part of the Easement with respect to real property other than the Land, DCP hereby quitclaims and releases (without warranty of title, express or implied) all of DCP's right, title and interest in and to that part of the Easement that is outside of the area depicted as the "Reserved Right-of-Way" in Exhibit A to this Agreement (the retained part of the Easement is referred to herein as the "Reserved Right-of-Way").
2. There are currently one or more natural gas, natural gas liquids, crude oil, refined petroleum, carbon dioxide and other liquid or vaporous substances, or hydrocarbon pipelines (the pipeline or pipelines, along with cathodic protection equipment, valves, above ground facilities and other appurtenances are collectively referred to herein as the "Pipelines") on, in, or under the Reserved Right-of-Way.
3. The Easement is hereby amended by adding thereto the following provisions:
 - (a) Except for the Permitted Improvements (as defined below), GRANTEE shall not: (i) construct any structures, facilities or other encroachments over, through, upon, under or across the Reserved Right-of-Way, (ii) change the grade of the surface or excavate, or permit others to change the grade of the surface or excavate, over, through, upon, under or across the Reserved Right-of-Way for any purposes, (iii) interfere with or endanger the Pipelines or other pipelines or facilities constructed on or under the

005011005 PRE

or permit others to change the grade of the surface or excavate, over, through, upon, under or across the Reserved Right-of-Way for any purposes, (iii) interfere with or endanger the Pipelines or other pipelines or facilities constructed on or under the Reserved Right-of-Way, or (iv) create or allow any liens or encumbrances on the Land that could affect the Easement. The term "**Permitted Improvements**" means any streets, driveways or sidewalks which are identified in a survey and DCP specifically consents to in advance in writing. DCP shall not unreasonably withhold or delay granting any such consent.

- (b) GRANTEE shall cause there to be placed and maintained a minimum of 36 inches of soil between the top of pipelines and the base of any and all Permitted Improvements. DCP shall have no obligation to repair, restore or replace any Permitted Improvements or to compensate GRANTEE for any damage to or destruction of the Permitted Improvements arising out of ownership, operation, maintenance, repair or replacement of or additions to DCP's facilities on, in or under the Reserved Right-of-Way. DCP shall have the right to abandon all pipelines in place.
 - (c) Prior to commencing (or allowing to be commenced) any activities, including, without limitation, maintenance, repair, or landscaping activities over, through, upon, under or across the Reserved Right-of-Way, GRANTEE shall notify DCP and all applicable governmental agencies or authorities of the full particulars of the same in writing.
 - (d) DCP shall, at any time, and from time to time: (i) have reasonable rights of ingress and egress on, over and across the Land and (ii) have the right to enter upon the Reserved Right-of-Way, place and transport machinery and equipment thereon, excavate trenches or ditches thereon, and perform maintenance and other pipeline operations and related activities thereon.
 - (e) GRANTEE shall reimburse DCP in full for all reasonable costs and expenses incurred by DCP in connection with the restoration, repair, or replacement of any of the Reserved Right-of-Way or any pipelines or appurtenances on, over or under the Reserved Right-of-Way which are damaged by the activities of GRANTEE or any successors, assigns, employees, officers, directors, partners, members, agents, representatives, guests, invitees, licensees, contractors, or subcontractors of GRANTEE (collectively, the "**GRANTEE Group**"). If, as a result of Permitted Improvements, DCP is required to encase, lower or relocate any pipelines or related facilities under applicable laws or governmental regulations, and/or minimum pipeline operating safety standards, as determined by industry practices, GRANTEE shall immediately reimburse DCP for the costs thereof upon receipt of DCP's invoice.
4. GRANTEE hereby adopts, ratifies and confirms the Easement (as hereby amended) and further grants and conveys to DCP an additional and exclusive right-of-way and easement in, on and under the Reserved Right-of-Way for the purpose of, from time to time, laying,

constructing, operating, inspecting, maintaining, repairing, substituting, changing the size of, and removing existing or additional future natural gas, natural gas liquids, crude oil, refined petroleum, carbon dioxide or other liquid or vaporous substances, and hydrocarbon pipelines, above and below ground equipment, valves, tie-overs, cathodic protection facilities (including, without limitation, groundbeds, rectifiers and anodes) and other appurtenances over, through, upon, under or across the Reserved Right-of-Way. The Reserved Right-of-Way shall continue in full force and effect, and may only be terminated by a written instrument executed by DCP.

5. GRANTEE hereby represents and warrants that (a) GRANTEE has good and marketable title to the Land, free and clear of any liens or encumbrances that might interfere with DCP's continued ownership and operation of the Reserved Right-of-Way or Pipeline, (b) GRANTEE has the full right, power and authority to enter into and deliver this Agreement without breach of any contract or covenant and (c) the Pipelines are located on and under the Reserved Right-of-Way. To the extent (x) the Pipelines is not located within the Reserved Right-of-Way or (y) the Reserved Right-of-Way does not cover at least 10' on each side of the Pipelines; then the Reserved Right-of-Way is hereby expanded to include a minimum of 10' on each side of the Pipelines.
6. **GRANTEE WAIVES AND RELEASES DCP, ITS AFFILIATES, CONTRACTORS, AND SUBCONTRACTORS, AND EACH OF THEIR PREDECESSORS, SUCCESSORS, ASSIGNS, EMPLOYEES, OFFICERS, DIRECTORS, PARTNERS, MEMBERS AND REPRESENTATIVES (COLLECTIVELY, THE "DCP GROUP") FROM EVERY CLAIM (AS DEFINED BELOW), WHETHER OR NOT ARISING OUT OF THE SOLE, JOINT, CONCURRENT OR GROSS NEGLIGENCE, FAULT OR STRICT LIABILITY OF DCP OR ANY OF THE DCP GROUP OR ANY OTHER PERSON OR ENTITY.**
7. "Claim" means every claim, demand, expense, cost (including court costs and attorneys' fees), liability, statutory liability, damage, debt, civil fine or penalty, suit or cause of action of whatsoever kind or character (including, without limitation, breach of contract, personal injury, death, property damage, pollution, contamination or environmental damage), whether in contract or tort, at law or in equity, whether or not known, accrued or asserted, and relating to, arising from, resulting from, incidental to or attributable to the prior, present or future ownership, use, activity or operation of, at, on or near the Land or of any pipelines or facilities thereon or thereunder (including, without limitation, any failure of or bursting, breakage or leakage from any pipelines or facilities or any explosion, fire or pollution).
8. **NOTWITHSTANDING ANYTHING TO THE CONTRARY, NONE OF THE FOREGOING WAIVERS AND RELEASES SHALL APPLY TO ANY ACTS OF DCP OR ANY OF THE DCP GROUP OCCURRING AFTER THE DATE OF THIS AGREEMENT.**
9. **GRANTEE ACKNOWLEDGES THAT THE WAIVERS, RELEASES, AND INDEMNITY OBLIGATIONS CONTAINED HEREIN ARE CLEAR AND CONSPICUOUS.**

10. This Agreement shall become effective upon full execution hereof and, along with the Easement, shall be a covenant running with the Land and shall survive in perpetuity. DCP may assign this Agreement and/or the Easement, in divided or undivided interests, to one or more persons or entities. All of the provisions of this Agreement shall extend to, be binding upon, and inure to the benefit of the parties hereto and their respective heirs, successors, and assigns.
11. The validity, performance, interpretation, and effect of this Agreement shall be governed by the laws of the State of OKLAHOMA, without regard to principles that might refer to the laws of another jurisdiction.
12. This Agreement shall be placed of record in the real estate records of the county in which the Land is located. The parties agree that a copy or facsimile of a signed copy of this Agreement may be placed of record and have the same force and effect as the recording of a signed original of this Agreement.
13. All exhibits attached hereto are made a part hereof for all purposes. References in any exhibit to instruments on file in the public records are also made a part hereof for all purposes.

The Parties have signed this Agreement by their duly authorized representatives as of the date first set forth above.

EXHIBIT 'A'

Tract A:

The Northwest Quarter (NW/4) of Section Sixteen (16), Township Eight (8) North, Range Two (2) West of the Indian Meridian, Cleveland County, Oklahoma.

LESS: The Southwest Quarter (SW/4) of the Northwest Quarter (NW/4) and the West 100 feet of the Southeast Quarter (SE/4) of the Northwest Quarter (NW/4) of Section Sixteen (16), Township Eight (8) North, Range Two (2) West of the Indian Meridian, Cleveland County, Oklahoma.

AND

Tract B:

A tract of land located in the Northeast Quarter (NE/4) of Section Sixteen (16), Township Eight (8) North, Range Two (2) West of the Indian Meridian, Cleveland County, Oklahoma, being described as "All that Part of the Northeast Quarter (NE/4) lying West of the East Line of the AT&SF Railroad Right-of-Way", said tract is more particularly described as follows:

Beginning at the Northwest Corner of the said Northeast Quarter (NE/4);

Thence North 89°11'56" East along the North line of said Northeast Quarter (NE/4) a distance of 67.41 feet to a point on the East Right-of-Way line of the Burlington Northern & Santa Fe Railroad (AT&SF);

Thence South 26°35'05" East along said Right-of-Way a distance of 35.54 feet;

Thence Southeasterly along said Right-of-Way on a curve to the right having a radius of 5779.65 feet and a chord bearing of South 24°15'11" East for a distance of 709.24 feet;

Thence continuing along said Right-of-Way South 21°11'15" East a distance of 2084.29 feet to a point on the South line of said Northeast Quarter (NE/4);

Thence South 89°22'20" West along said South line a distance of 1127.61 feet to the Southwest Corner of said Northeast Quarter (NE/4);

Thence North 00°00'34" West along the West line of said Northeast Quarter (NE/4) a distance of 2632.82 feet to the Point of Beginning.

AND

Tract C-1:

A tract of land located in the Southeast Quarter (SE/4) of Section Sixteen (16), Township Eight (8) North, Range Two (2) West of the Indian Meridian, Cleveland County, Oklahoma, more particularly described as follows:

Beginning at the Southwest Corner of said Southeast Quarter (SE/4);

Thence North 00°00'34" West along the West line of said Southeast Quarter (SE/4) a distance of 2625.62 feet to the Northwest Corner of said Southeast Quarter (SE/4);

Thence North $89^{\circ}22'20''$ East along the North line of said Southeast Quarter (SE/4) a distance of 1020.81 feet to a point on the Westerly right-of-way of the Burlington Northern and Santa Fe Railroad;

Thence South $21^{\circ}22'15''$ East along said right-of-way a distance of 2817.27 feet to a point on the South line of said Southeast Quarter (SE/4);

Thence South $89^{\circ}43'10''$ West along said South line a distance of 2038.56 feet to the Point of Beginning.

AND

Tract C-2:

A tract of land located in the Southeast Quarter (SE/4) of Section Sixteen (16), Township Eight (8) North, Range Two (2) West of the Indian Meridian, Cleveland County, Oklahoma, more particularly described as follows:

Commencing at the Southeast Corner of said Southeast Quarter (SE/4);

Thence North $00^{\circ}03'51''$ East along the East line of said Southeast Quarter (SE/4) a distance of 808.87 feet to the Point of Beginning;

Thence South $89^{\circ}34'09''$ West a distance of 803.79 feet to a point on the Easterly right-of-way of the Burlington Northern and Santa Fe Railroads;

Thence North $21^{\circ}11'15''$ West along said right-of-way distance of 1086.64 feet;

Thence North $89^{\circ}27'44''$ East a distance of 853.11 feet to a point on the Westerly right-of-way of U.S. Highway 77;

Thence South $27^{\circ}41'25''$ East along said right-of-way a distance of 741.17 feet to a point on the East line of said Southeast Quarter (SE/4);

Thence South $00^{\circ}03'51''$ West along said East line a distance of 360.03 feet to the Point of Beginning.

Reserved Right of way
