PETITION TO OPPOSE REZONING  
CASE NUMBER PD-12-12

TO THE NORMAN CITY COUNCIL:

Owner/Developer: NE Development, LLC  
Property Subject to Petition: SW Corner of 36<sup>th</sup> Ave NW and West Tecumseh Road  
Ward: 8  
Proposed Zoning Change: From existing C-1 to Planned Unit Development that incorporates RM-6 uses

We, the undersigned owners of property <sup>WITHIN</sup> ~~outside~~ the 350-foot radius affected by the requested zoning change described in the above-referenced file, hereby protest against any change which would rezone the property to any classification other than C-1. This property directly adjoins single-family residential property. We believe the proposed rezoning would cause substantial problems with ingress and egress to our subdivision and substantially change the nature of the neighborhood as it was originally platted and zoned. Further, the proposed rezoning is inconsistent with the 2025 Comprehensive Plan. Therefore, we respectfully request that the rezoning be denied.

PETITION TO OPPOSE REZONING  
CASE NUMBER PD-12-12

TO THE NORMAN CITY COUNCIL:

Owner/Developer: NE Development, LLC  
 Property Subject to Petition: SW Corner of 36<sup>th</sup> Ave NW and West Tecumseh Road  
 Ward: 8  
 Proposed Zoning Change: From existing C-1 to Planned Unit Development that incorporates RM-6 uses

We, the undersigned owners of property outside the 350-foot radius affected by the requested zoning change described in the above-referenced file, hereby protest against any change which would rezone the property to any classification other than C-1. This property directly adjoins single-family residential property. We believe the proposed rezoning would cause substantial problems with ingress and egress to our subdivision and substantially change the nature of the neighborhood as it was originally platted and zoned. Further, the proposed rezoning is inconsistent with the 2025 Comprehensive Plan. Therefore, we respectfully request that the rezoning be denied.

PETITION TO OPPOSE REZONING  
CASE NUMBER PD-12-12

TO THE NORMAN CITY COUNCIL:

Owner/Developer: NE Development, LLC  
Property Subject to Petition: SW Corner of 36<sup>th</sup> Ave NW and West Tecumseh Road  
Ward: 8  
Proposed Zoning Change: From existing C-1 to Planned Unit Development that incorporates RM-6 uses

We, the undersigned owners of property outside the 350-foot radius affected by the requested zoning change described in the above-referenced file, hereby protest against any change which would rezone the property to any classification other than C-1. This property directly adjoins single-family residential property. We believe the proposed rezoning would cause substantial problems with ingress and egress to our subdivision and substantially change the nature of the neighborhood as it was originally platted and zoned. Further, the proposed rezoning is inconsistent with the 2025 Comprehensive Plan. Therefore, we respectfully request that the rezoning be denied.

PETITION TO OPPOSE REZONING  
CASE NUMBER PD-12-12

TO THE NORMAN CITY COUNCIL:

Owner/Developer: NE Development, LLC  
Property Subject to Petition: SW Corner of 36<sup>th</sup> Ave NW and West Tecumseh Road  
Ward: 8  
Proposed Zoning Change: From existing C-1 to Planned Unit Development that incorporates RM-6 uses

We, the undersigned owners of property outside the 350-foot radius affected by the requested zoning change described in the above-referenced file, hereby protest against any change which would rezone the property to any classification other than C-1. This property directly adjoins single-family residential property. We believe the proposed rezoning would cause substantial problems with ingress and egress to our subdivision and substantially change the nature of the neighborhood as it was originally platted and zoned. Further, the proposed rezoning is inconsistent with the 2025 Comprehensive Plan. Therefore, we respectfully request that the rezoning be denied.

 Property Subject to Petition: SW Corner of 36<sup>th</sup> Ave NW and West Tecumseh Road  
 Ward: 8  
 Proposed Zoning Change: From existing C-1 to Planned Unit Development that incorporates RM-6 uses

We, the undersigned owners of property outside the 350-foot radius affected by the requested zoning change described in the above-referenced file, hereby protest against any change which would rezone the property to any classification other than C-1. This property directly adjoins single-family residential property. We believe the proposed rezoning would cause substantial problems with ingress and egress to our subdivision and substantially change the nature of the neighborhood as it was originally platted and zoned. Further, the proposed rezoning is inconsistent with the 2025 Comprehensive Plan. Therefore, we respectfully request that the rezoning be denied.
