#### MISCELLANEOUS DISCUSSION

Family Member Death. Mr. Michael Washington, 2900 N.W. 18th Street, Oklahoma City, said he is here tonight to address the untimely and unfortunate death of his nephew on January 16th in Norman. He is disappointed in the Norman Health Care System (NRHS), the Norman Police Department, and Cleveland County Sheriff's Department for their blatant disregard of his nephew's desperate need for medical treatment.

Mayor Miller expressed her condolences to Mr. Washington for his loss.

Mr. Steve Ellis, 633 Reed Avenue, said it is clear that something went very wrong in this situation and there is plenty of blame to be shared as the death of a human being should be taken seriously.

Center City Tax Increment Finance District Policy Guide. Mr. Steve Ellis, 633 Reed Avenue, said he spoke with Ms. Emily Pomeroy, Center for Economic Development Law (CEDL) after earlier discussion on the City Center Tax Increment Finance District (CCTIF) regarding what could be done with tax increment funds and the responsibility of City Council in allowing direct financial assistance to developers. He said it is clear that City Council made a decision tonight on what was a basic misunderstanding of the law. He felt the City should engage the public so people that know the law can share their expertise because that is what has been missing on all the issues discussed by Council tonight. He said the public is allowed to speak to Council on items, but no one answers the public's questions or responds to points made by the public. He said Norman needs more citizen input and less leadership that involves telling citizens what they should want. He encouraged Council and Staff to be more responsive to questions from the public during meetings.

Hearing Impaired Issues. Mr. Rod Morrow, Ward 8, said he wears hearing aids in both ears and had trouble hearing Council's remarks tonight. He asked that Councilmembers speak directly into their microphone at all times without looking to their left or right while speaking.

Councilmember Bierman said she will be more conscious of speaking into the microphone and will do a better job of that in the future.

Senior Citizen Culture Facility. Mr. Scott Martin, 2916 Stonebridge Court, said he is speaking as a representative for the Chamber of Commerce and congratulated Council on approving a resolution to review the use of \$7.5 million of University North Park Tax Increment Finance District (UNPTIF) funds for a Senior Center Cultural Facility. He hopes the City fully engages the community partners to make this effort successful. He is thrilled that Council has acknowledged the success of NORMAN FORWARD and the UNPTIF and believes the \$7.5 million will be the savior for finally constructing a facility for senior citizens who have fought for a stand-alone facility for well over a decade.

Mr. Mark Campbell, 517 North University Boulevard, said Legacy Park costs \$6,528,000 to construct and was concerned that when the Senior Center is realized it may be forever trapped in financial straits for its maintenance and for future expansion. He asked how soon the Senior Center will be opened. He also requested that items dealing with senior citizen issues be discussed earlier in the evening

Mr. Richard Bailey, 3120 Millbrook Drive, Chairman, Norman Seniors Association, thanked Council for taking action on a Senior Center.

Councilmember Bierman thanked everyone for their attendance and said some processes are not always fun or easy and sometimes it takes an aggressive action to make things happen. She is glad the Senior Center issue was resolved tonight and is looking forward to hearing the recommendations from the Statutory Committee.

Councilmember Karjala said this was an important meeting on many levels and thanked everyone who attended. She apologized to the Councilmembers that may have felt pressured by the Rule of Three action taken tonight.

Miscellaneous Discussion, continued:

Senior Citizen Culture Facility, continued. Councilmember Castleberry said he took no personal offense over the Rule of Three action as he understands Councilmembers are trying to represent their constituents and at the end of the day a Senior Center is being addressed. He is fully in support of a Senior Center and asked the City Manager to make sure the Indoor Aquatic Facility, Multi-Sports Facility, and Senior Center Cultural Facility are incorporated to work together since there will be multi-cultural users both young and old. He said public art will also be an important factor in all NORMAN FORWARD projects and will be especially important for a Cultural Facility.

Councilmember Hickman thanked all the senior citizens who attended tonight as well as his fellow Councilmembers and the City's taxing jurisdiction partners. He said many citizens do not like tax increment districts in general, but construction of a Senior Center is something positive that can be done with some of that increment money to improve the quality of life for the senior community. He thanked the University of Oklahoma for their cooperation on the exchange of property that will be used for the NORMAN FORWARD projects at North Base. He agreed with Councilmember Castleberry that public art will be important in all the NORMAN FORWARD projects because Norman has a very strong art community.

Councilmember Wilson said that since being seated in July, Council has dealt with some very serious changes in City policies, such as changing DeBarr Avenue to Deans Row Avenue. She said although Councilmembers do not always agree they do work together for the greater good of the community.

Councilmember Holman thanked those attending tonight as well as those watching from home. He said Councilmembers are passionate about Norman and are willing to argue with each other to get the job done. He said the Senior Center is an issue that multiple Councilmembers have dealt with over the years and it is exciting to have this opportunity to address the issue. He wanted the Senior Center to be more centrally located in Norman, but there were a lot of complications in trying to make that a reality. He said the Senior Center Cultural Facility will be the first building people see when they exit State Highway 77 onto Flood Street so this is a great opportunity to make a good impression on visitors to Norman. He said policy making is often not pretty, but is necessary in order to make things happen. He added that there will need to be improvements made to the public transportation system in the area.

Councilmember Allison agreed public transportation for the area will be important. He said with all the money being invested in the area, he feels confident the NORMAN FORWARD projects will be accessible, have improved public transportation, etc., which will make this a successful venture for Norman. It is exciting to know the first things people will see when exiting State Highway 77 are these three great buildings with wonderful art work outside creating a beautiful entry to Norman. He thanked all the senior citizens who have worked so hard to make this happen.

Mayor Miller said all of Council have been concerned about a new Senior Center and have tried to actively move that project forward over the last few years so she is happy that this is the best solution so far. She is hopeful the process can be done in an expeditious manner to allow senior citizens to have a Senior Center they can be proud of and enjoy. She felt the City is on the right track even though the process may take some circuitous routes to get there. She thanked everyone for attending.

He also invited everyone to attend the 5K St. Patrick's Day Run on March 10th.

Councilmember Wilson said the Little Axe Chamber of Commerce is having a Spring Festival in Little Axe on Saturday, April 28th and is looking for vendors. She said the cost for a booth is \$25. If anyone is interested, please contact her for more information.

Councilmember Allison encouraged everyone to attend the Live, Work, Play Event in the Gray Street Parking Lot from 6:00-9:00 p.m.
