Ref: protest to changing zoning
of 801 36th Ave N.W. Norman, OK

It has been brought to my attention that my protest letter previously mailed has not been plotted on the "protest map" of my neighborhood. Therefore, I am sending an additional letter and asking it to be added in protest to the requested rezoning and for it to be highlighted on said map to show my solidarity with my neighborhood.

I am against Mr. Kerr's request to change the zoning of 801 36th Ave N.W. Norman, OK.

We specifically purchased our home knowing that it was a family neighborhood with no adjoining commercial properties.

Mr. Kerr should not be allowed to change our zoned neighborhood by placing a commercial property at the end of our street. He should build the multi-family units as was intended when this neighborhood was zoned.

In addition to this letter ^(A) I had previously mailed a protest letter
^(B) I have hosted four neighborhood meetings at my home ^(C) I have left voice mails to AHL councilman ^(D) I have emailed my protest also to ALL councilman & to the mayor.
