Thanks for allowing us to provide you with an "estimate" for your repairs. We try to write the estimate as close as possible to the visible damage and what can be surmised by (X Ray) experience what may be hidden. Some shops just write a quick estimate to get the car in and Supplement later. The unsuspecting consumer or Insurance Company is left with a much larger bill. This is a common practice among some shops and collision repair facilities. Some damaged areas or procedures may be missed in writing the estimate. In addition other parts or labor items maybe discovered after the car repairs are under way and need replacement according to the original standards set by the manufacturer of your vehicle.. If however, any unforeseen items are discovered during the repair process we will contact the insurance company and/or you to explain the circumstance. Manufacturers often change prices without notification and may change the estimate totals. This "estimate" does not constitute a one party contract. Please be assured that most repairs are completed without changes to the original "estimate."

If there is an insurance claim involved, they may desire to have their own adjuster look at your vehicle. That estimate may be different. Working from the Insurance claim and estimate will give us the opportunity to adjust the repair costs and supplement those costs back to the insurance company. This process is usually simple and requires very little from you! If the repairs are accomplished from our estimate only, any additional costs will be the owner's responsibility to finalize.

It is our desire to make a lifelong customer. Additional repairs added to the repair require increase in the Final Bill. Anything not on the estimate is additional.

In preparing to leave your vehicle with us, please be sure to remove any personal items. Repairs sometimes require access to the trunk or interior areas, damage or loss can occur when those items are removed. WE ARE NOT RESPONSIBLE FOR ANY ITEMS LEFT IN THE VEHICLE.

It is not necessary, but it will be helpful to wash your car before dropping it off for the repairs. This will allow us to mark any damage not related to the repairs being authorized. Be assured that we will take the necessary steps to perform quality repairs on your vehicle and return it to you as soon as reasonably possible. Be assured that all of our repairs carry factory warranties on all parts and paint. Any labor items are warrantied for the repairs we complete. Should you have any questions, please feel free to give us a call.

Our Technicians are ASE and ICAR trained to provide excellent repairs to our customers. We use the highest quality materials, professional technicians and quality equipment to complete your repairs according to those standards. No sub-standard parts are used in our repairs. If you have any questions please feel free to come by or call us.

Storage, \$20 per day will accrue on all unrepaired vehicles from date of arrival until vehicle has been disposed of by owner or shop. Any Vehicle left after the vehicle has been repaired longer than 5 working days will accrue storage fees of 20 dollars per day from the date the repairs were completed. These fees can be set aside with notice between the vehicle owner and the shop manager. Please let us know if you need us to keep your vehicle longer than the repairs will take. Any vehicle left longer than 30 days without approval can be disposed of as the shop deems fit. Thanks for your cooperation.

Any Person who knowingly, and with intent to injure, defraud or deceive any Insurer, makes any claim for the proceeds of an insurance policy containing any false, incomplete or misleading information is guilty of a felony.

WARNING : ANY PERSON WHO KNOWINGLY, AND WITH INTENT TO INJURE, DEFRAUD OR DECEIVE ANY INSURER, MAKES ANY CLAIM FOR THE PROCEEDS OF AN INSURANCE POLICY CONTAINING ANY FALSE, INCOMPLETE OR MISLEADING INFORMATION IS GUILTY OF A FELONY.

THIS ESTIMATE HAS BEEN PREPARED BASED ON THE USE OF CRASH PARTS SUPPLIED BY A SOURCE OTHER THAN THE MANUFACTURER OF YOUR MOTOR VEHICLE. WARRANTIES APPLICABLE TO THESE REPLACEMENT PARTS ARE PROVIDED BY THE MANUFACTURER OR DISTRIBUTOR OF THESE PARTS RATHER THAN THE MANUFACTURER OF YOUR VEHICLE.

Estimate based on MOTOR CRASH ESTIMATING GUIDE and potentially other third party sources of data. Unless otherwise noted, (a) all items are derived from the Guide DE1GH99, CCC Data Date 5/16/2017, and potentially other third party sources of data; and (b) the parts presented are OEM-parts manufactured by the vehicles Original Equipment Manufacturer. OEM parts are available at OE/Vehicle dealerships. OPT OEM (Optional OEM) or ALT OEM (Alternative OEM) parts are OEM parts that may be provided by or through alternate sources other than the OEM vehicle dealerships. OPT OEM or ALT OEM parts may reflect some specific, special, or unique pricing or discount. OPT OEM or ALT OEM parts may include "Blemished" parts provided by OEM's through OEM vehicle dealerships. Asterisk (*) or Double Asterisk (**) indicates that the parts and/or labor data provided by third party sources of data may have been modified or may have come from an alternate data source. Tilde sign (~) items indicate MOTOR Not-Included Labor operations. The symbol (<>) indicates the refinish operation WILL NOT be performed as a separate procedure from the other panels in the estimate. Non-Original Equipment Manufacturer aftermarket parts are described as Non OEM, A/M or NAGS. Used parts are described as LKQ, RCY, or USED. Reconditioned parts are described as Recond. Recored parts are described as Recore. NAGS Part Numbers and Benchmark Prices are provided by National Auto Glass Specifications. Labor operation times listed on the line with the NAGS information are MOTOR suggested labor operation times. NAGS labor operation times are not included. Pound sign (#) items indicate manual entries.

Some 2017 vehicles contain minor changes from the previous year. For those vehicles, prior to receiving updated data from the vehicle manufacturer, labor and parts data from the previous year may be used. The CCC ONE estimator has a list of applicable vehicles. Parts numbers and prices should be confirmed with the local dealership.

The following is a list of additional abbreviations or symbols that may be used to describe work to be done or parts to be repaired or replaced:

SYMBOLS FOLLOWING PART PRICE:

m=MOTOR Mechanical component. s=MOTOR Structural component. T=Miscellaneous Taxed charge category. X=Miscellaneous Non-Taxed charge category.

SYMBOLS FOLLOWING LABOR:

D=Diagnostic labor category. E=Electrical labor category. F=Frame labor category. G=Glass labor category. M=Mechanical labor category. S=Structural labor category. (numbers) 1 through 4=User Defined Labor Categories.

OTHER SYMBOLS AND ABBREVIATIONS:

Adj.=Adjacent. Algn.=Align. ALU=Aluminum. A/M=Aftermarket part. Blnd=Blend. BOR=Boron steel. CAPA=Certified Automotive Parts Association. D&R=Disconnect and Reconnect. HSS=High Strength Steel. HYD=Hydroformed Steel. Incl.=Included. LKQ=Like Kind and Quality. LT=Left. MAG=Magnesium. Non-Adj.=Non Adjacent. NSF=NSF International Certified Part. O/H=Overhaul. Qty=Quantity. Refn=Refinish. Repl=Replace. R&I=Remove and Install. R&R=Remove and Replace. Rpr=Repair. RT=Right. SAS=Sandwiched Steel. Sect=Section. Subl=Sublet. UHS=Ultra High Strength Steel. N=Note(s) associated with the estimate line.
