Norman Planning Commission/City Clerk

Re: Case #PD 19-20 Van's Pig Stand and all related Pre-development, Land Use, and Zoning items.

Letter of Support

Ladies and Gentlemen,

I support the proposed changes for the following reasons:

1. As Mayor's appointee I served on the City of Norman North Porter study area committee for a period of approximately 1 ½ years. The proposed changes are consistent with the guidelines developed by our committee and subsequently adopted by the City.
2. These changes represent a substantial investment and improvement in an area that needs both. The taxpayer subsidized University North Park development has cannibalized retail all over Norman resulting in empty spaces temporarily filled by uses that may not be sustainable. Restaurants in the North Porter area have been the salvation of this commercial neighborhood, and should be encouraged in every way.

Thank you for your consideration.

William C. Woods
