

Petition to Block Re-Zoning of Plots along Reed Street

Petition summary and background FILED IN THE OFFICE OF THE CITY CLERK ON 8-13-15	Food and Shelter, Inc. has filed a re-zoning request for a 3 acre plot of land along Reed Street to build a new facility to serve the homeless of Norman a noon-time meal and build a series of tiny houses, less than 385 square feet each (32 units) in which to house the homeless. Not all homeless will have access to the available housing and will become a nuisance and safety hazard for the citizens of the neighborhood along Reed Street if re-zoning is allowed in the current location. We believe that Food and Shelter, Inc., the involved city leaders and influential organizations have failed to extend consideration or compassion to the needs of the individuals, families and elderly that live in our neighborhood. We request a block of the proposed re-zoning of all land along Reed Street.
Action petitioned for	We, the undersigned, are concerned citizens who urge our leaders to act now to block the current and any future re-zoning request(s) of Food and Shelter, Inc. regarding the proposed site of Food and Shelter Addition on Reed Street.
