Legacy Business Park and Legacy Trail Apartments Planned Unit Development Narrative prepared by Hal William Ezzell, Ezzell and Wadley, P.L.L.C., with Exhibit A, Revised Preliminary Plat; Exhibit B, Preliminary Site Development Plan; Exhibit C, Calculation of Intensity of Uses; Exhibit D, Green Space Exhibit; and Exhibit E, Preliminary Landscape Plan
6.

Pertinent excerpts from Planning Commission minutes of December 11, 2014

Thereupon, Councilmember Jungman moved that the PUD Narrative for Ordinance O-1415-29 be amended to read as follows:

**B. Miscellaneous Development Criteria**

\* \* \*

**4. Fencing; buffering**  
Fencing may be constructed at all perimeter areas of the Addition/PUD, and within the Addition, per the Developer's discretion. Construction material may be of masonry, pre-cast concrete, metal/iron, or wood, or any combination thereof, and other materials as compatible with the building structures of the Addition in sufficient manner to secure and screen that edge condition. If perimeter fencing is constructed on the east boundary of the property, then gates will be provided to allow access to the adjacent City park property consistent with the Greenbelt Commission recommendation.

\* \* \*

Item 31, continued:

which motion was duly seconded by Councilmember Quinn; and the question being upon amending the PUD Narrative for Ordinance O-1415-29 as stated above; a vote was taken with the following result:

YEAS: Councilmembers Castleberry, Heiple, Holman, Jungman, Lang, Miller, Quinn, Williams, Mayor Rosenthal

NAYES: None

The Mayor declared the motion carried and the PUD Narrative for Ordinance O-1415-29 was amended as stated above.

and the question being upon adopting Ordinance O-1415-29, as amended, upon Second Reading section by section, a vote was taken with the following result:

YEAS: Councilmembers Castleberry, Heiple, Holman, Jungman, Lang, Miller, Quinn, Williams, Mayor Rosenthal

NAYES: None

The Mayor declared the motion carried and Ordinance O-1415-29, as amended, was adopted upon Second Reading section by section.

Item 31, continued:

Thereupon, Councilmember Williams moved that Ordinance O-1415-29, as amended, be adopted upon Final Reading as a whole, which motion was duly seconded by Councilmember Quinn; and the question being upon adopting Ordinance O-1415-29, as amended upon Final Reading as a whole, the roll was called with the following result:

YEAS: Councilmembers Castleberry, Heiple, Holman, Jungman, Lang, Miller, Quinn, Williams, Mayor Rosenthal

NAYES: None

The Mayor declared the motion carried and Ordinance O-1415-29, as amended, was adopted upon Final Reading as a whole.

Item 33, being:

MISCELLANEOUS DISCUSSION

Donation for Senior Citizen’s Center. Ms. Bette Maffucci, 752 DeBarr Avenue, thanked Art and Shirley Briepohl for their donation and thanked Council for accepting it. She said Westwood Swim Complex is said to be nearing the end of its useful life and there are more land choices to locate public facilities. She said Seniors, young adults, and children have physical fitness needs and as a community, it is our responsibility to address all types of fitness needs, and that could be done by building a library, an aquatic center, or a center for Seniors. She asked that Council and Staff not get bogged down with anxiety over operational costs, even though it is an integral part of the planning process. She suggested that an outstanding comprehensive public facility will be fulfilling the mandate to provide for the common good. She said this center could be the magic trigger to invite a whole new battalion of industries to locate in Norman bringing new wealth to make Norman truly prosper and very proud.

Councilmember Heiple thanked the Briepohl's for their donation to the Senior Citizens Center. He said there was a possibility that a lot could be done in the next few years but there needs to be a vision.

\*

Accidents on Highway 9. Mr. Bobby Stevens, Post Office Box 6226, said a triple fatality occurred on Highway 9 and 120th Avenue on Christmas Day and his thoughts were with the families. He thanked the police officers, firefighters, and first responders who worked that accident. He has a hard time dealing with the problems on Highway 9. He said he was told by the Oklahoma Department of Transportation that it would be eight years before the construction on Highway 9 between 72nd Avenue and 108th Avenue would begin. He asked that something be done and provided City Council with notes from the Public Safety Oversight Committee meeting where he suggested an emergency route be designated in case of accidents on Highway 9. He asked if disaster relief funds could be used for striping and creating an emergency safety route. He wondered if Council thought these casualties were acceptable and said their responses will determine whether or not he will file tomorrow morning for Ward 5 Councilmember.

Councilmember Holman said the problems with Highway 9 are not acceptable. He said the improvements are finally coming but the project starts at 24th Avenue East and it will be quite a while before the improvements are completed. He said he had concerns about allocation of resources to other areas that are not as dangerous as Highway 9 and those projects going forward before the Highway 9 improvements. He said as a City, we could do better, such as installing “No Outlet” signs. He said he knew we could not stripe every rural road in East Norman but felt those that directly connect to Highway 9 should be looked at.

Councilmember Castleberry agreed with Councilmember Holman. He said it is not acceptable that anybody dies anywhere in this city. He said he appreciated the dialog that he and Mr. Stevens had in the past because it shows Mr. Stevens’ passion for this issue. He knows it is an Oklahoma Department of Transportation issue but agrees that Council should try to do what they could. He suggested that this item to be discussed by the City Council Community Planning and Transportation Committee. He said he drove for five years back and forth on Highway 9 from Norman to Shawnee and is very well aware of the problems that exist. He said Council needs to do what they can to protect our citizens. He encouraged citizens to contact their Councilmember when they have a concern.

Miscellaneous Discussion, continued:

Accidents on Highway 9, continued. Councilmember Miller said she agreed that Council cares about all of the fatalities on all of our roads and will continue to work on the issue with the Oklahoma Department of Transportation because it is a dangerous road.

\*

Election Costs. Ms. Ann Gallagher, 1522 East Boyd Street, expressed concern over the cost of a Special Election and asked if every Councilmember ran unopposed, would that save money on an election.

\*

Special Claim Costs. Mr. Roger Gallagher, 1522 East Boyd Street, commended Councilmember Castleberry for explaining how claims are paid for by citizens. He said it is an excellent idea to guard people's property taxes.

\*

Animal Welfare Center. Mr. Roger Gallagher, 1522 East Boyd Street, said the Animal Welfare Center is looking very good and when completed, it will be a showplace. He said this shelter is not a "no-kill" facility and several hundred dogs and cats are euthanized every year because there are not enough agencies willing to accept stray animals. He urged everyone to visit the Animal Welfare Center, especially to adopt an animal.

Councilmember Holman said he was pleased that the Spay/Neuter and the Veterinarian services contracts were approved this evening because they are a temporary solution to some of the concerns brought forward regarding the Animal Welfare Center.

\*

City Council Filing. Mr. Roger Gallagher, 1522 East Boyd Street, said it was a shame there were not very many people filing for City Council. He said no one should go unopposed because if they do, they get a sense of propriety. He said there needs to be a public debate. He said Wednesday, January 14th is the last day to file.

Mr. Hal Ezzell, 1907 Grandview Avenue, said he disagreed 100%. He said if there is no opponent, that means the Councilmember is adequately representing their ward and doing a good job.

\*

Water Rate Election. Ms. Ann Gallagher, 1522 East Boyd Street, announced the passage of the water rate election this evening.

Mr. Hal Ezzell, 1907 Grandview Avenue, said the proposition passed 67% to 33% and he thanked Council and staff who devoted countless hours working on this water rate proposal and how to balance and allocate between the capital improvements and the operations. He said he greatly appreciated the time and energy put into it and the great deliberative process that played out. He thanked everyone for their service.

Mayor Rosenthal thanked the voters who came out to vote and those who engaged in a very healthy debate over a variety of issues related to a water rate increase. She said this is a very important package of improvements at the Water Treatment Plant. She said significant promises have been made and she takes very seriously the obligation to see these promises through to fruition to provide quality water in this community. She expressed appreciation to Ken Komiske, Utilities Director, for all the work he did, the individual Councilmembers who came to the public meetings and to civic groups, and the rest of the City Staff who were well represented at the public meetings. She said at the end of the day what is most important is that our citizens immersed themselves in the issues, learned about them, and went to the polls and voted and Council and staff appreciate it.

Councilmember Holman thanked people who helped get the word out about the water rate increase election, whether they were in favor or against the proposal. He said there were some great points made by some that were in opposition and Council needs to continue to be vigilant and monitor how things are done. He said the unofficial number of people who voted in the election is 6,660 and Norman has approximately 70,000 registered voters. He would like to see higher number in all of our elections.

Miscellaneous Discussion, continued:

Water Rate Election, continued. Councilmember Castleberry said a 67% yes vote is the citizens of Norman telling Council that water quality is important. He said there was a lot of noise about this issue that had nothing to do with water quality and the citizens saw through that and realized that water quality is a top priority.

Councilmember Quinn thanked everybody for the support. He said Ken Komiske did a great job as far as answering all of Council's questions and making sure that it was communicated to the citizens. He said this was a process of give and take and the earlier proposal had been amended as a result of requests by citizens.

Councilmember Miller said thank you to the people of Norman who love our community and went out and supported this really critical rate increase. She said she attended several meetings where she asked the question "how many of you want to pay more for your water" and had been shocked at how many people raised their hands because people understand what is needed and care about the community.

Councilmember Heiple thanked the citizens because he knew that many people in east Norman were on water wells and do not drink City water but they voted in favor of the proposition. He said there had been a lot of compromise involved while crafting the language.

\*

Terrorism Attack in Paris. Mayor Rosenthal said we live in a very small world these days and she was reminded of that on Monday when she was informed that one of the victims of the terrorism event in Paris was a gentlemen by the name of Michel Renaud, who has a connection to Norman, because he worked for three Mayors of Clermont-Ferrand, the City of Norman's Sister City. His wife currently works in the City Hall International Relations Office and has been the City of Norman's chief contact for the last 20 years. Mr. Renaud was visiting the offices of Charlie Hebdo and was an innocent bystander and unfortunate victim of this terrible event. She said approximately 70,000 people held a vigil on Sunday night, January 11th, for all the victims

\*

Oil and Gas Regulations. Councilmember Holman announced Tuesday, January 20th is a study session to discuss oil and gas regulations.

\*

Thanks to Those Watching Tonight. Councilmember Holman thanked all that were watching the meeting this evening and those who were in attendance.

\*

Shop Norman. Councilmembers Castleberry, Quinn, and Heiple urged everyone to "Shop Norman."

\*

S.W.A.T. Team. Councilmember Williams said this morning at 6:00 a.m., the S.W.A.T. Team was dispatched to an incident and two shots were fired at members of the Norman Police Department but miraculously no one was harmed and the situation had been resolved peacefully. He commended Police Chief Keith Humphrey and the very highly trained individuals on the S.W.A.T. Team for doing a very good job.

\*

### **CITY MANAGER'S REPORT**

Tree Planting on West Robinson Street. The City is working to replant some of the areas that were hit hardest by droughts, ice-storms, and insect infestations. The Parks and Recreation Department hired a contractor who recently replanted approximately 50 Sumac trees along Robinson Street adjacent to the Westwood Golf Course extending north to Flood Avenue.

\*

Miscellaneous Discussion, continued:

City Manager's Report, continued:

**Community Partnerships with Graduates of the 52nd Police Academy.** During this year's Police Academy, cadets were given the opportunity to work closely with local community organizations to help them understand what each agency does. Along with the community partners, several University of Oklahoma entities were also involved. Thanks to Chief Humphrey and all those involved in the training process.

\*

**Highway 9 Traffic Control.** An Adaptive Control Signalization System has been in the process of being installed along Highway 9 during the last month. This new system provides new technology which will allow the traffic signal to respond quickly to changes in traffic patterns along Highway 9. The system should be activated next month and affects the area from 24th Avenue S.W. to Jenkins Avenue. This area needs relief particularly during special events.

\*

**Christmas Tree Disposal.** For those who have not disposed of their Christmas tree, it can be dropped off, free of charge, to the Compost Facility at 398 Bratcher Miner Road. Please remove the tree stand, lights, and decorations before taking the tree in for disposal.

\*

**Second Quarter Budget Report.** The City's fiscal year runs from July to June. This report summarizes City of Norman General Fund revenues and expenditures through the second quarter of FYE 2014-2015 as well as significant trends in other funds as needed. The total budget is approximately \$55.4 million and based upon historical collection patterns, approximately \$26.7 million should have been collected; however, \$26.9 has been collected. The full impact of the holiday collections is not yet reported because the holiday season is split between November and December collections. Use Tax collected to date totals 1,132,260.

One reason for the increase in collections this year is due to the multi-family construction taking place. Franchise taxes has increased because of revenues from Oklahoma Gas and Electric Company from the early winter cold spell. Weather patterns will continue to drive the outcome of these taxes. Licenses and permits have increased approximately 13% which is attributed to multi-family construction. This fluctuates from year to year depending on building and construction patterns. In FYE 2014, the City received significant Federal Emergency Management Agency and State disaster reimbursements which increased the category "Shared (Other) Taxes". Fines and Forfeitures have increased because parking fees have increased in the Campus Corner area. For General Fund Expenditures, the total budget is approximately \$77.5 million with \$38,789,980 projected and \$36,443,178 expended. Salaries and Benefits amounts are above what is projected but Supplies and Materials are down approximately 26%; Services and Maintenance are down 24.40%; and Capital Equipment is down 50.81%. These are down due to timing issues and will change during the last part of the year. A comparison of Hotel/Motel Room Tax Revenues is erratic from July through December because there were fewer home football games and early kickoff times which had an impact on the tax revenues. Another impact is because some of the hotels do not require a two-night minimum stay. Residential Water Revenue varies depending upon rainfall and temperatures and the amounts from July through December is pretty much as expected. The Mid-Year Budget Update will be discussed in detail at the City Council Finance Committee meeting on Thursday, January 15th, at 5:00 p.m. Discussion includes special studies that members of the Council and some of the board and commissions have asked Staff to evaluate and a possibility of some new positions that have been recommended by some of our Boards and Commissions. One-time types of expenses and ongoing expenses will be examined during this meeting.

\*

**Finance Committee Meeting Thursday, January 15th.** Mayor Rosenthal said she appreciated the update from the City Manager and appreciated all of Council's hard work.

\* \* \* \* \*

ADJOURNMENT

There being no further business, Councilmember Quinn moved that the meeting be adjourned, which motion was duly seconded by Councilmember Williams; and the question being upon adjournment of the meeting, a vote was taken with the following result:

YEAS:	Councilmembers Castleberry, Heiple, Holman, Jungman, Lang, Miller, Quinn, Williams, Mayor Rosenthal
-------	---

NAYES:	None
--------	------

The Mayor declared the motion carried and the meeting was adjourned at 8:50 p.m.
