DHB

The estimate does not include any costs that may be charged by the public utility companies, or costs of gates, walls, landscaping, and any other items not listed above.

The above estimated construction costs are based on recent bid tabulations from other projects. This estimate is subject to change due to market conditions, contractor availability, size and location of project, and material costs. Quantities are subject to change due to plan revisions requested by the governing authority, the client or design need. No costs have been estimated for landscaping, fencing, etc.
