Re: Proposed "**Rule's Emerald Springs Addition**"  
A "*Norman Rural Certificate of Survey*" Subdivision  
Pt. of the NW1/4 of Sec. 7, T9N, R2W, I.M.,  
Norman, Cleveland County, Oklahoma

To all interested parties,

I hereby request; on behalf of the applicant, that the City of Norman allow a variance in the width of the private road paving. The standard width is 20' but because the road only serves three (3) tracts, it's generally accepted that the width can be less. I request that the paving be 12' wide because of this reason. This has been reviewed and accepted by City Staff.

If you have any questions concerning this "*Norman Rural Certificate Of Survey*" application, please contact me at (405) 474-0945 or by email: [mike@greatplainspc.com](mailto:mike@greatplainspc.com)

Respectfully,  
Michael Johnson, PLS
