RE: Easement to reroute line for waste water treatment plant

Mr. Daniels;

Oklahoma Gas & Electric Company (OG&E) has been asked to abandon an underground line and reroute power to the Norman Waste Water Treatment Plant. The proposed route was surveyed and a description of the new line appears on Exhibit "A", while a drawing showing the pathway of the line is included on Exhibit "B".

If the City of Norman is agreeable to the attached document, please obtain the proper signatures on the enclosed form and return it in the enclosed envelope, as soon as possible. Please review the following instructions to insure that this easement will be legally correct and that there will be no delay in processing:

1. The **city seal** must be affixed.
2. The **date of signing** must match the **date of notarizing**.
3. The notary must fill in **all blanks** in the acknowledgement, and add the **notary seal**.
4. The **notary expiration date** must be later than the **date of notarizing**.

If you have any questions, or if anything will cause a delay in signing, please contact me at (405) 553-5174. Thank you so much for your help in this matter.

Sincerely,

A handwritten signature in black ink that reads "Timothy J. Bailey". The signature is written in a cursive style with a large initial "T".

Timothy J. Bailey
