CITY CLERK 1

**CITY CLERK
MONTHLY PROGRESS REPORT
FEBRUARY 2016**

CITY COUNCIL

Filing dates for Mayor and City Council seats 2, 4, 6, and 8 were held January 11-13, 2016. The election for Council candidates, General Obligation Street Maintenance Bonds, and Charter amendments will be held on April 5, 2016, and the run-off election for candidates, if needed, will be held on June 28, 2016.

The candidates are as follows:

MAYOR	Gary Barksdale Lynne Miller Bobby Stevens
WARD TWO	Aleisha Karjala Matthew Leal
WARD FOUR	Bill Hickman Rhett Jones Christina Owen
WARD SIX	Breea Clark Jerry Lang Ashley McCray

Councilmember Kyle Allison, Ward Eight, did not draw an opponent. Councilmembers will be sworn in on July 5, 2016.

Denver Pantry	10809 Alameda	Food Service and Class II Beer

- One 30 Day Mobile Temporary Food Service License was issued to Yami's Yummies for February 16 through March 16, 2016

CLAIMS FILED

DATE FILED	NAME	JUSTIFICATION	AMOUNT
02-03-16	Lauren Smith	Damages to vehicle - claimant alleges on July 6, 2015, a sanitation truck was emptying a dumpster at 2001 West Main when a piece of shelving fell out of the dumpster striking her vehicle.	\$ 1,286.68
02-09-16	Jason Ashley Hiers	Reimbursement of towing/impound fees – claimant alleges that on December 21, 2015, the Norman Police Department arrested him for driving with a suspended license and had his vehicle towed. Mr. Hiers was able to prove his license was not suspended and the Police Department dropped the charge.	\$ 186.79

CLAIMS FILED, continued:

DATE FILED	NAME	JUSTIFICATION	AMOUNT
02-16-16	Extra Space Storage	Reimbursement for removal and replacement of concrete - claimant alleges that on October 25, 2015, a waterline break at 2100 24th Avenue N.E. damaged 4,065 square feet of their concrete slab.	\$ 31,858.05
02-17-16	Brandon Woodmansee and/or Sharno Brian Floyd	Damages to vehicle – claimant alleges that on January 9, 2016, he was southbound on I-35, between Main Street and Lindsey Street, when a sanitation truck changed lanes forcing him off the road.	\$ 2,835.13
02-18-16	Phyllis Murray	Reimbursement of cleanup services and two mattresses – claimant alleges that on August 27, 2015, she discovered sewage in her basement caused by the main sewer line at 801 College Avenue being disconnected during a City of Norman Utility Project.	\$ \$731.91
02-24-16	Daniel H. Hickok, Jr.	Damages to vehicle – claimant alleges that on January 27, 2016, he was behind a police vehicle exiting the parking lot of Walgreens at 12th Avenue S.E. and Alameda Street when the police vehicle began backing up striking his vehicle. According to the accident report, the officer had begun pursuit of another vehicle on Alameda Street when oncoming traffic impeded his attempt and he had to back up striking Mr. Hickok's vehicle.	\$ 3,776.94
02-29-16	Nathan Gwin	Damages to vehicle – claimant alleges that on February 2, 2016, he was stopped at a red light in the southbound lane of Classen Boulevard at Constitution Street when a police vehicle struck him from behind. According to the accident report, the officer was changing lanes to yield to an emergency vehicle when she clipped the rear of Mr. Gwin's vehicle.	\$ 3,059.27

CLAIMS ADMINISTRATIVELY PAID

NAME	JUSTIFICATION	DATE PAID	AMOUNT PAID
Lauren Smith	Damages to her vehicle when shelving from a dumpster being emptied by a sanitation truck fell out and struck her vehicle on July 6, 2015, at 2001 West Main.	02-12-16	\$ 1,286.68

BUDGET RETREATS

A City Council Budget Retreat was held on February 23, 2016, regarding the FYE 2017 Capital Improvement Budget.

CONFERENCES

A City Council Conference was held on February 9, 2016, to discuss Change Order No. One to the contract with McKee Utility Contractors, Inc., increasing the contract amount by \$146,015.90 for a revised contract amount of \$2,276,900.90 for the Lindsey Street Waterline Improvements, Phase B and a presentation by Erinn Gavaghan, Executive Director of the Norman Arts Council, regarding a possible program to administer the public art included in the Norman Forward Projects.

FINANCE COMMITTEE

A City Council Finance Committee meeting was held on February 11, 2016, to discuss and review outside agency reports and/or requests from Social and Voluntary Services; 89er Day Parade Committee; Veterans Day Parade Committee; Center for Children and Families; Firehouse Art Center; Cleveland County Historic Museum; Sooner Theatre; Aging Services-Kiwanis Cruiser; Performing Arts Studio; Norman Economic Development Coalition (NEDC); and Cleveland Area Rapid Transit (CART), continued discussion regarding the creation of a storm water utility, submission of revenue/expenditure reports for January 2016; submission of the report on open positions.

OVERSIGHT COMMITTEE

A City Council Oversight Committee meeting was held on February 18, 2016, regarding an update of closed section line roads not eligible for building permits.

PUBLIC HEARINGS

A Public Hearing was held on February 9, 2016, regarding approval of Contract K-1516-107 with the Oklahoma Department of Commerce (ODOC) for the Community Development Block Grant Disaster Relief (CDBG-DR) Program for 2013 in the amount of \$5,004,821.

STUDY SESSIONS

A Study Session was held on February 2, 2016, regarding proposed amendments to the Animal Welfare Ordinance.

A Study Session was held on February 16, 2016, regarding possible amendments to the City of Norman Floodplain Ordinance.

DEVELOPMENT COORDINATOR 2C

City of Norman - Development Coordinator Monthly Report February 2016

Below are activities and projects that the Development Coordinator has been involved with during the month of February 2016.

General Inquiries, Contacts and Meetings

- Development Review Team
- City Council Meeting
- City Council Study Session
- Pre-Development Meetings
- Council Business and Community Affairs
- Norman Forward East and Central Libraries Ad Hoc Committee
- Norman Forward Sales Tax Citizens Financial Oversight Board

Building Permit and Plat Application Meetings

- Discussed development requirements for new Downtown retail/office development
- Assisted homeowners in permit requirements and regulations for housing renovations.
- Met with staff and project representatives to discuss redevelopment of property for entertainment.
- Met with project representatives to discuss development requirements for a new industrial project.
- Discussed sign requirements with staff and project representative for an existing industrial business.
- Met with staff and project representatives to discuss requirements for potential residential development.
- Met with staff and project representatives to discuss requirements for construction of new retail development.

Development Process Improvements

- *Wastewater Excise Tax/Connection Fee Analysis RFP* – Draft report is being revised.
- *Customer Service Survey for Development Services Division* –The latest round of surveys for the January 2016 CO'ed projects has been sent.
- *Building Permit Outreach Program* – work continues on this project, and contacts continue being made with building permit applicants that fall into the criteria outlined in the plan concept. Periodic follow-up checks (generally every two weeks) continue taking place. The reaction to the program continues to be positive.
- *ICC and NFPA Code Clarification Project* – continued working with building and fire inspection staff to develop interpretations of building code/fire code compliance items that could be posted online. This project is designed to assist in making code clarifications and other information provided to contractors and developers more clear..

###

FINANCE 3

CITY OF NORMAN

Department of Finance Monthly Report – February 2016

Statistics on outputs from the various divisions of the Department of Finance (DOF) are presented on the following pages. Major projects which were completed or initiated by the DOF in February are discussed below:

Treasury Division:

In the month of February, the Treasury Division processed 31,952 total payments. The traffic counter at the Drive-up Facility counted 6,373 customers. The Treasury Division processed 1,362 credit card utility payments, an increase of 15.2% from last month, and the IVR (Interactive Voice Response) system processed 1,660 credit card utility payments, an increase of 4.9% from last month. Utility customers also have the option of paying on the City of Norman website. There were 5,042 credit card payments made on the internet in February, an increase of 19.2% from last month. The Municipal Court processed 903 credit card payments for court fines, an increase of 37.9% from last month.

The City charges a convenience fee of \$3 on credit card payments made online or by phone to help offset the costs of providing credit card service. We collected \$24,603 in convenience fees in the month of February with a fiscal year-to-date total of \$169,330.

Utility Services Division:

The Meter Reading Division read 43,069 meters. Out of 77 meter reading routes, 77 (100%) were read within the targeted 30-day reading cycle. All routes were read by the 29th day. No routes were estimated in February.

General Fund Revenues & Expenditures:

When comparing major General Fund revenue sources versus budgeted levels, revenues are above target for the month of February at 1.1%. Revenues from the City's largest single source of revenue, sales tax, are above target at 1.8% for the year to date and 5.9% above last fiscal year. Following is a summary table regarding General Fund revenues and expenditures to-date.

	FYE 16 Budget To Date	FYE 16 Actual To Date	FYE 15 Actual To Date	FYE 14 Actual To Date
Sales Tax Revenue*	\$26,776,356	\$27,256,634	\$25,748,526	\$25,681,865
General Fund Revenue*	\$50,060,490	\$48,866,773	\$48,776,163	\$46,500,165
General Fund Expenses*	\$53,074,192	\$50,469,608	\$47,382,183	\$47,111,347

* Excludes Public Safety Sales Tax

HUMAN RESOURCES

5

HUMAN RESOURCES
Monthly Report
February, 2016

ADMINISTRATION/LABOR RELATIONS

A. Administrative

- Held one (1) pre-disciplinary meeting – Parks
- Met with staff to prepare budget requests
- Attended Finance Committee meeting
- Attended the Norman Employee Retirement System board meeting
- Completed analysis and presented recommendations on new position requests and reclassifications for FYE17 budget

B. Grievances (active AFSCME and Non-Union)

- AFSCME Grievance FYE16-03 - Boensch (Fleet) – termination
Arbitration scheduled on March 24, 2016
- AFSCME Grievance FYE15-07 - Raney (Streets) – Crew assignment
Grievance meeting to be held upon employee's return from OJI.
- AFSCME Grievance FYE14-06 - Green (Sewer Line Maint.) – termination
District Court Judge vacated the arbitrator's decision. Pending action- settle Green's employment issues with the City or schedule another arbitration.

C. Collective Bargaining

- Held one (1) negotiation session with FOP
- Held one (1) consultation with IAFF regarding the Vehicle Safety Policy

D. Administrative Support

- Processed Monthly Department Report
- Compiled and distributed February 2016 City Newsletter
- Finalized FYE 16 IAFF contract
- Coordinated ordering of Employee Recognition Ceremony
- Attended/Summarized one (1) negotiation session
1 – FOP
- Processed invoices and reconciled expense accounts

BENEFITS

- Processed transactions for Life, Health/Dental and Supplemental Insurance Plans
- Conducted three (3) employee orientations
- Monitored registration for annual Wellness Program
- Responded to 62 benefit/wellness inquiries

COMPENSATION

The following personnel actions were processed:

Four (4) employees hired:

- 1 – City Manager – Chief Communications Officer
- 1 – Fire – Office Assistant (PT)
- 1 – Police – Crime Analyst I
- 1 – Utilities/Water Reclamation – Maintenance Worker I

Ten (10) employees separated employment from the City of Norman:

- 1 – Public Works/Stormwater – Stormwater Compliance Inspector
- 1 – Municipal Court – Juvenile Community Services Supervisor (PT)
- 4 – Police – (2) Police Officers, (1) Police Sergeant, and (1) Crime Analyst I
- 1 – Fire – Fire Chief
- 3 – Parks and Recreation/Recreation - (1) Special Instructor (PT), (1) Maintenance Worker I, and (1) Maintenance Worker II

One (1) employee promoted:

- 1 – Parks and Recreation/Recreation – Recreation Leader I (PPT)

COMPENSATION/BENEFIT SURVEYS

Compiled information from requested cities for compensation surveys.

RECRUITMENT

Accepted applications for the following positions:

- Temporary Laborer (PT), Utilities/Water Reclamation Facility
- Temporary Laborer (PT), Parks & Recreation/Westwood Golf Course
- Parks Temporary Laborer (PT), Parks & Recreation/Park Maintenance
- Juvenile Community Service Supervisor (PT), Municipal Court
- Special Instructor I (PT): After School Instructor, Parks & Rec/Recreation
- Aerobics Instructor (PT), Parks & Recreation/Recreation
- Baseball Supervisor I (PT), Parks & Recreation/Recreation
- Baseball Supervisor II (PT), Parks & Recreation/Recreation
- Youth Baseball/Softball Umpire (PT), Parks & Recreation/Recreation
- Bus Driver (PT), Parks & Recreation/Recreation
- Temporary Laborer (PT), Public Works/Streets
- Instructor /Lifeguard (PT), Parks & Recreation/Recreation
- Cashier (PT), Parks & Recreations/Recreation
- Assistant Aquatic Manager AM (PT), Parks & Recreation/Recreation
- Assistant Aquatic Manager PM (PT), Parks & Recreation/Recreation
- Lifeguard-Water Slide (PT), Parks & Recreation/Recreation
- Officer Manager/Cashier (PT), Parks & Recreation/Recreation
- Maintenance Worker (PT), Parks & Recreation/Recreation
- Recreation Leader I (PPT), Parks & Recreation/Recreation

- Custodian (PPT), City Clerk/Facility Maintenance
- Police Officer, Police Department
- Maintenance Worker I, Utilities/Water Reclamation Facility
- Auto Service Technician, Public Works/Fleet Management
- Fire Chief, Fire Department
- Firefighter Recruit, Fire Department
- Storm Water Compliance Inspector, Public Works/Engineering
- Communications Officer I, Police/Emergency Communications Bureau
- Capital Projects Engineer, Utilities/Administration

CITY OF NORMAN

Information Technology Department
Monthly Report –February 2016.

Working projects for the IT Department are as follows:

Project	Description/improvement anticipated	Status
Water Treatment Facility Fiber connectivity	This will replace the existing network connections with fiber connectivity which will greatly enhance speed and help to complete our connectivity to remote sites. There is a cost savings initiative and partnership with Cleveland County.	In Planning: Right of Way approved 10/13/15. Have hit a snag on a small amount of right of way that will delay the project. Exploring a different path to finish the connection.
Water Reclaim Facility network closet construction and redundant cooling for equipment	Enhance our existing network infrastructure which is currently in a very high temperature environment which degrades the equipment life.	In Planning: Steve H and IT met on site with contractors, construction dimensions defined. Building Maintenance helping with AC assessment.
Fire suppression System for Main IT Datacenter in 201 Building C	Increases the safety and protection of city staff and the citizens' investments by providing fire suppression in the city's main data center.	In Planning, working with Safety Manager - fully funded, electrical quotes in process. Electrical fixes going in place before suppression project can move forward.
Genetec replacement for current access control system	Full replacement of old technology that increases security by providing centralized management of building access on a building by building basis.	In Planning: Study complete with Ross Engineering. City Clerk's office - scope for completion has increased, Fire Stations to be added. Vendor selection in process.

Document Image Scanning and Consolidated Printer/fax/copiers evaluation.	Cost savings for printer usage, reduced service calls for PC Techs, consolidated application use for various departments document image scanning.	Software presentation to various dept. reps complete. Laserfiche selected as replacement for Fortis in Phase I - requesting additional funds for future phases.
ATT U-verse implementation	This will provide Norman Citizens who subscribe to ATT U-verse as their cable provider the ability to watch city council, and other meetings	Complete
Setup of Badger scanners for meter reading		In Planning
ERP Study and Consultant Selection	Process improvements for finance, purchasing, AR/AP, Courts, HR, Payroll, Personnel, and Permits Management through newer technology and business review process.	In Planning - Statement of Purpose and Need presented to Finance Committee - RFP for consulting going out Q1 2016
Firewall Upgrade	Upgrading old firewalls with the newest technology. These appliances protect the city network from outside intrusion and interference.	In Implementation: 2 servers - 1 is running and filtering web traffic, 2nd one is online but not in production.
Installation of fiber optic cable from City Hall south along Webster and west along Main Street to Norman High School which will bring seven more signals on-line.	Increase the coverage of traffic signals and the IT Fiber infrastructure	Construction is complete, waiting on switches, wiring, and IP addresses to turn on signal communications.
Repair of fiber optic cable on 201 Main campus.	Repairs will be made to fiber and conduit that was crushed underground	Construction in Progress
PD body camera and patrol car dash camera infrastructure build.	Introduces technology to help police officers and citizens with increased security by providing video and audio evidence on a case by case basis.	PD reviewing RFP's

Phase II Animal Control facility improvements	Improved facility for Animals awaiting adoption. Communications and data processing improvements for City staff	Quotes for network cable vendor in progress
Main Site data center upgrades	Necessary upgrades to current infrastructure are needed to enhance capabilities and continue with power saving and cooling efforts by reducing the amount of physical servers through virtualization.	In Planning
Website Rebuild/Redesign	Our current design is 5 years old. A new design will help boost our image, traffic, rankings, and leads. We also need a friendlier mobile device design.	In Planning: City Council to review mid-year budget for funds. Finance committee 3/10/16
Active Directory/Domain Controller Upgrade	Current Operating system is MS 2003 and needs to be upgraded to MS 2008	2008 R2 installed prepping for Domain Controller Upgrades on 2 DC Servers
NAPA Staff Passwords	Need to have NAPA staff move from the "generic" login to an actual user login for the two employees	
TAMS/FASTER Integration for City's NAPA Parts Room.	City of Norman and NAPA will integrate a program that will download data nightly from NAPA'S TAMS into the City's FASTER Fleet management Software, eliminating the need for NAPA to manually enter the data into FASTER	
Installation of fiber optic cable along Main Street from 24th Avenue West to 36th Avenue West with switches at 26th Street/Interstate Drive, I-35 Interchange, Ed Noble Parkway, and 36th Avenue West.	Increase the coverage of traffic signals and the IT Fiber infrastructure	Bid in Jan 2016--need IP addresses
Installation of fiber optic cable along Robinson Street from Peters Avenue to 12th Avenue NE with switches at Porter Avenue, Findlay Avenue, and 12th Avenue NE.	Increase the coverage of traffic signals and the IT Fiber infrastructure	Bid in Jan 2016--need IP addresses

Install fiber optic cable on Rock Creek Road from Porter Avenue to 12th Avenue NE with switch at a new signal at Sequoyah Trail.	Increase the coverage of traffic signals and the IT Fiber infrastructure	Bid in Jan 2016--need IP addresses
Wireless phone bills audit for cost savings.	Cost savings for telecommunications, waste elimination.	In Progress
Water tower and mono-pole contract negotiations.	Increased Revenue and compliance for water tower/cellular mono-pole leases. Repair requirements.	Ongoing
IT main computer room return air system improvements.	This will eliminate a "hot row" of air that currently taxes our main data center servers. If not addressed this "hot row" could cause server degradation and/or failure.	In Planning
License Plate Reader System	Improves the ability to identify stolen vehicles and vehicles with outstanding citations.	System is installed and in use - data connection with LERMS being evaluated

Support Tickets:

The IT department tracks work requests with a new software package called Spiceworks. **IT Table 1** below represents the number of support tickets closed by the IT Support Staff and those remaining open at the end of February 2016.

Mass Communications:

The following statistics represent email space and resource savings. 16 emails from the groups shown in the table below were sent from city servers using city resources – of those 10,518 were delivered to outside mailboxes for the month of February 2016. Basically the city generated mass communications of 10,518 messages from only 16 sent (see **IT Table 2**).

Email Security Appliance:

The City of Norman's IT Department has an email filter that has enhanced reporting and filtering capabilities that protect the City's systems from malicious attacks from the outside. IT had a total of 952,523 attempted incoming and 52,445 outgoing messages for the month of February. 798,435 of the incoming messages were considered Spam or hazardous e-mails and were quarantined or filtered (see **IT Table 3**). Of note – this is an increase of almost 200,000 inbound emails from December 2015. Without the email filter our email server would have received that much additional mail which increases waste and decreases valuable storage space. Additionally, the filter kept city employees from being bombarded with spam, phishing, and other types of potentially harmful emails.

Web Site:

The City of Norman's web site is hosted, updated, and maintained by the IT Department. In the month of February 2016 the City of Norman's web site had 80,584 individual web sessions access the web site for a total of 194,453 total page views. Of those sessions 41,185 were identified as New Users to view content on the City web site (see **IT Table 4**).

MONTHLY REPORT - LEGAL DEPARTMENT
February 2016 Report
(Submitted March 11, 2016)

MONTHLY HIGHLIGHTS:

Oklahoma Association of Broadcasters v. City of Norman, et al., SD-113913 (K, B)

On February 22, 2016, the Court of Civil Appeals remanded this case to the District Court of Cleveland County to consider whether Oklahoma Association of Broadcasters (OAB) is entitled to relief under 51 O.S. § 24A.8(B) – i.e., whether the public interest outweighs the reason for denying OAB a copy of property seized in support of a criminal investigation.

LIST OF PENDING CASES:

UNITED STATES COURT OF APPEALS FOR THE TENTH CIRCUIT

UNITED STATES DISTRICT COURT, EASTERN DISTRICT OF NEW YORK

In re Payment Card Interchange Fee and Merchant Discount Antitrust Litigation, Case No. 05-MD-01720 (JG)(JO)

UNITED STATES DISTRICT COURT

Ashton Grove, et al. v. City of Norman, CIV-10-1002 W (K, B)

Ashton Grove, et al. v. City of Norman, CIV-12-234 W (K, B)

Holloway v. City of Norman, CJ-2013-566 D; CIV 13-01204 (K, B)

On January 26, 2016, the Court denied Mr. Holloway's motion to reconsider and Defendants' motion for sanctions. Mr. Holloway has not filed a notice of supplementary document and the City has filed a motion to strike. This case will remain on the monthly report until the time for Mr. Holloway to appeal has expired.

OKLAHOMA SUPREME COURT / COURT OF CIVIL APPEALS

AFSCME, Fox, and Green v. City of Norman, SD-114640; CV-2015-267 JV (K, B)

Nees, et. al v. Ashton Grove. L.C., et al., CJ-2006-313 L; DF 106979 (K)

Oklahoma Association of Broadcasters v. City of Norman, et al., SD-113913 (K, B)

COURT OF CRIMINAL APPEALS – None pending

OTHER COURTS

MBS Surety Agency v. AT&T, Circuit Court of the City of St. Louis, Case No. 1222-CC09746

CLEVELAND COUNTY DISTRICT COURT

Juvenile Community Service Program

In February, 2016, juveniles provided 159.75 hours of community service, worked through our Juvenile Community Service Program, to various local non-profit agencies. Of these hours, 4 hours valued at \$29 if paid at minimum wage were devoted to City of Norman projects.

PARKS AND RECREATION 9

Park Planning Activities February, 2016

Robinson Street Trees

Griffis Brothers Tree and Landscape Service replaced six Shumard Oak Trees along Robinson Street between Flood and NW 24th Avenue which had died since their installation last winter. The other 44 trees were re-staked and pruned, in preparation for the spring growing season.

Park Improvements

Park Maintenance crews completed an inventory of our park signs, to determine where signs are either damaged or where they have been removed. That list is being used to order the next round of our new style of sign for those locations during FYE2016, utilizing annual sign and fence maintenance funds. We have already replaced 25 park signs using park development funds in various parks over the past year. All remaining parks will be receiving the new style signs as we embark on the neighborhood park improvements aspect of the Norman Forward package.

Griffin Park Improvements

Contractors continued to work on repairs to the various parking lots at the park. The main soccer parking areas, the main entry drive in the park and the 12th and Robinson Street parking lot are receiving crack-seal in all areas to help prolong the life of these lots. The small baseball lot on Robinson Street had several sections of asphalt removed and repaired.

The north end of the 12th & Robinson lot is being re-constructed this winter. The Dog Park lot received final asphalt overlay and restriping. All work is scheduled to be completed before the next soccer season starts in March, followed by the baseball season starting in April.

Senior Citizens Center

Work continued on the Senior Center Interior renovations. New cabinetry/millwork and fixtures were installed in the basement kiln room. Final painting is being done to walls and ceilings throughout. Floors in the basement and the upstairs rooms are being prepped for new surfaces. The ADA improvements to the restrooms are complete.

Streetscape Projects

We hired a contractor to work in the 100-300 blocks of east Main Street to trim and limb-up the elm trees planted in the downtown area, to keep them from hanging onto pedestrians and cars, and to keep the canopy growing without any large limbs scraping against the buildings. We are also working with the Norman Public Arts Board to select locations in the downtown and campus corner areas where the next set of artist-created bike racks can be installed. They will be installed in the next few weeks.

Recreation Centers

Contractors have finished painting the gymnasiums at Whittier and Irving Recreation Centers. Also, the kitchen/concession remodels in both centers is 90% complete; and the new flooring is progressing at both centers, to be completed this spring, as the busy sports and school schedules allow.

FEBRUARY 2016
RECREATION DIVISION
MONTHLY REPORT

Senior Citizens Center: There were 851 seniors who participated in activities during the month of February. Daily activities continue at the Reaves Center while renovations are being completed at the Center on Peters. The Congregate Meal Site served 675 meals at the Peters location. Special activities at the center this month included the Monthly Birthday Party. AARP Tax Aide provided assistance to 240 seniors this month.

Little Axe Community Center: The Center in cooperation with the Pioneer Library System hosted a book discussion on February 12th. There were seven participants in attendance to review the book Below Stairs. There were 328 citizens who received assistance from the outreach food distribution program this month. There were five facility rentals with 150 in attendance. The Pioneer Library Service Statistic Report shows 256 items were check out during the month.

12th Avenue Recreation Center: The center began taking registration this month for the 2016 summer camp program. The program will run for 11 weeks instead of the usual 12 as Norman Public Schools are starting earlier this August. The Open Adult Basketball league continued this month and registration began for the spring leagues. There were twelve rentals at the center this month with 823 in attendance. Jazzercise, Aikido, Zumba, Kung Fu, Karate, Judo, Boot Camp, and Dog Obedience all continued their instructional programming this month.

Irving Recreation Center: The Irving Recreation Center After School Tutoring Program which meets from 6-7pm on Wednesday nights, averaged 6 children from K-8th grade each week. The Make & Take building class built wooden piggy banks, the Kids in the Kitchen cooking class made frozen yogurt pies and the Paint & Play art class enjoyed painting with forks! We have hosted several Junior Jammer games throughout the month. The season will end in March. This month we began Book Buddies which is a book club that meets bi-weekly where the children will read a book, discuss their opinions with each other and then they will have the opportunity to watch a movie version of the book.

Whittier Recreation Center: Junior Jammer Basketball was played all month during the week and weekends at both Whittier and Irving and other satellite gyms with over 150 games in the month of February. Basketball will wrap up in March with end of season tournaments. Youth Volleyball is now enrolling for children in the 2nd-8th grades and registration will end on March 11th. Other programs at Whittier in February include; After School Program dance and clogging classes, open gym and Whittier Middle School Programs

Rounds of Golf	1951	20351	1265	19000

February has us trying to finish our winter projects. The last of the tee markers have been repaired and painted. Refurbished ball washers are ready to be returned to the tee boxes. Metal cups are sanded and painted. Only two unplayable days this month, has left us with the most play in February since renovation (2003). Unseasonably dry conditions had us hand watering greens on four occasions this month. This is very unusual for February. Irrigation repair was also up. The annual volunteers meeting was held with clubhouse staff.

Leaf management has decreased but goose dropping clean up continues. Tree limb pruning and clean-up was increased with excessive wind on a few occasions this month. Contractors have begun replacing the roof on the clubhouse. Westwood staff is replacing the roof on the pump station building. The deteriorating railroad ties that make up the walkway to seven tee have been removed. A final installation of a new walkway will be coming.

Indoor activities have been productive. Equipment is being readied for the season. Two additional four foot circular metal bull's-eye targets are being made and installed as targets for customers of the driving range. All other yardage markers on the range were removed, repaired, and repainted.

Agronomically, we are completing the first application of pre-emergent herbicide, combined with a light rate of glyphosate (Round-up) over the entire golf course. Post emergent herbicide is being applied as necessary. An application of granular pre-emerge was applied to 6 greens. An application of wetting agent was applied to all greens.

Routine maintenance includes greens mowing, cup changing and sand trap raking 2 to 3 times a week when not frozen.

PLANNING AND COMMUNITY DEVELOPMENT 10

ADMINISTRATION, CURRENT PLANNING, GIS 10A

PLANNING DEPARTMENT ACTIVITY
February 2016

ADMINISTRATIVE DIVISION

Comprehensive Plan

A RFP was released on September 23, 2015 for the development of a Comprehensive Plan for the City. There was a pre-proposal conference on October 7, 2015 and the proposals were due to the City on October 30, 2015. We received proposals from 13 consultant teams. An interview panel comprised of department directors, staff and two commission members interviewed five consultant teams on December 11 and 14. The panel was unanimous in our choice of the MIG team. We are currently negotiating a contract with MIG and hope to bring that for approval at City Council in early 2016.

Center City Vision Plan (CCV)

Staff compiled additional information and prepared a draft of the Center City Planned Unit Development regulations for a Steering Committee meeting held on February 26th. No final decisions on the Center City Form Based Code were made at the meeting. The next step is to have the Executive Committee meet to determine a compromise based on the discussion on February 26th.

GREENBELT COMMISSION

There was one agenda item for the Greenbelt Commission meeting of February 15, 2016:

GBC 16-3

Applicant:	Mike Brock
Project:	Brock Estates Rural COS
Location:	12600 Post Oak Road
Request:	Rural Certificate of Survey Plat
Land Use:	Rural residential

The next meeting is scheduled for March 21, 2016.

HISTORIC DISTRICT COMMISSION

The Commission met at their regular monthly meeting on February 1, 2016.

Certificates of Appropriateness were granted for:

506 S Lahoma - for the installation of a 535 square foot garage and associated concrete paving.

COA Extensions:

No extensions were granted.

COA Administrative By Pass:

No Certificate of Appropriateness by Administrative Bypass were granted.

The pre-trial hearing for the Easley window case at 549 S Lahoma was held on February 15. Bench trial dates were set for June 23, 24, and 27.

Certified Local Government (CLG) Report (FY 2015-2016) Program:

Cynthia Savage, with Architectural Resources & Community Heritage Consultant, has begun analysis of the data gathered for the Wetzler Addition Historical Architectural Survey.

Staff presented possible projects for the FY 2016-2017 CLG Grant Application to the Commission for their consideration. Their recommendations on projects will be on the March Commission agenda for consideration and recommendation.

Rural Certificates of Survey				2		1		1					1
Short Form Plats								1		1			
Site Plan Amendments													
Certificate of Plat Correction													

During February, no applications for Pre-Development were received.

During February, submittals for the March 10, 2016 Planning Commission meeting included one Norman Rural Certificate of Survey.

The Planning Commission met in Regular Session on February 11, 2016 and approved one preliminary plat; project which included a NORMAN 2025 amendment and preliminary plat; and one project which included a NORMAN 2025 amendment and rezoning. One set of minutes was prepared for the Planning Commission Regular Meeting.

During the month of February, 28 commercial building applications were submitted for review. Of those applications submitted for review, Current Planning staff reviewed and approved 15.

Board of Adjustment

The Board of Adjustment met on February 24, 2016 and postponed one variance request at the request of the applicant. The Board approved a side setback variance for a new home; a side setback variance for a new garage structure; and a variance to the 80% masonry requirement for a new commercial building. One set of minutes was prepared. The next regular meeting is scheduled for March 23, 2016.

GEOGRAPHICAL INFORMATION SYSTEM (GIS) DIVISION

The base map update project being completed by Sanborn continued this month. The corrected contours were delivered in January. The smoothing algorithm left the size of the contours too large, making them slow to use in the City's computer system. Sanborn is applying a different process to make the contours more useful. The new delivery of the LiDAR, DEM and contours was necessitated by a measuring error in the initial survey. The vertical measurement of the base station used to collect the data was incorrectly calibrated. A correction has been applied to the data. Preliminary evaluation of the data has found this delivery to be within the specified accuracy criteria. The planimetric mapping was delivered in November. It was missing several feature classes and a request for correction was submitted. The delivery was received in February and is under review. This project will update the City's base map to reflect new construction and any other changes on the ground which have occurred since the last base map update was completed. This is standard maintenance of the GIS database. This information is used for many purposes throughout the city including: permitting, storm water planning, utility management, and public safety. Almost every development project, both public and private, starts with a map. The availability of recent, accurate, and complete mapping facilitates the effective management of the City's resources. ACOG communities participating in the project this year include: Norman, Edmond, Choctaw, Del City, Midwest City, Moore, Yukon, and Oklahoma County.

GIS Staff continued to work with Staff from the Engineering Division of Public Works to prepare mapping for the FEMA Community Rating System verification 5 year cycle visit. Staff continued support of the New World public safety software go-live. There continued to be changes to the GIS data that were needed to make the system function more effectively. Staff is also doing a close review and update of the water system to prepare for the water modeling contract.

In addition to the daily activities of updating the GIS database layers, which include zoning, parcels, and utilities, GIS staff filled 90 requests for service that resulted in the production of 87 mapping products and reports. The GIS division did work for 10 of the City's Departments during the month of February, as well as providing information for and staffing of City Council and Planning Commission Meetings.

DEVELOPMENT SERVICE

10B

DEVELOPMENT SERVICES DIVISION

Commercial New Construction, New Shell Construction, Addition/Alterations, Fire Damage Repair, and Interior Finish projects received Certificate of Occupancies (CO's) and Certificate of Completions (CC's) issued during February:

New Construction:

ADDRESS	DESCRIPTION	VALUATION	WARD
4320 Adams Rd.	Landmark Office-Building 5	\$585,000	8

The Landmark Office Shell Building at 4320 Adams Rd. received Certificate of Completion (CC) on February 2nd, 2016. Reported at a valuation of \$585,000, the 5,422 square foot Shell Building is scheduled to include offices.

**New Shell Construction:**

STORM SHELTER PERMITS

Storm Shelter Permits

102 storm shelter permits were issued in February. Staff continues to make every effort to provide the best customer service by scheduling and coordinating the storm shelter inspections, particularly those inside the garage that require the homeowner to be on-site for the inspection. The Building Inspectors meet homeowners on-site as needed to accommodate their storm shelter inspections.

February 1-5	February 8-12	February 15-19	February 22-26	February 29
24	18	24	31	5

Inspection Requests

During February 743 inspection requests were made on-line, 621 inspection requests were made using the Automated Phone Line System, and 742 inspections were made by the staff for a total of 2,106 inspection requests. The inspection requests made by the staff include phone and in-person requests, as well as administrative items.

February 2016

Year to Date

ON-LINE INSPECTION SERVICES

On-line Payments

During February 49 payments were made on-line totaling \$14,543.78. The payments year-to-date include 117 payments totaling \$18,371.78.

February 2016

Year-to-Date

Mobile Field Inspection System

During February 1,582 inspection results were entered using the Mobile Field Inspection (MFI) System. These inspection results were available on-line and through the Automated Phone Line System almost immediately as the inspections were conducted throughout the workday beginning as early as 8:15AM. Inspection Records were printed on-site as needed. The dates below also include a modest number of inspection results conducted and resulted during the weekend. These inspection requests were completed on Saturdays to accommodate citizen's schedules and the heavy workload.

Construction Activity

Reporting of data changed with the JULY 2016 report to more thoroughly delineate residential construction for reporting to the Reapportionment Commission and Census Bureau. Data previously reported was grouped differently and individual permit types may or may not correspond to data after this date.

Total value of all construction activity permitted in FEBRUARY of 2016 totaled \$61,282,575, higher than the \$23,708,091 for the same month last year. A total of 193 permits were issued in FEBRUARY of 2016, up from 161 in FEBRUARY of 2015. The higher dollar value in FEBRUARY of 2016 is due to 3+ family permits and commercial permits. The higher number of permits in FEBRUARY of 2016 is primarily due to storm shelters and non-residential foundations.

Total new residential permitting activity in FEBRUARY 2016 was valued at \$37,987,213 compared to \$20,179,356 in FEBRUARY 2015. New single-family detached residential construction in FEBRUARY 2016 represented 19 new homes valued at \$5,329,931 compared with 26 new homes in FEBRUARY 2015 valued at \$6,059,363. There were no attached single family permits in either year. There were no new mobile homes in either year. There were no single family permits for non-dwellings in FEBRUARY 2016 compared to 4 permits in FEBRUARY 2015 valued at \$420,000. There were 2 new duplex units permitted in FEBRUARY 2016 valued at \$378,000 compared to 6 in FEBRUARY 2015 valued at \$1,250,000. There were no garage apartments in either year. There were 4 multi-family permits valued at \$32,279,282 (1 garage foundation, 1 garage, and 2 residential buildings with 229 dwellings) in FEBRUARY 2016 compared to 5 permits in FEBRUARY 2015 valued at \$12,449,993 (2 buildings with 57 dwellings and 3 non-dwelling permits).

Residential addition/alteration permits in FEBRUARY 2016 numbered 131 valued at \$1,129,371 compared to 104 permits valued at \$1,226,932 for FEBRUARY 2015. There are more permits in FEBRUARY 2016 primarily due to storm shelters. The valuation differential is insignificant.

New non-residential construction permits in FEBRUARY of 2016 totaled 28 with a value of \$6,948,823 compared to 6 permits valued at \$997,000 for FEBRUARY 2015. The higher number and value of permits in FEBRUARY 2016 is primarily due to foundations and full construction permits.

Non-residential Addition/Alteration permits in FEBRUARY of 2016 totaled 9 with a value of \$15,217,168 compared to 10 permits valued at \$1,304,803 for FEBRUARY 2015. The number of permits is approximately the same. The highest value projects in FEBRUARY 2016 include projects located at 1809 N. Stubbeman (\$11,923,000) and 911 W Main Street (\$1,500,000).

Reporting of data changed with the July 2015 report. The purpose is to more thoroughly delineate residential construction for reporting to the Reapportionment Commission and Census Bureau. Data previously reported was grouped differently and individual permit types may or may not correspond to data after this date.

REVITILIZATION 10C

CDBG and HOME Investment Partnerships Programs

The CDBG Policy Committee met on February 3, 2016 and received an orientation of the CDBG Housing Rehabilitation programs. Discussion was held pertaining to the different qualifications for assistance as well as the types of assistance that are eligible.

On February 24, 2016 a Release of Funds was received from HUD to allow CDBG funds to assist in the construction of the new Food and Shelter facility. This notice completes the Environmental Review process. Staff and representatives from Food and Shelter are in the process of developing a contract tentatively scheduled for the March 22, 2016 City Council Agenda.

CDBG Disaster Relief Grant

The monthly progress meeting was held with Atkins North America on February 18, 2016 to evaluate the projected timelines of the projects. A formal request was made to ODOC in the amount of \$11,322,378 to allow for the bidding and construction of Phase One and Phase Two projects.

On February 9, 2016 the City of Norman accepted K-1516-107 in the amount of \$5,004,821 for repair of two additional roads damaged in the disaster events. Staff is negotiating with Atkins North America a contract modification to include the work items needed for this additional award in their existing contract.

Homeless Activities

On February 20, the housing placement report for the Zero:2016 initiative was made to Community Solutions for the month of January. There were two housing placements made in January, both veterans. While the goal of housing all veterans who are experiencing homelessness by December 31, 2015 was not met, the Cleveland County providers are very close to the provision of housing and case management services for the few remaining veterans that remain unhoused.

The annual Point-in-Time count for sheltered and unsheltered persons who are experiencing homelessness was conducted overnight on January 28 and 29. Results of the PIT are being compiled and will be released once completed.

Housing Programs

February 2016

CDBG

- 2 rehabilitation projects are under contract, 2 Rehabilitation Projects completed since July.
- 2 emergency repairs are under contract, 13 completed since July.
- 1 accessibility modification under contract, one completed since July.

Exterior Property Maintenance Grants

- No potential applications received from Code Compliance in January

Social and Voluntary Services Commission

The contracts that were executed with eighteen non-profit agencies that received the initial awards of the Social and Voluntary Services funding continue with expenditures as anticipated. The three special project awards are also under contract and

progressing. The Social and Voluntary Services Commission members are currently conducting site visits to each entity awarded funds. A sub-committee met on February 10, 2016 to discuss updating the Ordinance which has not been amended since 1973.

Code Compliance

Code Compliance investigated 553 new code violation cases and 368 of those were proactive. 669 code cases were closed with 543 cases remaining open. 1,983 Tasks were completed, such as initial inspections, re-inspections, additional site visits, charges, postings, inspector abated, etc. City-wide proactive enforcement began on March 15, 2012.

A salt water spill occurred at the Williams #1 well operated by E. Lyle Johnson, located ¼ mile east of 24th Avenue NE, south side of Indian Hill Road. Don Maynard, with E. Lyle Williams notified me of the spill. The spill occurred while Hamm & Phillips tank truck was loading water from the salt water tank. The leak occurred in the tank truck. Approximately 40 barrels of salt water was discharged and clean-up began with removal of contaminated soil and soil testing. Contaminated soil will be replaced with new top soil.

Crime Free Multi-Housing Program February 2016

During the month of February 2016, several security surveys for multi-housing communities were completed. A final inspection of Cottonwood Ridge Condos found that they had met the minimum standards to move on to phases 3. The next survey was an initial survey of The Country Village Apartments. They will be working toward meeting minimum standards. The last survey was a lighting survey for The Meadows townhomes. They are not yet a part of the program but are looking into joining.

DEPARTMENT OF PUBLIC WORKS
MONTHLY PROGRESS REPORT
February, 2016

ENGINEERING DIVISION

DEVELOPMENT

The Development Coordinator processed 2 Final Plats, 1 Short Form Plat, and 1 Certificate of Survey for Planning Commission; 1 Final Plat was processed for Development Committee; 2 Preliminary Plats, 2 Consent to Encroachments, 1 Closure, and 1 Final Plat were processed for City Council review. The Development Engineer reviewed 27 sets of construction plans and 6 punch lists. There were 147 permits reviewed and/or issued. Fees were collected in the amount of \$9,465.80.

CAPITAL PROJECTS:

SH-9E and Lindsey Street Interchanges

Construction on the I-35/ SH-9E and Lindsey Street Interchanges Reconstruction project began on Monday, March 2, 2015. This is a \$72 million construction project awarded to Sherwood Construction Company of Tulsa, Oklahoma. The Oklahoma Department of Transportation (ODOT) is administering the construction of this project.

The project involves the following items:

- The new SH-9E modified Interchange will allow large volumes of traffic to negotiate the area.
- SH-9E Project will provide a connection from Ed Noble Parkway to SH-9E
- Replace the existing Lindsey Street interchange with a Single Point Urban Interchange (SPUI). The SPUI will include longer on and off ramps at I-35 and a wider Lindsey Street bridge. The SPUI will allow large volumes of traffic to negotiate the area using a single set of traffic signals mounted at the center of the bridge. This is the second SPUI interchange in Norman and the third in the State of Oklahoma.
- Widen I-35, from the Canadian River Bridge to ½ mile south of Main street, from four to six lanes
- Three new bridges will be constructed to vertically separate the on and off ramps from I-35 to SH-9E and Lindsey Street

The contractor's activities this month were as follows:

- Continue to install the Lindsey Street storm water box culvert on the east side of I-35. Construction of the box is currently crossing 24th Avenue SW.
- Continue to construct the retaining wall south of Lindsey Street and west of I-35
- Continue to construct the bridge deck for the first ramp bridge located on the west side of I-35
- Continue work on the bridge deck for the second ramp bridge located on the west side of I-35
- Continue to construct the foundation on the east side of I-35 for the Lindsey Street Bridge

Continue to construct the on and off ramp roads on the west side of I-35 for the SH-9 Interchange

Lindsey Street – 24th Avenue SW to Berry Road

On August 28, 2012 the citizens of Norman voted in favor of a bond issue to finance the local share of 8 projects. Lindsey Street from 24th Ave. SW to Berry Road is one project. The proposed improvements are:

- Widening Lindsey Street from 3 lanes to 4 lanes with a raised median
- New bridge over Imhoff Creek
- Continuous sidewalks on both sides of the street
- Multi-modal improvements including bicycle lanes
- Aesthetic enhancements including decorative pavement, landscaping, and roadway lighting
- Underground utilities

*Monthly Progress Report
Public Works (February 2016)*

- Accessibility to disabled individuals
- Improved drainage system on Lindsey Street

Utility relocation work for this project is complete. The next phase will begin with the ODOT bid opening for the project on April 21, 2016. The Oklahoma Transportation Commission will consider award of the contract on May 2, 2016. Construction may begin in June 2016.

SH-9E from 36th Avenue SE to 72nd Avenue SE:

Construction on the SH-9E Reconstruction and Widening Project began on Tuesday, September 8, 2015. This is a \$22 million construction project under construction by Silver Star Construction of Moore, Oklahoma. The contract time is set at 420 days with a \$7,500 per day incentive. Completion of this project is estimated to be November 2016. The Oklahoma Department of Transportation (ODOT) is administering the construction of this project. State Highway 9 will remain open during construction.

The project involves the following items:

- This phase of construction will begin just east of 36th Avenue and continue to a point just east of SE 72nd Ave.
- The road will be widened to 4 lanes (2 lanes east/west, with a flush median).
- Access will be maintained to the neighborhoods and homes during the project.
- Public Works staff will be working with ODOT and the contractor to ensure that any temporary access is appropriate for local traffic (both residents and emergency responders).
- A new bridge will be constructed across Dave Blue Creek; phased construction of the new bridge in conjunction with the existing bridge will maintain 2-way traffic on SH-9E.
- One week advance notice will be provided to the public in advance of major construction phasing changes
- A 5-day work week is typical, but may include some Saturdays. No construction will occur on OU football game days.

The contractor is working on construction activities associated with installing a temporary roadway widening on the north side of SH-9E. When completed, 2-way traffic will be shifted northward to allow more room to construct permanent improvements on the south side of SH-9E.

The contractor's activities this month were as follows:

- Subgrade stabilization south of centerline between 60th and 72nd Avenue SE
- Concrete paving south of centerline from beginning of the project to 48th Avenue SE
- Drainage structure extensions south of SH-9E
- Continue installing riprap at completed drainage structure locations
- Finish construction activities on south leg of 60th Avenue SE and open up to traffic
- Continue bridge construction for the south half of the new Dave Blue Creek Bridge

24th Avenue East – Lindsey Street to north of Robinson Street

On August 28, 2012 the citizens of Norman voted in favor of a bond issue to finance the local share of 8 projects. 24th Avenue East is one of these projects. The proposed improvements are:

- Widening 24th Avenue East from 2 lanes to 4 lanes
- Continuous sidewalks on both sides of the street
- Multi-modal improvements including bicycle lanes
- Underground utilities
- Accessibility to disabled individuals
- Improved drainage system

*Monthly Progress Report
Public Works (February 2016)*

The 24th Avenue East Bond Project is currently under design by the firm of Atkins North America, Inc. of Norman, Oklahoma. Construction of the project is anticipated to begin in the spring of 2018 with completion in two phases over an 18 month period. Because federal transportation funds are being used to finance this project, the City is required to perform a full Environmental Assessment (EA) of the corridor in compliance with the National Environmental Protection Act (NEPA). This process is complex and involves a noise assessment, site review, biological assessment, cultural resource review, human and natural environment assessment and other issues. The environmental assessment is nearing completion, but the final step in the process is to notify Norman citizens and property owners who may be impacted by the project and to share our findings. In addition, a public meeting and public comment period are required to allow citizens to provide additional information, to share their concerns and simply to ask questions about the project. The Public Meeting is scheduled on Thursday, March 3, 2016 at 6:00 p.m. in the Multipurpose Room located at City Hall. City staff will notify citizens with direct mailings and media releases in early February 2016.

Main Street Bridge over Brookhaven Creek

On August 28, 2012 the citizens of Norman voted in favor of a bond issue to finance the local share of 8 projects. Main Street Bridge over Brookhaven Creek is one of these projects. The existing West Main Street Bridge was constructed in 1972. This bridge is identified in the Storm Water Master Plan as being “hydraulically deficient”. It is unable to convey a ten-year or 10% storm. This condition likely caused the bridge to sustain serious damage in the flood of August 19, 2007. In August 2009, City Council approved the design contract with Garver, LLC for the preliminary design of this project. As noted in the Storm Water Master Plan and verified by the hydraulic study performed by Garver, increasing the size of the bridge will prevent flows from overtopping Main Street and spreading out over a large area on the west side of the creek. Replacing the bridge and the downstream improvements are required to increase the stream capacity and stabilize the stream banks.

The City applied for an Individual Section 404 Permit through the U.S. Army Corps of Engineers (USACE) in order to obtain permission to perform the work in Brookhaven Creek. The USACE is reviewing the permit application. As a part of the review process the USACE sent a public notice to the surrounding property owners notifying them of the City’s intent to perform work in the creek. The notice provides for a 30 day period for property owners to provide comments on the City’s plans for the work in the creek. The USACE sent the notice on February 18, 2016 and the 30 day notification period ends on March 18, 2016.

As a part of the permit, the USACE will require the City to mitigate the loss of trees in the project area by requiring the City to plant approximately 500 trees in the project area and 1500 trees along Brookhaven Creek in Prairie Creek Park. This work is being coordinated with the Parks and Recreation Department.

FYE 2016 Sidewalk Program:

FYE 2016 Concrete Projects bid was awarded on August 11, 2015 by City Council to Central Contracting services in the amount of \$237,227.00 for the four following projects to be completed throughout the fiscal year 2016:

- **Citywide Sidewalk Reconstruction Program** which is intended to assist property owners in repairing existing sidewalks and constructing new sidewalks along an entire city block. Property owners who wish to participate in the Citywide Sidewalk Reconstruction Project will pay fifty percent (50%) of the estimated cost, with the City paying the remaining fifty- percent (50%) from funds allocated to this project. Reconstruction of residential sidewalk in multiple locations across Norman were completed; sites included are 1776 Robinson Avenue, 3900 Mayfair, 2624 Bishop Drive, 3902 Northridge Road, 415 Kensington, 205 Pinafore Drive, 1715 Village Drive, 1305 Kingston and 2813 Rampart Road, 2800 Barry Switzer, and 3902 Northridge Road. Overall project is 95% complete.

*Monthly Progress Report
Public Works (February 2016)*

Construction Site Stormwater Management

- Performed 41 inspections of 83 active sites (SW Compliance Inspector Position Vacant)
- Issued 5 Earth Change Permits to new projects

MS4 Operations

- Received and responded to 8 citizen calls/ YTD Total is 17
- Attended TMDL Sampling meeting with OKC Stormwater
- Submitted Phase II Stormwater Permit application packet to ODEQ for Permit OKR04 renewal.

OTHER

ROUTINE POTHOLE PATCHING OPERATIONS

This month approximately 3.01 tons of asphalt was utilized in routine pothole patching operations.

STORM WATER

2353 HEATHERFIELD LANE

Replacing deteriorated storm water drainage pipe. Placed 8 cubic yards of concrete and hauled 30 tons rock.

2021 BROOKHAVEN BLVD

Repairing storm water inlet and joint sealing. Placed 7 cubic yards of concrete placed 2 cubic yards of flow-able fill.

15100 INDIAN HILLS ROAD

Excavated sediment from inlet and discharge end on culvert pipe. Flushed sediment from culvert pipe and placed 4 cubic yards of concrete. Hauled 15 tons select fill material and hauled 7 tons topsoil.

MISCELLANEOUS WORK ORDERS

Crews assisted in pothole patching in the urban area and filled sink hole. Placed .25 tons select fill material.

URBAN STREET SWEEPING OPERATIONS

Urban street sweeping operations, a total of 197 miles were swept resulting in the removal of approximately 217 tons of debris from various curblane streets.

DRAINAGE MAINTENANCE

Removed 10 tons debris/sediment and trimmed trees in drainage right-of-ways in the urban area.

ROADSIDE MAINTENANCE

Trimming trees on roadside right-of-ways in the rural area and hauled 86 tons of debris/wood chips.

NORTH PORTER AVENUE

Pushing/leveling construction debris at dumpsite.

STORM WATER MANAGEMENT

Cleared 176 inlets of debris from drainage right-of-ways in the urban/rural area.

URBAN/RURAL LITTER PROGRAM

Removed 5.54 tons of trash/debris from urban/rural right-of-ways.

PLANT GROWTH REGULATOR APPLICATION

Applied plant growth regulator (granular) to roadside right-of-ways in the urban/rural area.

FLEET DIVISION

The Fleet Management Division Activity Report shows a comprehensive summary of the activity during the month, broken down into 3 subgroups: Fuel Report, Maintenance Report, and Productivity Report.

Fuel Report

Purchases: The Inventory fuel and Outside fuel purchases are added together for each category of fuel - Unleaded gasoline, Diesel fuel, and CNG.

Amount Sold: The amount of Inventory fuel and Outside fuel disbursed to city divisions are shown.

Price Per Gallon: For Inventory Purchases, each time a purchase is made the invoice information, such as quantity and total price is receipted into the Faster system. The Faster program then tallies the information and decides on a price-per-gallon for that purchase. The monthly high and the monthly low price-per-gallon for unleaded gasoline and diesel fuel are shown.

Maintenance Report

Repair Parts Sold: This shows the amount of money spent on repair parts for vehicles during the month.

Tires Sold: This shows the amount of money spent on tires for city vehicles during the month.

Total Parts Sold: This is the sum of Repair Parts and Tires Sold added together.

Sublet Repairs: This is the amount spent on outside repairs during the month.

Road Calls: This is the amount of times Fleet was called out to retrieve/repair a vehicle.

Preventative Maintenance Services: This is the amount of times a vehicle failed to make the appointed preventative maintenance service and had to be rescheduled.

Total Work Orders: This is the amount of work orders for the entire month.

Year to Date Work Order Total: This is the amount of work orders for the entire year.

Productivity Report

Direct Labor Hours: Each mechanic's total direct labor hours are shown. Then the direct labor hours are tallied together. After that the total available hours are shown to assess productivity.

Monthly Progress Report
Public Works (February 2016)

Productivity Goal: When mechanics are productive at 70%, meaning that 70% of their day was spent actually working on vehicles, the City of Norman is in equilibrium. We are able to use the money generated from their direct labor to pay wages, benefits and the utilities.

Actual Productivity: This is the average percent of all the mechanics' total productivity during the available working hours for the month.

Monthly Report
February 2016

Line Maintenance:

Division Fiscal Year 2016 Capital Projects

- Woodsboro Ct. – 90% Complete
- Wilderness Dr. – 100% Complete
- Rhoades Dr. – 100% Complete
- Robinson Crossing – 10% Complete
- Warbird Drive – 30% Complete

Water Line Breaks for February – 24

- Total obstruction service requests for February - 34
- Private Plumbing: 33
- City Infrastructure: 1
- Sanitary Sewer Overflows: 1 overflow on City collection system

D Lift Station Flows:

- Days - 29
- Average daily flow: 0.95 MGD.
- Average total flow: 27.6 MG.

Wastewater Projects:

Royal Oaks Force Main Rehab (WW0062): Project will replace 2,260 feet of 16-inch ductile iron force main along 24th Avenue NE, from near Alex Plaza Drive across Alameda to its termination at an existing manhole to be replaced. NUA staff is coordinating with Public Works staff on their bond project to widen 24th Avenue NE. The NUA approved an On-call Professional Services expenditure with Cardinal Engineering on 2/28/15; 50% plans reviewed with comments 5/29/15; no permits required; Project scope is expanding to include new gravity sewer; met with Cardinal and Adkins (consultant for 24th Ave SE widening bond project); refined additional ROW and easement required on 10/20/2015; draft plans received 1/8/16; review and comment in progress.

Woodcrest Interceptor (WW0120): Project is a \$1.7 million dollar sewer improvement project funded by the Sewer Excise Tax (SET). It will replace and upsize the existing Woodcrest_interceptor from north of Tecumseh Road running SW to near Porter Avenue and Rock Creek Road. Design by RJN Group; project advertised 1/14/16; pre-bid meeting held 1/28. Three (3) bids received 2/11/16 with Jordan Contractors of Tecumseh low at \$1,725,750; NUA award and contract approval scheduled 3/8.

Sewer Maintenance Project FYE14 (WW0202): Annual project may rehabilitate over 47,000 feet (9 miles) of sewers and over 230 manholes in two (2) or more phases, in the area bounded by Robinson Street to the North, Sherry Avenue to the West, Main Street to the South, and Berry Road to the East, excluding Dakota & Iowa, which were in the 2009 project area. On 10/28/14, the NUA approved an On-call Professional Services expenditure with Lemke for surveying and drafting assistance; Phase 1 of the project advertised 2/25/16; pre-bid meeting scheduled 3/9; bids due 3/17.

Wastewater Flow Monitoring Project (WW0042): HDR Engineering approved 04/13/10 for completion of city-wide flow monitoring, and calibrating the new Wallingford Infoworks wastewater model to simulate the affect a 5-year design storm. Thirty-two flow meters and ten rain gauges utilized to collect dry and wet weather flow data; Flow Monitoring Report received 12/21/10. Sewer sub-basin maps reviewed to

determine proper loading information under 2025 Plan and corresponding population equivalents. Loading data transmitted to HDR in 04/25/12 so modeling can begin. Model development workshop held 03/14/13; capacity analysis report received 05/07/13. Collection system improvements report received 04/28/14 and is under review. Payments totaling \$541,387 of \$576,699 processed.

Phase 2 South WRF Improvements (WW0065): Preliminary design contract with Garver for preparation of Engineering Report (ER) approved 03/08/11. ER finalized and submitted to DEQ 11/18/11; revised Final ER approved 06/27/13. NUA approved Garver Amendment No.1 for final design and bidding approved 06/12/12. Final design documents submitted to DEQ 08/01/13 and were approved 11/26/13. Floodplain permit submitted 10/15/13 and was approved by the City of Norman 04/05/13. NUA approved Garver Amendment No. 2 for construction administration, inspection, and operation and maintenance manuals on 04/22/14. Public Meeting on proposed rate hike held 08/12/13 and was approved 11/12/13 by 67% of voters. NUA approved Resolution 1314-89 authorizing OWRB \$50.3 million loan application; loan approved 04/15/14.

Phase 2 WRF Improvements project expands design capacity from 12 to 17 MGD, rehabilitates older equipment and adds ultra violet disinfection, effluent aeration and odor control technologies. Bids received from three pre-qualified contractors 03/27/14 and the NUA approved award to Archer Western Construction, LLC (AW) of Irving, TX on 04/22/14. NUA approved AW contract and bonds 05/13/14. AW began construction 06/02/14. Change Order No. 1 extending contract time by 47 days approved by NUA on 09/09/15. All work is now scheduled to be complete by 01/04/17. The following briefly summarizes the work completed this period:

- Headworks/Screening: replacement parts for existing screens delivered; electrical control panels installed on concrete slab with metal cover over equipment to NW of structure. Protective coatings on grit channels and screening modifications to be initiated soon.
- Influent Flow Measurement Structure: shutdown/bypass plan submitted; proposed bypass piping and valving delivered.
- Primary Clarifiers 1, 2, 3 and 4: will demolish clarifier mechanisms one at a time. PC#1 PC#2 placed in service 10/28/15; PC#3 dewatering and demolition has begun.
- RBC and Bio-Tower structures: removal is complete.
- Aeration Basins 4, 5 and 6: Dewatering continues; excavation is complete except in area where crane is located; concrete slab installed at splitter box and in other areas totaling about 65% of floor. Placement of exterior and interior basin walls about 50% complete.
- Final Clarifiers 5 and 6: Placement of bottom slab and exterior walls complete for FC#5 and FC#6; backfill and effluent trough placement around both clarifiers about 90% complete. Mechanisms in both clarifiers nearing completion.
- RAS/WAS Pump station bottom slab, interior and exterior walls and floating slab in place; sludge measurement Parshall flume installed; backfill around structure nearing completion; pump and piping installation in drywell nearing completion. Interior painting on-going; masonry building to begin soon.
- UV/Post Aeration Facility: Connection to existing outfall is complete. Blower control building, blowers, electrical controls and backup generator placed into operation in September 2015. UV influent box, UV disinfection and post aeration structures, UV equipment and superstructure, slide gates, effluent troughs and aluminum covers complete and placed into operation on 10/29/15. Fencing, sidewalks and asphalt drive essentially complete. Punch list prepared November 2015; repairs are required for building roof and asphalt drive; blowers not meeting specs will be replaced upon arrival of new blowers. Performance testing completed 03/02/16; report is being prepared.
- Outfall Structure and 66-inch Outfall Piping: New structure complete with 66-inch and 54-inch outfall piping installed and tested. Trash excavated from construction disposed and covered on top of landfill per DEQ requirements; additional cover materials stockpiled on landfill; need to complete erosion control on landfill areas. Asphalt access road installed.
- Sludge Blending Tank and Pump Station Building: New sludge blending tank with mixing system and pump station building essentially complete.

- Sludge Thickening Centrifuges: two new centrifuges, supports, and monorail crane installed within Main Control Building; working on electrical connections, motor controls and painting.
- Digester Modifications: sludge removal from Digester 2 and 4 complete; demolition of existing cover on Digester 4 is complete; digester coating is complete and new digester cover is 75% complete.
- Standby Generators: Generators at Transformer 5 (Environmental Services Building) and UV Blower Building installed; generator startup and testing completed in September 2015.
- Odor Control: air piping installation initiated near PC#3 and #4.
- Pay Estimate No. 21 for period ending 02/29/16 approved in the amount of \$1,187,563 for total of \$33,609,017 or 69% of the contract amount. OWRB reimbursement requests total \$22.8M.
- 637 calendar days or 67% of the 947 calendar day contract time has been consumed. Note Change Order No. 1 approved 09/08/15 granted 47 day time extension. Proposed Change Order No. 2 will grant 32 day extension for weather related delays through December 31, 2015.
- Monthly Progress Meeting No. 21 was held 03/02/16.

South WRF Consent Order from DEQ: OPDES permit issued in July 2010 included deadline of July 2013 for implementing disinfection at the WRF. Staff and DEQ have negotiated Consent Order (CO) #13-077; CO#13-077 approved by NUA on 09/12/14 including the following tasks:

- | | |
|---|---------------------|
| • Submit SEP project and schedule | 11/30/14 (complete) |
| • Complete disinfection improvements | 01/01/16 (complete) |
| • Attain compliance with fecal coliform limits | 07/01/16 |
| • Complete Phase 2 improvements | 01/01/17 |
| • Attain compliance with Ammonia and TSS limits | 07/01/17 |

North WRF Engineering Report (WW0204): This new project will investigate the cost of new facilities for wastewater treatment, disposal, and solids management at a new North Water Reclamation Facility (WRF). Differing treatment alternatives will be evaluated for discharge to either the Little River or the Canadian River. Request for Proposal RFP 1213-12 was issued 07/24/12 and consultant proposals are due 08/27/12. The proposed WRF site is located NW of the intersection of 12th Ave. NE and Franklin Road. Request for Proposal RFP 1213-12 was issued 07/24/12 and proposals were received from 4 consultants on 08/27/12. The review committee of 5 staff members selected the team of HDR and Alan Plummer and Associates to prepare the engineering report. NUA approved contract and work scope 01/08/13 but work delayed for 45 days; kickoff meeting held 02/26/13. Amendment No. 1 to HDR contract was considered by Finance Committee in April and will not be forwarded to the NUA for consideration. NUA and HDR staff conducted North WRF alternative treatment technology screening workshop on 05/29/13; alternative technologies were developed for three potential discharge locations. Technical Memorandum No. 1 received 08/01/13 and documents the reasoning for potential discharge limits and treatment technologies proposed prior to more detailed alternative development. Staff provided comments on TM-1 to HDR 08/29/13. Received draft version of TM-2 including cost estimates for 4 treatment and discharge alternatives from the future North Water Reclamation Facility. Staff met with HDR Engineering on 12/17/13 to discuss draft version of TM-2 and provide input regarding non-economic ranking of alternatives. Staff provided comments on TM-2 06/10/14; draft ER received 2/27/15 and is under review.

Effluent Reuse at Compost Facility (WW0058): A non-potable water system allowing reuse of treated effluent at the WRF is in place. Disinfected wastewater effluent may also be used, if permitted by the ODEQ, for irrigation purposes offsite such as at the Compost Facility south of the WWTP. Wastewater reuse can reduce water demand and delay the need for expensive water supply projects.

This project will install piping to the compost facility and examine the need to upsize the non-potable water pumps. Contract K-1213-54 for preparation of Engineering Report (ER) with Alan Plummer and Associates (APAI) approved 09/06/12. After numerous meetings with DEQ; ER for Compost Facility Reuse submitted to DEQ 09/04/13; ER approved on 09/23/14. APAI contract amendment for final design

and construction administration approved by NUA 01/27/15; design work proceeding with 90% plans received 02/16/16.

Bishop Creek Aerial Crossing (Proj. # T.B.A.): On Monday, December 30, 2015, staff discovered the existing aerial crossing near Jimmie Austin Golf Course (OU) had been crushed by a fallen tree. A combination of high rainfall and possible ice are suspected causes. Staff engaged CP&Y to commence emergency design to replace the crossing on piers. Emergency quotes will be obtained from contractors as soon as possible to construct the replacement.

Water Projects:

Segment D Waterline, Phase 2: Crafton, Tull & Associates, Inc. has completed final design for the Phase 2 project and plans to utilize Highway 9 right-of-way has been delayed by ODOT. The permit to construct from ODOT has not been renewed. Alternative routes have been partially determined with one portion utilizing the waterline relocation along Lindsey Ave where the lines along this route were upgraded to 24 inch. The last phase connecting the 24 inch on Lindsey to the 24 inch along Hwy 9 at Jenkins is under consideration.

Waterline replacement: Bishop Creek (WA0199): Project will replace a failed 12" Ductile Iron water main under Bishop Creek near the west terminus of Cedar Lane Road. Staff issued a survey and design work order to Lemke under their On-call Professional Services Contract. Project advertised 11/26/2015; three (3) bids received 12/17/15, with McKee Utility Contractors of Prague low at \$207,500. NUA award and contract approved 1/12/16. Notice to Proceed issued effective 2/1/16; construction is on schedule and within budget; \$0 of \$207,500 paid to date.

Raw Waterline, Phase I (WA0051) – Design was prepared by Garver Engineers. Red Cliff, Inc. began September 27, 2010 and was scheduled to complete by June 24, 2011. They have installed all pipe and only lack connection vaults at both ends. Staff delayed the project due to high water demand during the summer and Change Order #1 was executed and signed by all parties. After excavating the WTP vault site, it was realized that the existing 1960's concrete pipe was a special fabricated curved pipe which was not anticipated by staff or the consultant in design. Therefore, our consultant has asked the contractor to reconsider utilizing ductile iron fittings as opposed to the original recommendation of fiber glass fittings. Increase pricing received was higher than original by \$86,575. Contractor and staff met and have not been able to resolve a resolution to move the project forward. Staff is consulting with legal department to aid in handling project talks. Staff was unable to get the contractor to complete vaults. NUA legal staff engaged talks with the contractor's attorney and were unsuccessful. Legal prepared a letter ending the contract and sent to contractor as well as bonding company. Staff rebid the project to complete the vaults and bids were opened 1/11/13. BRB was low bidder at \$788,505. Work began 2/27/13 and was substantially complete by July 2013. One major leak found due to a failed pipe was repaired. The line still has a small leak and in an attempt to save money, staff will order a repair once the leak surfaces. Project is complete and final payment has been made to contractor. Staff will closeout project once all accounts are reconciled.

Water Treatment Plant Expansion – Phase II is underway. This phase will include the installation of ozone treatment, UV treatment, an upgrade of the old high service pumps that supply pressure to the pressure plane, on-site chlorine generation, new ammonia feed system, and additional SCADA improvements. An ozone pilot study began October 2012 and was complete March 2013. The study was valuable and will be presented to Council January 2014. Total costs are estimated at \$33,540,000. The design contract is underway and was approved by NUA May 22, 2012. Council was update with engineering plans and pilot plant results on July 8, 2014. Council approved final engineering contract with Carollo on Feb. 10, 2015. Engineering plans are about 40% complete.

Waterline Relocation: I-35 Widening (WA0196): Unbudgeted project necessitated by ongoing widening of I-35. Total budget of about \$500,000 estimated for replacing three waterlines associated with the I-35 project (24-inch at Briggs Street, 12-inch at Brooks Street and 12-inch at 24th Avenue SW and

Highway 9). Team of SAIC/Poe and Associates will prepare design plans as an amendment to the Lindsey Street widening project. ODOT expected to reimburse waterline relocation costs at end of project. NUA approved design contract with SAIC and ODOT relocation agreements on 10/22/13. Design is underway. ODOT has required I-35 crossing at Briggs Street to be deepened to 28 feet below grade; construction costs will increase approximately \$450,000. Project advertised 04/29/14 and three bids were opened 05/22/14; Matthews Trenching was the low bidder at \$997,875. NUA approved contract on 06/10/14; work began 06/11/14 and must be complete by 09/01/14. Bore and encasement and waterline installation complete at 24th SW and at Brooks Street and at Briggs Street. NUA approved Final change order #1 and project acceptance on 12/23/14. NUA submitted 1st reimbursement request to ODOT and \$840,780 has been reimbursed by ODOT; staff will soon submit another request to ODOT.

Waterline Relocation: Robinson Under I-35 (WA0195): RFP 1314-28 distributed to consultants on 09/06/13; 14 proposals received 10/09/13; Alan Plummer and Associates (APAI) selected and NUA approved preliminary design contract on 01/28/14. Meetings held consultant, ODOT, NUA and Public Works staff. Draft Engineering Report (ER) received 04/18/14 and Final ER received 09/25/14. NUA approved APAI Amendment 1 for final design 10/14/14; 80% plans received 06/05/15 and were submitted to ODOT 06/12/15; ODOT has approved permit for proposed I-35 crossings. NUA approved Amendment No. 2 to APAI contract on 11/10/15 authorizing design of Phase 2 waterline between Crossroads Blvd. and Brookhaven Blvd. Final design plans and specifications submitted to DEQ 01/12/16 and were approved 01/29/16. APAI has submitted draft easement acquisition documents and staff is working to acquire easements/ROW. Smith Roberts Land Acquisition selected to help acquire 6 easements.

Berry Road Waterline Replacement: Poe and Associates are developing final design plans. The project will be split into two phases with Phase 1 being a half mile along Lindsey. Bids were opened January 22 for Phase 1 which runs along Lindsey from Chataqua to Berry and then north approximately 400 feet. The bid was awarded to Central Contracting and construction is complete. Phase 2 has been bid with McKee Utility Contractors, Inc. being the low bidder. Construction is underway. Phase 3 has been bid with Central Contracting Services, Inc. being the low bidder.

Gray Street Waterline Replacement: C. H. Guernsey and Company was selected for the design of the Gray Street Waterline Replacement. Design is underway with the project expected to bid this summer.

Water Storage Tank (WA0293): Staff submitted a memo to the NUA regarding the siting of the proposed water storage tank on 12/30/13. NUA approved engineering design contract with PEC on 01/14/14 for 1 MG elevated storage tank just northeast of the intersection of Robinson and 24th NE. OGE easement approved by NUA 01/13/15 and power installed by OGE Design drawings submitted to DEQ 08/22/14 and permit received 09/15/14. Bids opened 03/05/15 and NUA awarded the bids and approved contract with Landmark Structures for \$2,636,000 on 03/24/15. Preconstruction conference held 04/21/15 and contractor mobilized to site 08/10/15; concrete foundation pedestal construction complete in December 2015. Erection of steel tank began 01/11/16 and is ongoing. Base and vertical steel walls nearing completion; sandblasting/painting to begin soon. Construction payment #6 through 02/25/16 approved for total of \$1,293,392 or 49% of the total contract amount of \$2,636,000.

Lindsey Street 24-inch Water Line Improvements (WB0184): In order for the roadway and drainage improvements associated with the Lindsey Street Widening project to proceed, numerous public and privately owned utilities will need to be relocated. The Lindsey Street Waterline Improvements will install about 6,000 feet of 24-inch waterline along Lindsey between 24th Avenue SW and Berry Road. On 03/10/15, NUA approved Contract K-1415-103 for \$2,130,885 with McKee Utility Contractors, Inc. (McKee). The work began 04/06/15 at Briggs Street and 24th Avenue NW and proceeded in an easterly direction along Lindsey Drive to Lindsey Street, to McGee and finally to Berry Road. Phase 1 completion date of June 4, 2015 was established to complete all waterlines west of McGee Street; Phase 1 work in operation on 06/06/15. Waterline installation east of McGee to Berry completed, tested and connected to system on 08/28/15; cleanup work is complete. Staff processed construction estimate #2 on 10/07/15 in total amount of \$2,110,885 or 99% of contract amount. NUA approved final reconciliation change order increasing contract amount by \$146,015.90 to \$2,276,900.90 and accepted project on 02/09/16. Final payment from contractor processed 03/01/16. Staff working on as-built drawings.

FYE15 Water Wells and Supply Lines: Staff issued RFP 08/18/15 for water rights permitting, well field design, test and production well design, well house design and distribution system improvements. 14 proposals were received 09/14/15; staff has tentatively selected several consultants and has begun contract negotiations. On 02/09/16 the NUA approved APAI contract K-1516-85 to update of our city wide water model; NUA approved contract with Cowan to perform water right permitting through the OWRB on 02/26/16 and will soon consider contract with Carollo to perform well field design, and test/production well design.

Water Line Replacement: Crossroads Blvd Area (WA2013): Project will replace about 16,000 feet of ductile iron (DI) water lines in the Crossroads Blvd area north of Robinson between 36th Ave NW and I-35. Failing ductile iron lines are causing street failure and driveway damage, and will be replaced with C900 PVC pipe. Line Maintenance requested about 1,400 feet of supplemental DI waterline replacement with PVC along 24th Ave. NW. On 2/9/16, the NUA approved an On-call Professional Services expenditure with Cardinal Engineering for project design. Project kick-off meeting was held 2/16. Construction is budgeted in FY 2017.

RECOUPMENT PROJECTS:

WWTP Investment Fee/Wastewater Excise Tax: Staff calculated the Wastewater Excise Tax on 6 commercial entities this month. This resulted in assessments made upon all 6 entities whose project increased wastewater flows. A total of \$19,111.87 was assessed on the 6 entities.

NW Sewer Study: 36th Interceptor & Force Main Payback projects established in 1998/1999: Because of abandonment of Carrington LS, two resolutions reducing number of parcels requiring payback approved 01/10/12. Collected \$3,307.58 during FYE12 from new Wal-Mart Market. Annual payback to investors for collections through end of FYE12 approved by NUA on 08/14/12. Releases for many properties now served by North interceptor system projects were filed of record. Payback of \$2,645 received from 36th NW Business Park on 03/17/15.

Sewer Service Area 5 Payback: Payback project established by R-0304-13 for NUA share of sewer improvements along Highway 9 from the Summit Valley Lift Station to the USPS.

Sewer Service Area 5 Payback: Payback project established by R-0304-13 for NUA share of sewer improvements along Highway 9 from the Summit Valley Lift Station to the USPS. Staff is working with the developer to establish the city share of sewer improvements in Summit Valley Section 2 Addition. The NUA desires that 1,300 feet of sewer be enlarged from 8-inch to 15-inch to allow Eastridge and Siena Springs lift stations to be decommissioned in future.

North Porter Waterline Payback: Payback project established 04/12/05 for 12-inch waterline constructed by Calvary Free Will Baptist Church along Porter Avenue from Tecumseh Road north 1,530 feet. Total payback to date is \$0.00 of potential \$61,177.

36th Avenue NW Waterline Payback: Payback project established 08/24/99 for NUA construction of 24-inch waterline along 36th Avenue NW from Tecumseh Road to SE 34th in Moore. Awaiting payback from Harvest Church; total payback to date is \$64,739.

24th Avenue NW Waterline Payback: Payback project established 04/22/08 for NUA construction of 24-inch waterline along 24th Avenue NW from convention center to Tecumseh Road. NEDC and City of Norman have been advised of need to pay for connection of new roadways along 24th Avenue NW. NEDC made payment of \$5,885.46 on 06/30/14; total of \$60,398 collected to date.

Post Oak Lift Station Payback: Payback project approved 04/14/09 for sewer and lift station improvements to serve the Links development as well as other properties in SE Norman. Construction is complete and final payback costs approved 01/25/11.

Interstate Drive Waterline Payback: NUA approved new payback project on 04/22/14 for waterline improvements in University North Park in conjunction with the extension of Interstate Drive. Construction is complete and staff is working to finalize payback costs.

Water Line Replacement: Crossroads Blvd Area (WA2013): Project will replace about 16,000 feet of ductile iron water lines in the Crossroads Blvd area north of Robinson between I-35 and 36th Ave NW.

Failing ductile iron lines are causing damage to driveways, streets, and yards, and will be replaced with C900 PVC pipe. Engineering design is budgeted for FY 2016, while Construction is budgeted in FY 2017. Staff intends to negotiate a design contract shortly; no work to date.

DEVELOPMENT PLAN REVIEW:

As shown on the attached spreadsheet, staff reviewed 16 sets of water and sewer development plans this month. During this fiscal year, staff has reviewed a total of 82 sets of plans with an average review time of 10.9 days. Staff's goal is to review 90% of these plans in less than 10 days and, to date, staff has achieved this 62% of the time.

Required annual 40 CFR Part 122, Appendix D, Table III monitoring completed (%)	0%	50%
Household hazardous waste disposal calls	15	158

REVENUE

	February	Year to date
FOG Program	\$3,600.00	\$27,100.00
Surcharge	\$4,859.32	\$46,217.57
Lab Analysis Recovery	\$4,296.00	\$4,296.00
Industrial Discharge Permit	\$0.00	\$0.00
Total revenue	\$12,755.32	\$77,613.57

ENVIRONMENTAL CONTROL ADVISORY BOARD (ECAB)

1. Provided routine staff support including minutes, attending meetings, and researching information
2. Created street signs to promote protecting the Lake Thunderbird watershed pending approval by the Central Oklahoma Master Conservancy District
3. ECAB members developed water conservation tips and practices to be distributed to the media.
4. Members are working on public education for water issues and recycling
5. ECAB is planning a Water's Worth It Poster Contest for elementary-aged students
6. Planning Poster Contest Display at LoveWorks during the April Art Walk
7. ECAB is planning door hangar and recycling sticker distribution with the Big Event

LOCAL EMERGENCY PLANNING COMMITTEE (LEPC)

1. Provided routine staff support, minutes, attending meetings

MISCELLANEOUS ACTIVITIES

1. Purchased recycling containers for special events. Containers used by Memorial Marathon, Earth Day, Norman Music Festival, Summer Breeze, MidSummer Night Fair, Groovefest and 2nd Friday Artwalk
2. Worked Phase II of Fats, Oils and Grease Program (FOG) - to include University businesses, fraternities, sororities, nursing homes
3. As of February 2016, approx. 134,000 gallons of grease/solids did not enter the sanitary sewer in FYE 16 as a result of the FOG program.
4. Staff working with different departments to increase energy efficiency-i.e turning off computers, duplex printing, printing, anti-idling, methane recovery, replacing pumps with variable speed drives.
5. DEQ and staff are working on a statewide effort with the Product Stewardship Institute to initiate take-back programs similar to the recent paint take-back program in Oregon.
6. Created flyers for distribution to citizens regarding oil and grease in the sewer
7. Staff assisting the Water Reclamation Facility and the Water Treatment Facility with their Tier 2 reports
8. Represented the City of Norman at the Chamber of Commerce Greenovation Committee meeting
9. Started plans for Gray Water Workshop
10. Staff is assisting with the Backflow Prevention Program.
11. Staff assisting the Water Reclamation Facility with Biomonitoring/TIE RFPs.
12. Pretreatment Compliance Inspection performed by ODEQ.
13. Planning Earth Day Festival with Parks Department and Cleveland County Conservation District
14. Staff is assisting with the plans for the EPA Region VI Pretreatment Workshop.
15. Sent reminder to food establishments to submit Letter of Participation in Fats, Oils, and Grease Program
16. Attended the Potable Water Reuse Summit and OML's Water Summit
