Planning and Community Development,

In consideration of the strong opposition from four of the fourteen neighbors concerning the above mentioned Special Use application, we request to postpone indefinitely the pursuit of the permit. We are investigating different options that will integrate easily and give greater options for our endeavor.

Marty and I would like to thank you for all of your time and counsel as we continue to bring about our vision of enhancing the lives of individuals and families. We look forward to working with you in the future.

Sincerely,
