City Council, at its meeting of January 8, 2013, approved the preliminary plat for Trailwoods Addition, a Planned Unit Development. The City Development Committee, at its

meeting of October 9, 2015, reviewed and approved the program of public improvements and the final site development plan/final plat for Trailwoods Addition, Section 9, a Planned Unit Development and recommended that the final site development plan/final plat be submitted to City Council for consideration.

This property consists of 8.28 acres and forty-two (42) single family residential lots and one (1) large open space common area. With the previous platting of Sections 1 through 8, there are 316 single family residential lots filed of record. There are approximately 110 residential lots remaining to be final platted in Trailwoods Addition, a Planned Unit Development. There are 468 total lots in the subdivision.

DISCUSSION: Construction plans have been reviewed for the required public improvements for this property. These improvements consist of water mains with fire hydrants, sanitary sewer mains, paving, drainage, and sidewalks. A warranty deed for private park land will be required prior to filing the final plat.

RECOMMENDATION: The final plat is consistent with the approved preliminary plat.
