We operate two manufacturing facilities in North America, one in Grand Rapids, Michigan where our auditorium seating is manufactured and one in Altamont, Illinois where bleachers and telescopic platforms are made. We employ over 600 people. In addition we operate direct sales offices in Canada and the Middle East with additional field partners all over the World.

Seating is our only business, and public seating products are the only products we manufacture. In addition to auditorium and theatre seating, we manufacture stadium seating, lecture room furniture, bleachers, telescopic platforms and provide the industry's most comprehensive restoration services.

Success is synonymous with Irwin Seating Company. We strive to be the best in the world at what we do. Our strong financial position allows us to re-invest in the Company, securing the best equipment and resources available for manufacturing. We listen to understand what our customers need and we develop innovative products tailored to those needs. We are committed to quality products and exceptional customer service. At Irwin Seating Company, it is of paramount importance that every customer is completely satisfied with our products and services, from the prospect phase of the project to final installation and throughout the life of the chairs.
