RE: Proposed "Seven Oaks"
A "Norman Rural Certificate of Survey" Plat
Part of the SW1/4, Section 4, T 8 N, R 1 E I.M.
Norman, Cleveland County, Oklahoma

To all interested parties,

I hereby request that the City of Norman allow a variance to the width of the private road on the West side of the proposed tracks entering from 156 Ave SE. The standard width is 20 feet but because the road only serves three tracks, it is generally accepted that the width can be less. I request that the road be 12 feet wide because of this reason. This has been reviewed by the City staff.

If you have any questions concerning this "Norman Rural Certificate of Survey" application, please contact me at area code 405-627-7972 or by email: snyderchad@aol.com

Respectfully,

Chad Snyder
