Just a note in support of the live music at Hollywood corners.
It's a shame that just few people can ruin a good thing. That's what seems to be happening at Hollywood corners, it's a great venue for live music. It's something the Norman area has needed for a long long time. A place the whole family can enjoy. No age limit. They have open mic night for aspiring singer songwriters, live music almost every night. There is no doubt many more people support this venue than oppose it. Unfortunately the city leaders seem to always grease the squeaky wheel. This is tax generating business who is providing a much needed service for many Norman residents. Yet a few compulsive complainers are influencing some city leaders to make decision just to shut up the whiners. It's not right. Please support Hollywood corners and all their TAX PAYING citizen who enjoy what they offer.

Thank You

I could send a long rant on how great Hollywood Corners is, but I KNOW you've already received many. And they're true.

Get behind Hollywood Corners. The majority of the constituents are already there. And those constituents are from all walks of life. Why would anyone want to ruin a place that brings so many facets of the community together?

Protect the businesses you sell permits to! If you can't do that, I'd hope the city would offer to reimburse Toby for all the work put into that place!

Thank You,
Rhonda Mayberry

Just a note to let my support of live music be known. Hollywood Corners is a family friendly venue and one that supports local musicians. It would be a shame to lose this. Maybe someone should check this out before a few complainers cause this place to cease to exist or cause a major change that could affect this business.

As a small business owner I so appreciate the hard working individuals that run and manage Hollywood Corners. It is the best new live music venue in Norman providing fun and food for all ages. Not only do they cater to the experienced bands, many starving young artists spread their wings here and gain confidence to go on to more singing and song writing.

As a frequent patron, it troubles me to hear and see, first hand Norman's finest (Police) walking through the doors only to hand out a noise ordinance ticket, which happens more often than it should. I don't like loud music but have never found the music level to be too much. A

Grippy neighbors who once supported this venue now hamper everyone else's fun. Just not right. I want City officials to know that there are a lot more supporters than haters of the investment that has been made in this business and the family entertainment it provides.

All the employees are tax payers and the owners and managers abide by all city codes. Just a shame that a select few's voices are louder than the patrons (in Norman and OKC Metro). Please change your tone and support this place. Thank you, a voting and tax paying citizen and small business owner.

I am contacting you regarding Hollywood Corners. There are few venues that offer family fun and music. With so many venues closing there are even fewer places for musicians to display their talents and even fewer who offer new and young musicians to perform.

I know that Bike Night and Hot Rod night are a concern. But these people range from bankers, engineers, lawyers, plumbers, etc. These nights are opportunities for people to show their bikes or vehicles that they are proud of and an opportunity to share with others who appreciate the same. They too bring their wives, girlfriends and families.

We need to look at establishments like this that are bringing a fresh unique and eclectic approach to the community as forward thinkers. They are willing to try something new that will bring all people together in unity because of their joy for music.

Also, there are people coming from all over the Oklahoma City area. When they know they are coming out to Norman many have plans for dinner at other establishments and have made plans to shop prior and/or after these events.

Positive commerce is always good for the City of Norman.

I hope you continue to work with Hollywood Corners in a positive fashion to keep them a part of yours and our community.

Thank you for taking the time to read this and I hope that patrons like myself have the opportunity to see your city show positive growth for small business owners.

Regards,
Camille Mason

I support Hollywood Corners! It's a great little hangout where you can see all the local artists! I just love a few miles down the road and I'm able to ride my horses down there to listen to the music! I also do pony rides for them for their festivals and events! This is a great addition to our community!

It has come to my attention Hollywood Corners has come under fire due to a couple of squeaky wheels. Please note the good this establishment offers is impressive. Community gathering spot uniting all ages with an appreciation for good food and great music. Low key environment for a relaxing evening. The majority of people I know...as well as our family..truly appreciate the establishment.

I love Norman and all that it has to offer. That being said...there are apparently some bad rumors being spread about Hollywood Corners. Instead of the rumors how about an official go and check out the establishment themselves? This place is VERY family oriented, clean and has diverse music. They encourage all local artists to come put and express themselves on Mondays with open Mic night..karaoke..and local bands. This place is bring everyone together which is what Norman is all about..unity and diversity. Please give this amazing establishment a break. They are AMAZING!!!!

Please let Hollywood Corners stay open., it's a great place to take your family, enjoy the outdoors, listen to some great music and eat great food! Nice cheap getaway for the evening and their hours are good. They close at a decent hour during the week. We look forward to bringing/joining our friends there and especially Hot Rod night on Thursdays. There's not many places around that are family friendly these days. Good clean fun for the whole family! We need

more of these type places in Oklahoma. If you haven't been out there than just try it, it's a relaxing place. Let's keep the place open!!!!

Janet Fanning I like seeing the variety of daily food choices and the family oriented events including the pony rides. I live to the west on 12th NW and enjoy seeing the way the property has improved. The corner spot that someone else owns needs a little more upkeep though.

Denise Denis Yes please!!! Leave the establishment open!!!

I wanted to express my concern over the ongoing harassment directed at Hollywood corners. They have done nothing but try to create an environment for people to gather and listen to music and have a good time. They have done everything they can to comply with the ever changing demands that are being made of them. I know because I have been involved in some of them. We have walked the streets with decibel meters and have been well within range only to be called in and have a citizen citation be issued by normans finest. I thought norman encouraged growth and community.

Just want to give you some insight on the Hollywood Corners venue. I'm born & raised from Oklahoma & this is one of the best most pleasurable venues people can enjoy comfortably with no riff raff or unpleasant people. The venue is amazing to be able to sit outside enjoy great music & also the wonderful food. I've been going there frequently for the last year or so with my husband , family & many friends. You should visit this establishment to see for yourself. They accommodate the city ordinances so to be courteous to the neighboring folks. Get out & enjoy Hollywood Corners. I highly recommend it! I have heard that Hollywood Corners has come under fire due to a very small number of people in their locale.

This community gathering spot is family friendly, offers wonderful food and drink and features many of the fantastic musical talents Oklahoma has to offer.

For anyone with an appreciation for good food and great music, it's hard to find a venue better suited for being outside while enjoying all of the above.

Hollywood Corners is a great place to hang with friends....make new friends and listen to live music. If Hollywood is following all rules and city codes then there shouldn't be a problem with keeping them open. I have a friend who is a musician and it is a great music Venue outside...cozy inside for winter gigs....and the simple food menu is really good. Someone from the City of Norman needs to check this place out and see what its all about. Some people stretch the truth when filing complaints only to stir things up. I know each time I have gone and there was a band or live Music....it has always ended when the time is allowed.....Please consider visiting this awesome place before making any rash decisions... **..Thank you
