

PETITION to Support Outdoor Live Music at Hollywood Corners in Norman

Purpose:	In 2015, Hollywood Corners investors were cleared to do business as a restaurant, live music venue and bar. Today, we are being hassled daily about our outdoor music. A select few of the neighbors complain to the City of Norman. Hollywood Corners has addressed their concerns and have made changes to satisfy neighborhood concerns. However, the City of Norman still challenges us daily, primarily because current policy was not followed to allow us to operate on land that is currently zoned agricultural. Without clear policies on how to handle the situation, the City has no other direction to work with us on land use, noise ordinances etc.
Action Petition	By signing this Petition, you show support for us offering outdoor music within the city limits and support our push to be re-zoned for commercial use.

PETITION to Support Outdoor Live Music at Hollywood Corners in Norman

Purpose:	In 2015, Hollywood Corners investors were cleared to do business as a restaurant, live music venue and bar. Today, we are being hassled daily about our outdoor music. A select few of the neighbors complain to the City of Norman. Hollywood Corners has addressed their concerns and have made changes to satisfy neighborhood concerns. However, the City of Norman still challenges us daily, primarily because current policy was not followed to allow us to operate on land that is currently zoned agricultural. Without clear policies on how to handle the situation, the City has no other direction to work with us on land use, noise ordinances etc.
Action Petition	By signing this Petition, you show support for us offering outdoor music within the city limits and support our push to be re-zoned for commercial use.
