Item 28, being:

MISCELLANEOUS COMMENTS

Sooner Schooner. Mr. Bob Husky, 3615 Chatham Court, said it was possible the Sooner Schooner should be regulated.

*

University North Park (UNP). Mr. Evan Dunn, 1400 Garfield Lane, said he was glad the UNP issue is being reworked.

Councilmember Scott said she understood why some of the people wanted the UNP to be voted on, but she said she did not mind having it withdrawn.

Councilmember Clark said she had made it clear throughout the process that she supported the UNP Project because she was looking for a way to diversify the City's sales tax base with experiential sales tax dollars and an urban housing project that would provide that missing piece of housing. She said she wasn't thrilled about a giant arena and there were a lot of strong feelings about that on both sides of the issue. She really wanted that additional economic analysis and we didn't get it and she is very disappointed with that. She said because we didn't get it, if it had gone to a vote this evening, she would have voted against it. She said her job is to represent her ward. She said she appreciates the University of Oklahoma Foundation deciding that it was time to rework the proposal. She said this might not have been the best solution but Tax Increment Finance Districts (TIF) have been used to benefit our community. She said the state government has limited municipalities from keeping a healthy general fund. She said when pipes break in Ward Six, there are crews there immediately and they do not leave until the break is fixed and her residents have water pressure. She said she can report stormwater or traffic or whatever and there is a response. She said she is very proud of the services that City staff provides. She said there were 30 vacant positions at City Hall and someone needs to come up with a plan.

Councilmember Wilson said she appreciated the OU Foundation withdrawing this item and looking toward working with us.

Councilmember Castleberry said he wanted to go on record to say he would have voted no.

Mayor Miller said the Economic Analysis Study was very important.

*

Sara Kaplan. Mr. Evan Dunn, 1400 Garfield Lane, said there is a lot of talent around us that does not get recognized because some people are too humble. He said some people have all these gifts and skills but whether it is because they want to get along or they do not see their talents, they do not advertise or market those skills. He said Sara Kaplan is a person who personifies that. He thinks she could be doing a lot of other things.

*

Transfer Station. Mr. Evan Dunn, 1400 Garfield Avenue, said he went to the Transfer Station today because he was helping out a friend and he wanted people to appreciate the employees that work there as well as some of the other City facilities that so many people take for granted.

*

Alex Scott's Mom. Councilmember Scott said hi to her mom who is watching from Tulsa tonight.

*

Thanks to Constituents. Councilmember Scott thanked her constituents and neighbors who were in the audience tonight. She said she hopes they know they can reach out to her any time.

*

Miscellaneous Discussion, continued:

Ward 8 Meeting. Councilmember Scott said there would be a Ward 8 Meeting on Sunday, July 29th at Roosevelt School from 1:00-4:00 p.m.

*

Eastside Library Grand Opening. Councilmember Holman said Friday, July 20th was the Grand Opening of the Eastside Library which is located in Ward Six. He said he grew up in East Norman and a lot of children on the eastside would benefit with the new library branch. He said one of the reasons he is on City Council is to be a part of projects from beginning to end. He said there are many more projects to be completed and he is excited about it.

Councilmember Clark thanked everyone that came to the Grand Opening. She thanked City Staff for providing the opportunity for her son to be the first one to check out a book from the new library. She said this is a special memory for her and her entire family. She said the Stormwater Open House will be there on Wednesday, which will provide an opportunity for others to see the facility.

*

12th Avenue Widening Project. Councilmember Holman said the 12th Avenue Widening Project is getting close to completion. He said he knew it had been frustrating for residents in the area of Cedar Lane and 12th Avenue S.E. because of the traffic congestion. He said this is the last major road construction project in the area. He said this project should be complete by the end of August or early September.

*

Economic Development Strategic Plan. Councilmember Clark said in the City Council Conference before the City Council meeting tonight, Council previewed an Economic Development Strategic Plan that she and the Mayor had the opportunity to work on for the past 18 months. She said she hoped everyone was as impressed with Mr. Tarleton, Market Street, as she has been. She said Market Street has a vision that will get the City through the next few years; we need to come up with something to get us through the next few decades. She is asking citizens to stay engaged and help find solutions for an economic development long-term plan that will benefit our community and residents. She firmly believes that Norman is the best city in Oklahoma.

Councilmember Wilson said she was very excited about this study because it said to invest in our people. She said she loves the idea of internships, incubators, and small business grants. She said it was a good idea to get people while they are here studying and capitalize on their talents. She said the weather industry is a good industry that employs people at a nice livable existence and we should capitalize on it.

Councilmember Hickman said he was also happy to hear that work is in progress. He said this issue needs to be discussed as a community. He said more revenue can be generated from existing business and clients than new ones. He said getting new businesses to move here is harder than encouraging existing businesses to grow. He said talent retention is important. He said his daughter is part of a 350 member group called Greater Grads in Oklahoma City. He said there are programs out there to help people retain talented students whether they go to college out of state or the University of Oklahoma. He said communications partnerships with OU are one of the first things he spoke with the City Manager about after he was sworn in. He said there is still a lot of work to do to build that connection. He said we can build an area where the millennial young professionals will want to work, live, and play which will attract quality jobs. He said high-paying quality jobs with benefits are what the City is seeking.

Councilmember Castleberry said he appreciated all of the comments about economic development. He said he has had internships in his firm for almost 10 years and they are great. He said college students have great work ethic and better than some full time employees. He said it is a win-win situation because they are dedicated employees while they are there and if they leave, they eventually come back to Norman.

Mayor Miller said she had appreciated the Economic Development Strategic Plan and she had learned a lot. She said every time she hears a presentation, she understands it in a totally different way.

CITY MANAGER'S REPORT

Norman Forward Project Update

Norman Public Library East. Special Thanks to CART for providing shuttle service which allowed staff to deal with the overwhelming number of people who came to the Grand Opening of the Norman Public Library East. CART set up their operations at the Norman Public School Athletic Complex and their contributions were appreciated to help staff deal with logistic issues.

Northeast Lions Park. Old restroom buildings that were built in 1980 were removed last week and construction of new facilities began this week. The new restroom building will include a covered picnic area and announcement board similar to the structure at Lion's Park. The project is expected to last approximately 90 days. During construction, portable toilet facilities for the public have been provided. Future improvements also planned are additional walking trails, a playground parking lot, and disc golf course amenities

#

July is "Water's Worth It™" Month. Water Usage can peak on very hot days, putting a strain on pumps, piping, and treatment equipment. Reducing the peak water demands can insure adequate pressures for emergency purposes, fighting fires and basic health safety. Norman practices an odd/even water rotation program: Those with odd street addresses water only on odd numbered calendar days and even street addresses water only on even numbered calendar days. Water in early morning or late evening to minimize evaporation. Make sure your sprinklers are working properly and watering the landscape not the driveway or street. Cover your landscaping and garden area with at least two inches of mulch, compost or wood chips to retain moisture.

#

Main Street Streetscape Enhancement. Pavement mill and overlay will begin July 30. Park Drive to James Garner Avenue first, then Jones Street to Porter Avenue. At least one lane of traffic will remain open and one side of street parking will be available at all times. Colored, stamped asphalt at intersections. Colored, stamped asphalt at intersections. Estimated that these seven blocks will be completed in about 4 weeks, with all phases completed by the end of August, 2018.
