

**Amendment No. 1 to Contract for Laboratory Services**

This Amendment No. 1 to Contract No. K-1617-14 is made and entered into this 19 day of September, 2018, by and between Accurate Environmental Laboratories, as Party of the First Part, hereinafter designated as the CONTRACTOR, and the Norman Utility Authority, a public trust having the City of Norman, Oklahoma as its sole beneficiary, as Party of the Second Part, hereinafter designated as the NUA.

WITNESSETH:

WHEREAS, the NUA approved Contract No. K-1617-14 on August 23, 2016 with CONTRACTOR for the purpose of providing professional analytical services for the industrial and municipal wastewater, sludge, and soil monitoring programs for the Norman Water Reclamation Facility; and

WHEREAS, Contract No. K-1617-14 was renewed for successive twelve-month periods on August 23, 2017 and August 23, 2018; and

WHEREAS, every five years, all Public Water Systems ("PWS") are required by the Environmental Protection Agency to participate in Unregulated Contaminants Monitoring Rule testing, whereby the NUA is required to sample Points of Entry into the distribution system for a series of contaminants that currently are not regulated; and

WHEREAS, NUA sought quotes for the testing of water samples for unregulated contaminants required by the Environmental Protection Agency, and CONTRACTOR submitted the lowest quote for such services.

NOW, THEREFORE, for and in consideration of the mutual agreements and covenants herein contained, the parties to this Contract have agreed, and hereby agree, as follows:

- (1) That the services contemplated in Contract No. K-1617-14 are hereby expanded to include analysis of samples collected from Points of Entry into the NUA distribution system, all in strict accordance with applicable federal and state regulations, for the contaminants listed on Exhibit A for a maximum price of \$31,030.
- (2) All other terms of Contract No. K-1617-14 shall remain in full force and effect.
