Application Summary

The Kappa Kappa Gamma Sorority house is proposing an addition to the existing house for common living space. The sorority has been zoned R-2, Two-Family Dwelling District since 1954; a sorority house was allowed by right in R-2, Two-Family Dwelling District at that time.

Currently, the sorority is a legal non-conforming use; because they are requesting to expand they are required to bring the zoning designation in conformance with the current zoning regulations.
