

I am requesting a variance in the minimum acreage requirement for Lot 1 because

The Northeast Quarter of Section Twenty-Nine (29), Township Nine (9) North, Range One (1) West of the Indian Meridian, Cleveland County, Oklahoma, is a short section. The distance measured between the North Quarter Corner and the Northeast Section Corner is 2630.70 feet.

I, Troy Dee, state the above Survey to be a true and correct representation of said Survey to the best of my knowledge

Witness my hand and Land Surveyors seal this 31st day of October 2018.

  
Troy Dee P.L.S. #1745
