Additionally, provide a detailed justification for the expenditure of the limited CLGF grant assistance for the publication(s), clearly explaining how the publication supports the local historic preservation program (and not mainly for the use of the chamber of commerce, local historical society, etc.) and why a printed brochure is necessary given the expanding use of online access to historic preservation information. 4. Who will conduct the project work? Consultant _____ In-house Staff _____

NOTE: The SHPO must be consulted to determine the appropriate professional qualifications that may be required for preservation planning activities.

F. Other Activities

For projects or activities which do not fit within any of the previous categories, list the specific product to result and describe its purpose and provide any other information that may be necessary to justify the expenditure from the CLGF. For example, if the CLG proposes to develop and maintain a website for its local preservation program, it should be discussed in this section. Also, identify conferences, workshops, or other training programs for city preservation staff and/or local historic preservation commission member development, and include the name of the event, location, and estimated cost to be charges to the CLGF project (including a justification of how participation in the event supports the local historic preservation program). Please include SHPO-sponsored conferences, workshops and training in this list, if applicable. Use continuation sheet, if necessary.

SECTION II – PROJECT SCHEDULE

Provide a detailed project schedule. List each month in the project period and the activities to be accomplished during the month. Remember to include review time for both the SHPO as well as your office on all products. Include at least thirty (30) days for the SHPO review of the first draft and at least ten (10) days for the SHPO review of the final draft. Your review time is at your discretion. The maximum length of time for completion of the project is twelve (12) months from the beginning date of the project, and the project schedule may not detail a longer project period. If the use of the CLGF is for an activity of a very short duration, such as only for attendance at a specific conference, then the project schedule may be for a period of time much shorter than twelve months. The progress reports due to the SHPO on the tenth of each month should correspond to this schedule, so be as realistic as possible. (Note: Each CLG must carefully monitor its progress in accordance with the project schedule and consult the SHPO immediately about problems that will cause delays in product completion. It may be possible for the SHPO to approve a revised schedule and/or an extension of the ending date. However, the SHPO cannot extend any project ending date beyond the expiration date for the federal funds (e.g., If a project agreement begins on July 1, and ends on June 30 of the following year, the maximum extension of time would be to the following September 30 [an extension of 90 days].)

Example

Reporting Period *October 1-31, 2017*
Report Due: *November 10, 2017*

Activities: *Prepare RFP for solicitation of consultant services; provide SHPO with RFP for ten (10) day review; Publish RFP; Submit progress report.*

SECTION IV – PROJECT BUDGET AND NONFEDERAL MATCH

Total CLG Funds Requested	\$ _____	60%
Total Nonfederal Match	\$ _____	40%
Total Project Cost	\$ _____	100%

REMINDER: A 60/40 match is required. This means the federal share will be 60% of the total and the local match will be 40% of the total project costs. An easy way to calculate the required 40% is to take the allocated amount, multiply by 40 and divide by 60 (Example: \$4,500 x 40 / 60 = \$3,000; Total Project Cost is \$7,500).

Three budget forms must be completed: A budget summary, an itemized budget, and a matching share disclosure form. All three forms must be submitted with this application.

Budget Summary:

BUDGET FORM			
CATEGORY	FEDERAL CLG FUNDING	NONFEDERAL MATCH	TOTAL
Personnel	\$ _____	\$ _____	\$ _____
Fringe	\$ _____	\$ _____	\$ _____
Supplies	\$ _____	\$ _____	\$ _____
Equipment	\$ _____	\$ _____	\$ _____
Travel	\$ _____	\$ _____	\$ _____
Contractual	\$ _____	\$ _____	\$ _____
Printing	\$ _____	\$ _____	\$ _____
Postage	\$ _____	\$ _____	\$ _____
Other*	\$ _____	\$ _____	\$ _____
Total Direct	\$ _____	\$ _____	\$ _____
Indirect**	\$ _____	\$ _____	\$ _____
Total	\$ _____	\$ _____	\$ _____

* Please specify what is included in the “Other” category below.

**Indirect costs may be claimed only if the CLG has an approved indirect cost rate established by its cognizant federal agency, and a copy of the document approving that rate must be attached to this application.

ITEMIZED BUDGET

Provide a detailed cost breakdown for each category in the budget summary. All personnel involved must be listed with hours and hourly rate of pay. This is a federal requirement and must be reported to the National Park Service. For consultant costs that will be determined after a bid process, the hours and hourly rate may be submitted later.

MATCHING SHARE DISCLOSURE FORM

The CLG matching share must be at least 40% of the total project costs. Provide a complete disclosure of the local matching share on the form provided below. Only one section may need to be completed, or if there are multiple donors or sources, complete a section for each agency, organization, or individual providing the match. “Donor” means the agency, organization, or individual providing the matching share. “Source” means where the match was obtained: for example, “Subgrantee General Fund”, or if an individual is donating services (identified as the Donor), “Source” is simply listed as “Same as Donor”.

“Kind” means is the matching share cash, donated services, eligible indirect costs, etc.

“Amount” means the dollar value of the contribution. If donated services or materials are contributed, provide the basis for the valuation of the contribution. *Guidelines for Subgrantees* provides assistance in determining the value of donated goods and services. Indirect costs may be claimed only if the CLG has an approved indirect cost rate established by its cognizant federal agency, and a copy of the document approving that rate must be attached to this application. Funds or other contributions claimed as matching share for this project may not be claimed as matching share for any other federal grant programs.

If personnel costs are included as inkind matching share, include hours and hourly rate of pay for each person.

Use additional pages, if necessary.

SECTION V – PUBLIC PARTICIPATION

Each Certified Local Government's Certification Agreement includes a provision that the local government will "ensure, to the maximum extent possible, public participation in the local historic preservation program." Explain how the CLG involved the public in the development of this application.
