RE: Variance Request / Turkey Valley Estates  
Norman Rural Certificate of Survey | COS-1819-8\_ | Private Drive Turkey  
Trail

Dear Planning Commissioners,

The property owners of the above referenced Rural Certificate of Survey are requesting a variance for private gravel drive (purposed name Turkey Trail) from the required 20' to 12'. The Rural Certificate of Survey is separating the property into four lots. The drive will only service three properties. Please accept this formal request for variance to reduce the width of drive from 20' to 12'.

Thank you for you consideration.

Best regards,

Monte and Jeannie Bills
